

Peer Publicon Consultancy Services

Price List And Salient Features

Salient features of our consultancy :

1. We help process genuine medical and medically related papers for publication.
2. We carefully avoid fake and cloned journals.
3. Only trusted journals indexed in SCOPUS, Web of Science (WOS), or PubMed are considered.
4. You pay us **only after** we show you proof of acceptance, indexing credentials, journal links, and screenshots — so you can be confident you're safe.
5. If we fail to deliver what we promise, we will refund your payment*
6. You can view our previously published papers, their indexing details, and the acceptance emails from recognized journals ([link provided below](#)).
7. We prepare research papers and case studies based on the data you provide and help publish them in indexed journals (please contact our office for more information).
8. If you simply share the title with us, we can draft narrative reviews, scoping reviews, and systematic reviews. After you collaborate and approve the drafts, we will submit them to indexed journals for publication and get published.
9. We ensure that the plagiarism level is brought down to below 10%.
10. We also take care of English language editing to maintain high-quality writing.
11. We take care of peer review comments received from the journal. Our experienced consultants handle all peer review comments, so you don't have to worry about the process. You can simply sit back and relax — we manage everything on your behalf.
12. You can join as a co-author for the review articles we prepare for publication in indexed journals. You are welcome to suggest improvements and contribute to the writing. (Please contact our office for more details.)
13. If you have received peer review comments from a journal where you submitted your paper, you can share them with us. Our consultants can help you address and

correct the comments at an affordable cost.

14. We can help you reduce the plagiarism level of your manuscript to meet journal requirements. (Please contact our office for more details.)
15. When your paper is accepted, we ensure that the journal is indexed in SCOPUS or Web of Science (WOS). We will send all proofs of indexing and then only you can pay the requested payment. (So you are safe from financial loss)
16. If the journal loses its indexing within three months of your paper's acceptance, we will refund your service fee. (Please note that no journal has permanent indexing in SCOPUS/WOS/PubMed, but we take great care in choosing reliable journals.)
17. Our consultants handle all peer review comments, so you don't have to worry. You can sit back and relax while we manage all the hard work for you.
