

**Dr. Sathish Kumaran**

MDS – Oral & Maxillofacial Surgery, Membership of the Faculty of Dental Surgeons (MFDS), BDS, Oral and Maxillofacial Surgeon, Dentist

**Experience :** More than 15 years

**Gender :** Male

**Speciality :** Dental

**Hospital Name :** Koshys Multispecialty Hospital

**Language Spoken :** Kannada, English, Hindi

**Area of Expertise :** Orthognathic surgeries are performed to correct dentofacial irregularities that cause bad bite (malocclusion), temporomandibular joint (TMJ) dysfunctions and airway problems causing difficulties in chewing, swallowing, speaking and breathing. As a result of correcting functional problems, the patient's appearance may be dramatically improved, thus impacting the patient's sense of self and well-being. Dr. Satish Kumaran P., a highly skilled Oral and Maxillofacial Surgeon, is renowned nationally as an expert in performing Orthognathic Surgeries which involves Jaw Corrections and surgeries to relieve Temporomandibular Joint dysfunctions. He commonly treats very difficult and

complex cases and many patients referred to him for treatment have had previous unsuccessful surgery elsewhere. Dr. Satish is also actively involved in research with more than 20 international and national publications. He is also an International Speaker and recently was invited by the Government of Myanmar to deliver a lecture on Facio-maxillary surgery. He also regularly lectures all over India as an invited speaker.

**Qualifications :** He acquired his BDS in 2000 with a Award for the best student in General Surgery and MDS in 2005. The exam in which he stood first in his college and was second overall for all streams of MDS in the Tamil Nadu, Dr. M.G.R. Medical University (with the distinction of having scored the highest marks in the theory exam and being the only student in his year to have got more than 200 marks in the theory examination). He has also acquired his MFDSRCPS and MOMSRCPS membership from the Royal College of Physicians and Surgeons of Glasgow. He has also obtained a Fellowship in Dental Implantology from Nobel Biocare, Sweden. He has trained extensively in Head and Neck Surgery both in India and in Europe.
