[VOICE MEMO #421 - AGENT DEA-707]

Today, I'm standing in the Archives looking for an old report that was lost fifteen years ago. Or it was eaten by something. Doesn't really matter, eh.

I wouldn't be here doing my job as an Archivist if it wasn't for my dear instructor G who made me run so many laps that I started looking on how to curse him. Nothing bad nor permanent but I hated those days. And then, one day, I had to save myself by running away, waiting for an agent who could help me. That's when I understood why G made us run, it was obvious from the beginning.

I'm an Archivist. I can barely shoot a gun, sometimes I trip on nothing but my own feet but... I know how to run and get safe. Because I was taught how to survive. I started making laps in the Archives, please don't tell anyone. Thank you for keeping me alive, sir !

[VOICE MEMO #457 - AGENT DEA-707]

I'm glad no one has found where the pictures and trinkets are hidden. Sometimes I come here just to talk, it feels... lonely in the Archives. I wish we had more time to talk, it was always fascinating to read or learn about your latest projects... I'm sure you are aware that I was the one stealing the rapports from time to time. I know this is not a superhero story but... it always felt like it when I was reading them. I kept a couple of them stashed here.

Oh ! I found a couple of weird teeth last week, they were stuck in an old book that tried to eat my hand but I never forgot lesson number one : carry a knife everywhere !

...

I don't really know why I'm talking to you, V. I still miss you, I guess ? We weren't even that close but--- you were, no, are my idol... I guess ?? Is it corny to say I want to be like you when I get older ? I always liked mad scientists...

...

What was I talking about ? Oh yeah-- !

[VOICE MEMO #822 - AGENT DEA-707]

I called mom today, told her I'm going by Miss July now, eheh ! She said she was proud and that I should visit next week. I can't, too much work… I really want to see my mom… should I ask Holt for a doctor's note for next friday… ? Nah, I can't do that to him, HR would kill us– ehm, me for that.

They asked me to send a more recent picture to put on the wall. I don't want to, I don't like pictures and they know it !

…

Oh, I have an amazing idea. I might get in trouble but… Mister 27 Streak is going back on that wall one way or another ! I need a ladder, some nails aaaand—

[VOICE MEMO #758 - AGENT DEA-707]

Soooo, I might have a problem. Why are there ducks in the bathroom ? I'm calling the Archives, I'm sure they know that anomaly and how to get rid of them ! They are cute but… I'm just trying to take a bath, I finally have the time to test the new products I bought—
Hey, so, can you stop appearing ? Nuh, huh, don't look at me like that ! I fought Tiamat, Vecna, Orcus and even Myrkul, you don't scare me !
…
…
Cute ! Wait, do you guys come in multiple shapes and forms ?
…
Oh myyyy, I'm never telling PILT about you, duckies. Hey so, I was planning to buy minis for my next campaign, do you guys want to play with us… ?
