Abstract (Times New Roman 11, bold)

An abstract is a research summary that is limited to a single, 250-word paragraph. An overview of the context, objectives, methods findings, and conclusions is given in the abstract, which is written in both Indonesian and English. Researchers should include important terms related to the study at the conclusion of the abstract. Three to five lowercase keywords are included in the list, which is arranged alphabetically (A-Z).

Keywords: genta, journal, template

Abstrak (Times New Roman 11, bold)

Abstrak adalah ringkasan penelitian yang dibatasi dalam satu paragraf sepanjang 250 kata. Gambaran umum mengenai konteks, tujuan, metode, temuan, dan kesimpulan diberikan dalam abstrak, yang ditulis dalam bahasa Indonesia dan bahasa Inggris. Peneliti harus menyertakan istilah-istilah penting yang terkait dengan penelitian di akhir abstrak. Tiga sampai lima kata kunci dengan huruf kecil disertakan dalam daftar, yang disusun berdasarkan abjad (A-Z).

Kata kunci: genta, jurnal, template

INTRODUCTION/ PENDAHULUAN (Times New Roman 12, uppercase, bold)

(This section should be written in Times New Roman 12 format, space 1) This section is a very important part of the research article. It should contain information about: background of the problem, problem statement, research objectives, gap analysis, novelty, significance, and literature review. This section should be clear, logical, concise and relevant. Strengthen the research arguments by using references from reputable journals.

METHOD/ METODE (Times New Roman 12, uppercase, bold)

(This section should be written in Times New Roman 12 format, space 1). This section describes the research methodology adopted by the researcher. Researchers can describe the research design, research subject or object, research setting, data collection techniques, data analysis techniques, and so forth.

FINDINGS AND DISCUSSIONS/ HASIL DAN PEMBAHASAN

(This section should be written in Times New Roman 12 format, space 1). The finding section presents research findings that are relevant to the research objectives.

Researchers can present research results using tables or graphs. The research discussion section discusses the interpretation of the research, the implications of the findings, the relationship between the findings and theory, the strengths and weaknesses of the research, and new theories.

CONCLUSION/ SIMPULAN

(This section should be written in Times New Roman 12 format, space 1). This section contains research conclusions and suggestions.

REFERENCE/ DAFTAR PUSTAKA

In this section, researchers must use Mendeley as their primary reference tool. The writer should include at least 20 articles from reputable journals. Only the text that has been written in a text document and has been published or accepted for publication can be found in the references table. It is required that references be written using the APA style guide.
