Uniform Ordering Process

Players will pick a uniform number and confirm it with their coach and / or Team manager (Rush teams are even numbers, Nero teams are odd numbers. If two teams are close age, the older team will get even number and younger team odd number to avoid number conflict when guest playing in another team.) Then, families will recieve an email from Capelli Sport with a link to purchase your childs uniform. You will purchase the required uniform pieces and the uniform will be shipped directly to your house! Uniforms are good for 2 years if you bought them in the beginning of the 2 years cycle, and 1 year only if you bought in the middle of the cycle.
