Special Bonus For Viddx

by Abhi Dwivedi

How to legally steal videos of others and use them to get paid…(proven system)

Affiliate commissions are sweet…but you need to work hard to make them.
Promote a product…create videos…rank them…what not!

Now imagine if you could take 4-5 top ranking videos on YouTube for ANY product you want to promote…videos created and ranked by others…

…and stitch them together, add your own buy-button or call-to-action and legally start diverting their traffic to your affiliate links.

That's what Viddx lets you do.

Use TOP Ranking Videos & Create Combo-Videos With Your Own Button, Call-To-Action & Legally Steal Their Traffic.

All you have to do is..

Step 1 – Create a New Campaign
Step 2 – Add Multiple Videos from Youtube and Your Affiliate Links
Step 3 – Hit Publish and Your Campaign is not Live to generate your commissions from Free Youtube Videos.

>> See Viddx in Action & Start Creating "Combo-Videos"
(proven and not many people doing this)

All you need is ViddX for these kind of videos and you can create amazing Combo-Videos promoting various offers all at the same time, leveraging others ranking and traffic, paying you commissions over and over again.

[-] You don't need a domain name
[-] You don't need hosting
[-] You don't need expensive video software
[-] You don't need to create videos from scratch.

>> Pick Up Viddx with early discount (first 50 get AffiliateM Suite bonus)

PLUS, I'm going to give you access to a set of curated apps called AffiliateM Suite as a bonus that only YOU get today. These apps are exactly what I give to my students to help them make more from their affiliate marketing campaigns and today you get this suite as a bonus. ***Check out details about the bonus apps below (first 50 only).***

If you've got any questions, email me back and I'll help you out.

Bonus #1
Auto Social Traffic (Client Usage Access)
This plugin automatically publishes posts from your blog to your social network accounts. The whole process is completely automated. Just write a new post and either entire post or it's nicely formatted announcement with backlink will be published to all your configured social networks. You can reach the most audience and tell all your friends, readers and followers about your new post.

Bonus #2
AutoTube Channel (Client Usage Access)
Easy visual builder with live preview which generates shortcode that looks like [yourchannel user="user"]. Play video in Lightbox or Inline. It includes 7 video thumb styles.

Bonus #3
Drag and Drop Page Builder (Client Usage access)
Build stunning and professional pages in seconds with this plugin. This is 100% newbie friendly. It works with any theme without conflicts with any plugin.

Bonus #4
AutoBlogger (Client Usage Access)

Build Google friendly blogs in just clicks. You never have to create your content again. A simple tool that anyone can use to build stunning blog posts in seconds.

Bonus #5
WP Media To S3 Plugin (Client Usage Access)
This plugin automatically copies images, videos, documents, and any other media added through WordPress' media uploader to Amazon S3 and automatically replaces the URL to each media file with their respective Amazon S3 URL or, if you have configured Amazon CloudFront, the respective CloudFront URL.

Bonus #6
VidNeos (Reseller License)
VidNeos is a software that can research, analyze, track rank and even create videos. This is the first software program to do video niche analysis and tell you specifically how good your keyword/ niche is for Google and YouTube both.

Bonus #7
Simple Social Expandable (Reseller License)
This Wordpress plugin adds social network buttons and five social sharing buttons such Facebook, Google Plus, Twitter, and Pinterest to your WP blogs.

Bonus #8
WP Launch Theme (Whitelabel License)
Create buzz, generate interested and collect a database of customers before even selling a single thing. This sounds too simple, but it's the best way to sell anything. If you are not following this method you are leaving 90% of the real profit on the table. Use this theme to setup the entire product launch process with easy admin panel.

Bonus #9
Auburn (Client Usage Access)
A powerful tool which allows viewing your current AdSense earnings, and notifies you when new money arrives.

OTO Only Bonuses:

Bonus #10
WebSiteSniffer (Client Usage Access)
If you need to know what a web page is putting onto your system this is the tool for you. It is easy to use and purposeful for what the application is designed to display. It's a small packet sniffer app that automatically captures all website files that are downloaded by your browser and saves them to a folder of your choice.

Bonus #11

Niche Site Maker (Reseller License)
A one of a kind software that gives marketers an easy way to build niche affiliate websites in a flash.

Bonus #12
Ultimate Keyword Scraper (Client Usage Access)
Discover the fastest and easiest way to uncover tens of thousands of profitable keywords that have super low competition.
