Health Webpage

Trouble finding the health webpage

-finding how to schedule appointments

-appointment scheduling very small on the side

-button at the top of homepage?

Make a prominent statement that services are available for all enrolled students, not just for those with the Student Health Insurance plan

Scheduling appointments:

Physical walk-ins are not optimal - always desirable to call first

Web portal saves appointments for same-day availability

Resize headers/create headers:

Scheduling an Appointment

Services for students only, etc. If you have an emergency, ….

For Life Threatening Emergencies:

Call 911

For Urgent Needs:

Please call _____.

For Non-urgent Appointments :

- Portal
- Call

Appointment Adjustments:

Move all info to the email the student gets after the appointment is scheduled? (In otherwords take this detail out of the webpage)

Please arrive on time. Please call if you need to cancel or reschedule.

Services description:

Our services are available to everyone (see above)
