WHAT IS SCHOOL CLIMATE?

SCHOOL CLIMATE OVERVIEW

School Climate encompasses culturally relevant Positive Behavioral Interventions and Supports (PBIS), restorative practices and schoolwide social-emotional learning opportunities for all students in their classrooms. Racial equity and social justice is woven into all aspects of school climate to ensure that all students feel a sense of belonging and have a positive school experience.

MULTI-TIERED SYSTEM OF SUPPORT

School climate is an essential component of the Multi-Tiered System of Support (MTSS) framework. MTSS is a proactive, data-driven practice used at Portland Public Schools to support all students. It uses evidence-based instruction, intervention and assessment practices to ensure that every student receives the appropriate level of support based on their level of need. Within an MTSS structure, all students receive sustaining **universal supports (Tier I)**. Additional support is provided for students that need it through **targeted interventions (Tier II)**, and **individualized interventions (Tier III)**. These tiered academic and behavioral interventions help eliminate barriers to learning and enable every student to successfully reach their full potential.

SCHOOLWIDE VALUES AND COMMON AREA EXPECTATIONS

Our School's Core Values are

1. **Inclusive:** We are welcoming
2. **Caring:** We are kind and respectful
3. **Collaborative:** We help and encourage others
4. **Persevere:** We keep working even when it's hard

Our Core Values were created with student, staff, family & community input. Posters are distributed throughout the building in order to make them visible to all. The intention is to send a consistent message about what our school community values and how it looks different in various common areas. This will help Glencoe ensure that our core values are inclusive and affirming.

Students need to understand and exercise our core values on a regular basis to master the skills to be successful and prepared to be college and career ready. All adults acknowledge and reinforce these core values when interacting with students.

Our core values are woven into our regular teaching practices in every lesson and in every class period throughout the grade levels. Staff name them consistently and strategically teach and review our core values throughout the school year.

TEACHING COMMON AREA EXPECTATIONS

All students are taught the common area expectations at least three times a year after long breaks.

SCHOOLWIDE (TIER 1) CLIMATE PRACTICES

Each Glencoe student deserves to come to school and feel seen, safe and valued. In order to make this happen, adults across the school intentionally support all students by implementing the following:

- A warm greeting by name each morning
- Classroom Community Agreements
- Community Circles
- Gull tickets to acknowledge expected behavior
- School counselor classroom lessons
- Social Emotional Learning classroom lessons
- Common Area Expectation lessons three times per year
- Calming spaces in each classroom
- Flexible seating
- Think Sheets to help reflect on behavior

STUDENT INTERVENTION TEAM: ADDITIONAL BEHAVIOR & ACADEMIC SUPPORTS (TIER II AND TIER III)

When Tier 1 classroom and schoolwide supports are not enough to ensure student success, students may be brought to the school Student Intervention Team (SIT) to develop and implement Tier II and III interventions.

The Student Intervention Team (SIT) is a collaborative, general education solution-generating team made up of a variety of school perspectives. The purpose of the SIT is to

- support teachers in reflecting on and enhancing their Tier I practices and
- Implement targeted Tier II and III behavior and Tier III academic interventions when needed.

Utilizing an equity lens, the team considers the whole student when making decisions that affect their

long-term educational experience and sense of belonging in PPS. SIT works to provide every student and adult what they need to thrive in the general education setting. **Families are notified about student strengths and challenges, as well as planned interventions, at all points in the process.**

Administrator reviews possible student support through RTI Continuum 6. Administrator contacts the Parent/Guardian

DISCIPLINE POLICIES

Glencoe has created and calibrated around a flowchart to describe how staff respond to unexpected behaviors. If a student is escalated such that the flowchart below does not meet their needs, they may utilize the school's deescalation space. De-escalation spaces are a predesignated space in the school, not the classroom, for students to de-escalate with adult support.

The Glencoe school discipline flowchart (also referred to as Glencoe's Behavior Level Flowchart) can be found [here](#).

Purpose of All Student Behavior Responses:
De-escalate, Resolve, Restore, Re-teach, Return to Learning

EFFECTIVE CLASSROOM PRACTICES PLAN

Every teacher will have an Effective Classroom Practices Plan (ECP Plan). ECP Plans will be shared with administration no later than the day before back to school night. Co-creating classroom practices reduces variability between classrooms and makes it more consistent for students. Some sample plans

are provided below and professional development time will be provided in the first two weeks of school to complete these documents.

The [Effective Classroom Practices Plan](#) template covers the essential features of effective classroom practices: Structure, teaching expectations, acknowledging positive behaviors, and supporting regulation & restorative practices.

[Glencoe's Guest Teacher Support System](#):

Guest teachers play a vital role in maintaining a positive school climate in our school community. Their dedication along with our support as a school community enables guest teachers to provide safe and engaging classrooms where students continue to learn and grow in the absence of their permanent teacher. The following documents are part of our Guest Teacher Support System:

- [Guest Teacher Welcome Letter](#)
- [Guest Teacher Handy Reference Guide](#) (to be completed by each Glencoe teacher)
- Student Expectations for hosting a Guest Teacher

Staff can access the district templates/resources of the Effective Classroom Practices Plan & Guest Teacher Support System Resources [here](#).

FEEDBACK AND ACKNOWLEDGEMENT SYSTEMS

Research shows that when staff observe and acknowledge students exhibiting appropriate behaviors, those behaviors will increase and misbehaviors will decrease. Specific praise is extremely important in increasing the recurrence of appropriate behaviors. When observing appropriate behaviors in the common areas/ classrooms/ buses, all staff acknowledge students exhibiting our core values verbally and by giving out Super Gull Tickets.

SUPER GULL TICKETS

To encourage a positive school climate and recognize students for their efforts, staff will monitor and reward students acting in a manner that aligns with our value statement. Staff can give students or each other a SUPER GULL TICKET to be deposited into Glencoe's Super Gull Gallery. The gallery is a Plexiglass box labeled with benchmarks that indicate school-wide rewards earned for each level achieved.

Staff members are strongly encouraged to award students tickets for inclusive, caring, collaborative and persevering acts. The Super Gull Gallery will be kept in the main hallway to hold the tickets. Growth toward our goals will be announced and encouraged at our Wednesday Morning Meetings. Meeting of a school wide Super Gull benchmark will be announced over the VOIP system.

Glencoe Super Gull Awards

To encourage a positive school climate and recognize students for their efforts, staff will monitor and reward students consistently demonstrating the word of the month (the words are in our value statement). Students are nominated twice a month. The students' names are read over the school intercom system and called to the office to receive a certificate and Glencoe Gull Bracelet. Available staff greet them in the office as they enter.

FIDELITY DATA

Culturally Responsive Tiered Fidelity Inventory (CR-TFI) & Fidelity Implementation Tool (FIT)

This School Climate Plan is under continuous review using both the CR-TFI and domains in the FIT Assessment that pertain to strong and positive school culture and inclusive behavior/social emotional instruction.

These tools guide the action planning for the implementation of a positive school climate and connect directly with this School Climate Plan and the School Continuous Improvement Plan.
