Congrats to Ryšard Zablocki in NHB+/FF on showing up, learning, growing, and implementing to reach a \$76,000 day yesterday!

If you read the post I made a week ago here on "[high ticket lead testing](#)".

We used this concept in his offer, and it's absolutely crushing it as you can tell here:

Alen

p.s. I haven't been sharing our wins lately here due to being busy on the NHB platform and the help market, but will be posting them on a regular to infuse optimism into the game.

Ryšard Zablocki Yesterday at 6:25 PM

launch update: few hours into the launch, we did \$76k so far. Excited to get it going into the cold to really explode it. With features from Drake, 2 Chainz, Lil Yachty and Desiigner should be very good. Oh and thanks for that "first in line" ticket idea, 16% of those \$10 sales convert into full pack purchase so might need to change the entire strategy to revolve around this lol

Big congrats to [Ryšard Zablocki](#) in NHB+ for pulling in \$77,000 in 2 hours in the music niche

Ryšard Zablocki · Today at 4:09 PM

yooo so I've built this funnel / ran ads for the client's launch today and we did 77k in 2 hours so far lol

...and this is in the niche of music a.k.a "broke artists" lmao

literally the more I learn from the NHB the more money I and my clients make

Tired of letting anxiety control you

Worrying thoughts, fear, restlessness, nausea, shallow breathing, tightness in the chest, the painful "golf ball" like feeling in your throat... 😞

...those are all of the symptoms of anxiety many high performers have...

...and unfortunately, this is also what stops many from reaching their full potential and living their best life... 🚫🏆

Usually, high-performers rely on traditional methods of dealing with anxiety...

...therapy sessions, endless motivational videos, expensive pills, breathing techniques, meditation, positive affirmations, or any other long-winded treatment plans... 😞

...but the problem with those is that they either...

...require a long time to see change... ⌚

...cost a lot of money... 💰

...simply don't really work... ❌

...or all of the above...

But there is another way... 💡

...a new way that is fast, effective, and free once you learn how to do it... 🚀

...this is the hypnotic protocol I've developed over the last 5 years which already helped thousands of high performers get rid of anxiety and allow them to live their best life... 💪

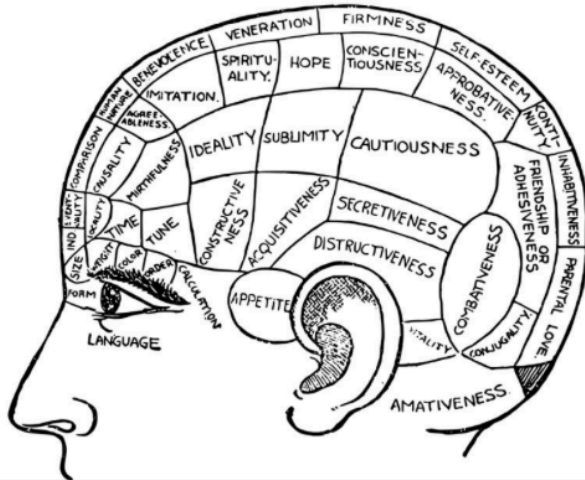

...and I reveal this exact method in my new book called "7-Minute Anxiety Code" which shows you how you can get rid of worrying thoughts, restlessness, and any symptoms of anxiety in just 7 minutes, anywhere and anytime...

If you're a high performer and anxiety is holding you back from reaching your full potential...

...then click on the button below this video to grab your own copy of my book and finally start living your life to the fullest! 🔥
