

## NEW REQUIREMENTS FOR DATA SECURITY AND PRIVACY

On January 13, 2020, the NYS Board of Regents adopted regulations to implement Education Law Section 2-d. Education Law 2-d and Part 121 of the Commissioner's Regulations outline requirements for school districts and BOCES related to the protection of the personally identifiable information of students, as well as some teacher and principal information. The law and the regulations require schools to undertake a multi-pronged approach to information governance.

One requirement that Canastota CSD must complete involves adopting and posting our [Parents Bill of Rights](#) with **supplemental information** about each written agreement with a third-party contractor that involves disclosure of PII on our District website.

- Please see the list of third-party contractors below for **supplemental information** about each written data protection agreement that the Canastota School District holds.

Supplemental Information Related to Third-Party Contracts	
Third Party Contractor	Purpose/Instructional Use
Google for Education Fundamentals <a href="#">Supplemental Information</a>	Google classroom, Google Meets, Gmail, Google forms, Google sheets, etc.
Schooltool <a href="#">Supplemental Information</a>	Student management system
