Show Down	1/6/21	66	$20	It's a version of the classic 'hypnotic duel' for control. However, that classic narrative is much kinkier and more intense than the other "duel" narratives I've seen and heard. There are at least two ways to do this. I've chosen the version that I think is the "best" for the "average" fan of this genre. It's a narrative. It frequently breaks the fourth wall to include the listener in the hypnotic experience as well, though. It's lesbian. There's maybe one reference to an unnamed "he," but the reference itself isn't even sexual. I do think, though, that if you are a fan of mind control and brainwashing erotica, you'll enjoy this regardless of your personal orientation or gender preference.	https://www.patreon.com/posts/show-down-45079384		X		X		X		X		X

Sorry	5/9/24	18.5	$5	THIS FILE IS MESSED UP. I set out with a simple mission. I wanted to eroticize overapologizing in a gaslighty way. I think I succeeded; please be careful! I played this for a friend and they immediately said "I'm sorry I'm sorry I'm sorry" overapologizing is often a submissive act, in ways. It has also achieved some cultural currency recently. This script is set in an observation booth. The subject will entertain, instruct, and maybe mindfuck the audience, at the behest of an invisible Dominant. CW: gaslighting, humiliation, dumbification, exhibition, fourth wall breaking, orgasm, implied physical sadism, electric chocks, serial recruitment, mindscaping, exploitation of overapologizing, manipulative sex work, implied sex work, sex work, sex work, sex work, sex work, sex work	https://www.patreon.com/posts/sorry-audio-cawd-100951295		X						X							
Sorry - Sorry I'm Sorry	6/6/24	25		This is the sequel to Sorry, a file that eroticized overapologizing. This track is arguably more messed up that the first one. The VA is apologizing for her first performance, and promising to do better. It becomes clear that making the first track made her more submissive, and more of a performing slut.	https://www.patreon.com/posts/sorry-im-sorry-105739641		X						X
