

Column	Field	Data Type	Required	Notes	Import Support?
1	User ID	Text	Y	User to whom the role is being assigned, must match User ID from users.txt	Y
2	Site ID	Integer	Y	Site ID to which the user will gain access, much match Site ID from sites.txt	Y
3	Role Name	Text	Y	Should identify the user role within the system. Role names must be consistent throughout the file and must match an existing role name in Illuminate (Admin Gear -> Role Management) * Teacher roles should not be included in the roles.txt import file	Y
4	Academic Year	Academic Year	Y		Y
5	Session Type	Integer	N	1 = Normal, 2 = Summer, Defaults to 1	Y

Column	Field	Data Type	Required	Notes	Import Support?
1	Import Student ID	Text	Y	A unique student identifier assigned by the SIS	Y
2	State Student ID	Text	N	State assigned student identifier.	Y
3	Student Last Name	Text	Y		Y
4	Student First Name	Text	Y		Y
5	Student Middle Name	Text	N		Y
6	Birth Date	Date	Y		Y
7	Program ID	Text	Y	Must match Student Program ID from Student Programs code table	Y
8	Eligibility Start Date	Date	Y*		Y
9	Eligibility End Date	Date	N		Y
10	Program Start Date	Date	Y*		Y
11	Program End Date	Date	N		Y
12	Academic Year	Academic Year	Y		Y
13	Program Eligibility Code	Integer	N	Must match Eligibility Codes from Code Management	Y
14	Program Exit Code	Integer	N		Y
15	Site ID	Integer	N	Identifies the site at which this student is participating in this program.	Y
* Either Eligibility Start Date or Program Start Date must be provided. The student must have a start date in the program. * If importing multiple records for the same student/program/site start date must be populated for matching purposes.					
* Please note that this import should only be used for Instructional or Lunch program types					

Column	Field	Data Type	Required	Notes	Import Support?
1	Import Student ID	Text	Y	A unique student identifier assigned by the SIS	Y
2	State Student ID	Text	Y	State assigned student identifier.	Y
3	Student Last Name	Text	Y		Y
4	Student First Name	Text	Y		Y
5	Student Middle Name	Text	Y		Y
6	Birth Date	Date	Y		Y
7	Contact Last Name	Text	Y		Y
8	Contact First Name	Text	Y		Y
9	Address	Text	N		Y
10	Address 2	Text	N		Y
11	City	Text	N		Y
12	State	Text	N	All caps, 2 character state code	Y
13	Zip	Text	N		Y
14	Phone 1	Text	N	All numeric, any punctuation will be stripped	Y
15	Phone Type 1	Text	N	Home, Work, Mobile, etc. References the Phone Type code table (Code Translation)	Y
16	Phone 2	Text	N	All numeric, any punctuation will be stripped	Y
17	Phone 2 Type	Text	N	Home, Work, Mobile, etc. References the Phone Type code table (Code Translation)	Y
18	Legal Guardian	Integer	N	0=No, 1=Yes. If blank, then N is assumed	Y
19	Primary Contact	Integer	N	0=No, 1=Yes. If blank, then N is assumed.	Y
20	Contact Type	Text	N	Mother, Father, etc. References the Student Contact Type code table (Code Translation)	Y
21	Contact ID	Integer	N	Optional, if each contact has a unique contact ID, please include it.	Y
22	Email Address	Text	N	Email address of contact	Y
23	Correspondence Language	Integer	N	Code value of contact correspondence language from the Language code table	Y
24	Restraining Order	Integer	N	0 = No Restraining Order, 1 = Restraining order in place, Defaults to 0	Y
25	Family/Household ID	Integer	N	Depracated (was optional to accommodate a family or household structure)	N
26	Emergency Contact	Integer	N	0=No, 1=Yes. If blank, then N is assumed	Y
27	Receives Mail	Integer	N	0=No, 1=Yes. If blank, then if legal guardian = 1 and emergency contact = 1 receives mailing is set to 1. Else, receives mailing is set to 0.	Y

Column	Field	Data Type	Required	Notes	Import Support?
28	Mailing Address 1	Text	N		Y
29	Mailing Address 2	Text	N		Y
30	Mailing Address City	Text	N		Y
31	Mailing Address State	Text	N	All caps, 2 character state code	Y
32	Mailing Address Zip Code	Text	N		Y
33	Phone 1 Unlisted	Integer	N	0=No, 1=Yes, Defaults to 0	Y
34	Phone 2 Unlisted	Integer	N	0=No, 1=Yes, Defaults to 0	Y
35	Comments	Text	N	Free form text field for contact comments.	Y
36	Employer/Occupation (free text)	Text	N	Free form text field for contact's employer	N
37	Job Title (free text)	Text	N	Free form text field for contact's job title	N
38	Address (free text)	Text	N	Free form text field for contacts employer address	N
39	Military (y/n)	Integer	N	0 = No, 1 = Yes. Defaults to 0	N
40	Civilian (y/n)	Integer	N	0 = No, 1 = Yes. Defaults to 0	N
41	Active Duty (y/n)	Integer	N	0 = No, 1 = Yes. Defaults to 0	N
42	Branch of service (free text)	Text	N	Free form text field for contacts Branch of service	N

Column	Field	Data Type	Required	Notes	Import Support?
1	Import Student ID	Text	Y	A unique student identifier assigned by the SIS	Y
2	State Student ID	Text	Y	State assigned student identifier.	Y
3	Student Last Name	Text	Y		Y
4	Student First Name	Text	Y		Y
5	Student Middle Name	Text	Y		Y
6	Birth Date	Date	Y		Y
7	Course ID	Text	Y	Should match Course ID from courses.txt	Y
8	Course Short Name	Text	N	Name of the district course	Y
9	Academic Year	Academic Year	Y	The academic year during which the student received the mark	Y
10	Site ID	Integer	Y	Should match Site ID from sites.txt	Y
11	Site Name	Text	N		Y
12	Term Name	Text	Y	The term during which the student received the mark. Should match Term Name from terms.txt	Y
13	Student Grade Level	Text	Y	Should match Grade Level ID from Grade Level Lookups	Y
14	Final Mark	Text	Y	The mark that the student received (A+, A, A-, etc.)	Y
15	Units Attempted	Decimal	Y		Y
16	Units Earned	Decimal	Y		Y
17	Work Habits	Text	N	Work Habits or Effort mark that the student received	Y
18	Citizenship	Text	N	Citizenship or Cooperation mark that the student received	Y
19	Unique Term ID	Integer	N	Should map to unique term ID from terms.txt	Y
20	Quarter Number	Integer	N	Required for quarter courses.	Y
21	Repeat Grade	Integer	N	This is a boolean field. 0 = No, 1 = Yes, grade is a repeat, default: 0	Y
22	Transfer District Name	Text	N	Name of district where marks were received from the outside district.	Y
23	Transfer Site Name	Text	N	Name of site where marks were received from the outside school. This field is required for transfer grades.	Y
24	Transfer Course ID	Text	N	Course ID of the course where marks were received from the outside school. This ID will display along side the local course ID on transcripts.	Y
25	Transfer Course Name	Text	N	Name of course where marks were given from the outside school. This field is required for transfer grades.	Y
26	Credit Hours	Decimal	N	Primarily used in LA state reporting	N
27	Dual Enrollment Post-Secondary S	Integer	N	Primarily used in LA state reporting. Must match a site ID from the sites data	N
28	Course Part Number	Integer	N	Primarily used in LA state reporting	N

Column	Field	Data Type	Required	Notes	Import Support?
	Note: Transcript import requires ALL transcript records for currently active students.				

Column	Field	Data Type	Required	Notes	Import Support?
1	Import Student ID	Text	Y	A unique student identifier assigned by the SIS – one per student, must be unique	Y
2	State Student ID	Text	N	State assigned student identifier.(CA – SSID, MI - UIC, OH - SID)	Y
3	Student Last Name	Text	Y		Y
4	Student First Name	Text	Y		Y
5	Student Middle Name	Text	Y		Y
6	Birth Date	Date	Y		Y
7	LEP Date	Date	N		Y
8	Redesignation Date	Date	N	Date an English Learner was Re-designated to Fluent English Proficient	Y
9	First language	Integer	N	must match language_id from Language Lookups	Y
10	Home language	Integer	N		Y
11	Adult Language	Integer	N		Y
12	Home Language Survey Date	Date	N		Y
13	US School Entry Date	Date	N		Y
14	CA School Entry Date	Date	N		Y
15	EL program	Text	N	e.g. EL only, EL in ELD and SDAIE, etc., must match el_program_id from EL Program Lookups	Y
16	EL setting	Integer	N	e.g. Alternative English Immersion, English Immersion, etc., must match el_setting_id from EL Setting Lookups	Y
17	EL setting waiver date	Date	N	Required if EL setting waiver status is not blank	Y
18	EL setting waiver status	Text	N	e.g. Granted, Denied, etc.	Y
19	FEP Date	Date	N	Date that a student was determined to be initially fluent	Y
20	FEP redesignation denied?	Integer	N	0 = No, 1 = Yes, Defaults to 0	Y
21	FEP redesignation denied by	Integer	N	should match a User ID from the Users file	Y
22	FEP redesignation one-year follow-up date	Date	N		Y
23	FEP redesignation two-year follow-up date	Date	N		Y
24	Redesignated FEP outside of district?	Integer	N	0 = No, 1 = Yes, Defaults to 0	Y
25	Redesignated FEP outside of district - Notes	Text	N		Y
26	Transition date	Date	N		Y
27	Incomplete assessment?	Integer	N	0 = No, 1 = Yes, Defaults to 0	Y
28	Alternative assessment	Text	N		Y
29	Alternative assessment date	Date	N		Y
30	Assessed with STS?	Integer	N	0 = No, 1 = Yes, Defaults to 0	Y
31	EL Exit Reason				N

Column	Field	Data Type	Required	Notes	Import Support?
1	Import Student ID	Text	Y	A unique student identifier	Y
2	State Student ID	Text	N	State assigned student identifier.*	Y
3	Student Last Name	Text	Y		Y
4	Student First Name	Text	Y		Y
5	Student Middle Name	Text	N		Y
6	Birth Date	Date	Y		Y
7	Initial assessment date	Date			Y
8	Entry date	Date			Y
9	Plan type	Text		Code value of Plan Type from the Special Ed Plan Type code table	Y
10	Original IEP date	Date			Y
11	Last IEP date	Date			Y
12	Next IEP date	Date			Y
13	Initial evaluation date	Date			N
14	Last evaluation date	Date			Y
15	Next evaluation date	Date			Y
16	Last behavior modification plan date	Date			Y
17	Next behavior modification plan date	Date			Y
18	Parent consent date	Date			Y
19	Exit date	Date			Y
20	Exit reason	Text		Code value of Exit Reason from the Special Ed Exit Reason code table	Y
21	Ambulatory?				Y
22	Receiving mental health services?				Y
23	Mental health services in IEP?				Y
24	State testing accommodation status				Y
25	Percent time spent outside General Education				Y
26	Student has transition plan?				Y
27	Transition service				Y
28	Case manager name				Y
29	School type				Y
30	Low incidence disability? (Y/N)				Y
31	Special Ed Placement (RSP, SDC Severely Handicapped, etc)				Y

Column	Field	Data Type	Required	Notes	Import Support?
32	Secondary Disability				Y
33	Referral Date	Date			Y
34	Referred by			Needs to be the Local User ID or must match Local User ID from users. txt	Y
35	Transition Goal 1				Y
36	Transition Goal 2				Y
37	Transition Goal 3				Y
38	Transition Goal 4				Y
39	Post-Secondary program type				Y
40	Post-Secondary employment (Y/N)				Y
41	Graduation plan	Text		Code value of Graduation Plan from the Special Ed Graduation Plan code table	Y
42	SELPA ID	Text			Y
43	SELPA Transfer ID	Text			Y
44	District of service ID	Text		Code value of the District of Service ID from the Special Ed District of Service code table.	Y
45	District of residence ID	Text			Y
46	School of residence ID	Text			Y
47	School of attendance ID	Text			Y
48	Private school ID	Text			Y
49	County school ID	Text			Y
50	Student is severely handicapped?				Y
51	Assessed with SMA ELA?				Y
52	Assessed with SMA Math?				Y
53	Assessed with SMA Science?				Y
54	Service provided				Y
55	Length of service				Y
56	Mode of transportation				Y
57	Harness required?				Y
58	Vendor				Y
59	Service location				Y
60	Service frequency				Y

<b>Column</b>	<b>Field</b>	<b>Data Type</b>	<b>Required</b>	<b>Notes</b>	<b>Import Support?</b>
61	Service duration				Y
62	Primary Disability				Y

Column	Field	Data Type	Required	Notes	Import Support?
1	Import Student ID	Text	Y	A unique student identifier	Y
2	State Student ID	Text	N	State assigned student identifier.*	Y
3	Student Last Name	Text	Y		Y
4	Student First Name	Text	Y		Y
5	Student Middle Name	Text	N		Y
6	Birth Date	Date	Y		Y
7	Section ID	Text	Y	Section ID in which this student is registered. Must match Section ID from roster.txt. May be blank for students at sites where a master schedule is not used (elementary schools)	Y
8	Course ID	Text	N	Course ID in which this student is registered. Must match Course ID from courses.txt. May be blank for students at sites where a master schedule is not used (elementary schools)	Y
9	Final Attendance Flag Code	Char(1)	Y	This is the mark the admin gives	Y
10	Created By	Text	N		Y
11	Approved By	Text	N		Y
12	Creation Date/Time	Date/Time	N		Y
13	Reconciled Date/Time	Date/Time	N		Y
14	Last Modified By	Text	N		N
15	Last Modified Date/Time	Date/Time	N		N
16	Original Teacher Attendance Code	Char(1)	Y	This is the "original" mark provided by the teacher	Y
17	Attendance Date	Date	Y		Y
18	Positive Attendance Minutes 1	Integer	N		Y
19	Positive Attendance Minutes 2	Integer	N		Y
20	Positive Attendance Minutes 3	Integer	N		Y
21	Positive Attendance Minutes 4	Integer	N		Y
22	Positive Attendance Minutes Possible	Integer	N		Y
23	Site ID	Integer	Y	A unique identifier of school. Refers to site_id field in sites table.	Y
24	Student Grade Level ID	Integer	N		Y
25	Academic Year	Academic Year	N		Y
26	Session Type	Integer	N	1 = Normal, 2 = Summer, Defaults to 1	Y
27	Positive Attendance Minutes 5	Integer	N		N

<b>Column</b>	<b>Field</b>	<b>Data Type</b>	<b>Required</b>	<b>Notes</b>	<b>Import Support?</b>
1	Incident ID	Integer	Y	The unique identifier for the incident. This ID may be repeated over multiple rows of data as different participants are linked to this singular incident	Y
2	Incident Date	Timestamp	Y	The date of the incident	Y
3	Incident Status	Text	Y	Status of the incident: incident.status.draft (Draft), incident.status.pending_review (Pending Administrator Review), incident.status.complete (Complete), incident.status.archived (Archived), incident.status.deleted (Deleted). Must match data from the Behavior Incident Report Status Code Table.	Y
4	Incident Description	Text	Y	Description of the incident. Must match data from the Behavior Incident Descriptions Code Table	Y
5	Incident Description Details	Text	N	Detailed description of the incident. This is public facing record of the incident	Y
6	Major Incident	Integer	N	Is the event considered a major incident? Definition varies by district. This is a boolean field. 0 = No, 1 = Yes, Defaults to 0	Y
7	Incident start time	Timestamp	N	The time the incident started	Y
8	Incident end time	Timestamp	N	The time the incident ended	Y
9	Site ID	Integer	Y	Site where this incident occurred. Must match district Site IDs	Y
10	Location	Text	N	Location where this incident occurred. Must match Behavior Locations Code Table	Y
11	Location Notes	Text	N		Y
12	Related to gang activity	Integer	N	Is this incident related to gang activity? This is a boolean field. 0 = No, 1 = Yes, Defaults to 0	Y
13	Related to hate-crime	Integer	N	Is this incident related to a hate-crime behavior or action? This is a boolean field. 0 = No, 1 = Yes, Defaults to 0	Y
14	Related to drug activity	Integer	N	Is this incident related to drug activity? This is a boolean field. 0 = No, 1 = Yes, Defaults to 0	Y
15	Related to alcohol activity	Integer	N	Is this incident related to alcohol activity? This is a boolean field. 0 = No, 1 = Yes, Defaults to 0	Y
16	Aggression - Electronic	Integer	N	Does the incident contain events of electronic aggression, such as 'cyber-bullying' or 'cyber-stalking'? This is a boolean field. 0 = No, 1 = Yes, Defaults to 0	Y
17	Aggression - Emotional	Integer	N	Does the incident contain events of emotion aggression or abuse? This is a boolean field. 0 = No, 1 = Yes, Defaults to 0	Y
18	Aggression - Sexual	Integer	N	Does the incident contain events of sexual aggression, such as 'sexual harrassment' or 'sexting'? This is a boolean field. 0 = No, 1 = Yes, Defaults to 0	Y

19	Aggression - Verbal	Integer	N	Does the incident contain events of verbal aggression? This is a boolean field. 0 = No, 1 = Yes, Defaults to 0	Y
20	Aggression - Physical	Integer	N	Does the incident contain events of physical aggression? This is a boolean field. 0 = No, 1 = Yes, Defaults to 0	Y
21	Reported to Law Enforcement	Integer	N	Is the incident reported to law enforcement? This is a boolean field. 0 = No, 1 = Yes, Defaults to 0	Y
22	Arrest made	Integer	N	Did the incident result in an arrest by a policing agency? This is a boolean field. 0 = No, 1 = Yes, Defaults to 0	Y
23	Monetary Cost	Decimal	N	Estimated monetary cost associated with the event, such as cost of damages resulting from theft or vandalism	Y
24	Supervisor ID	Text	N	A reference to the user ID of the supervisor of the incident. Must match an ID from users.txt or an ID already in Illuminate. Additional supervisors can be added at the end of the file	Y
25	Supervisor Full name	Text	N	Full name of the supervisor of the incident	Y
26	Incident Notes	Text	N	Internal notes to be added to the incident - intended for internal personnel only, not public facing.	Y
27	Incident created by	Text	Y	A reference to the user ID of the user who created the record of the incident. Must match an ID from users.txt or an ID already in Illuminate	Y
28	Incident creation time	Timestamp	Y		Y
29	Primary Violation Code	Integer	N	A reference to the violation identified as the primary violation for the entire incident. Must match codes.behavior_violations.	Y
30	Incident referred by	Text	N	A reference to the user ID of the referrer of the incident. Must match an ID from users.txt or an ID already in Illuminate	Y
31	Incident referred by notes	Text	N		Y
32	Participant Import Student ID	Text	Y*	The Import Student ID of this student participant	Y
33	Participant Student Role in Incident	Text	Y*	The code for the role of the student participant: victim, perpetrator, witness, etc. Must match the Code from the Behavior Participant Roles Code Table	Y
34	Participant Employee ID	Text	Y*	The user ID of the employee participant	Y
35	Participant Employee Role in Incident	Text	Y*	The code for the role of the employee participant: victim, perpetrator, witness, etc. Must match the Code from the Behavior Participant Roles Code Table	Y
36	Other Participant Full Name	Text	Y*	The full name of a non-student/employee participant	Y
37	Other Participant Role in Incident	Text	Y*	The code for the role of the "other" participant: victim, perpetrator, witness, etc. Must match the Code from the Behavior Participant Roles Code Table	Y
38	Other Participant Birth Date	Date	N	Birth Date of the non-student/employee other participant	Y

39	Other Participant Gender	Text	N	Gender of the non-student/employee other participant	Y
40	Other Participant Identification	Text	N	Identification of the non-student/employee other participant, such as a non-district Student ID or Driver's License	Y
41	Other Participant Relationship	Text	N	The relationship of the "other" participant: parent/guardian, school employee, other, etc. Must match the Code Translation from the Behavior Participant Relationship Types Code Table	Y
42	Other Participant Relationship Notes	Text	N	Additional information regarding the non-student/employee participant relationship to the school	Y
43	Consequence Action	Text	N	Type of consequence. Must match codes.behavior_consequences	Y
44	Consequence Notes	Text	N		Y
45	Consequence Assigned From Date	Timestamp	N		Y
46	Consequence Assigned To Date	Timestamp	N		Y
47	Consequence Assigned Duration Hours	Decimal	N		Y
48	Consequence Assigned Duration Days	Integer	N		Y
49	Consequence Served From Date	Timestamp	N	If null, will match Assigned From Date	Y
50	Consequence Served To Date	Timestamp	N	If null, will match Assigned To Date	Y
51	Consequence Served Duration Hours	Decimal	N	If null, will match Assigned Duration Hours	Y
52	Consequence Served Duration Days	Integer	N	If null, will match Assigned Duration Days	Y
53	Consequence Authority Code	Integer	N	Consequence authority. Must match codes.behavior_authorities	Y
54	Consequence Status	Text	N	Consequence status. Must match codes.behavior_consequences_status	Y
55	Consequence Action 2	Integer	N	Type of consequence. Must match codes.behavior_consequences	Y
56	Consequence Notes 2	Text	N		Y
57	Consequence Assigned From Date 2	Timestamp	N		Y
58	Consequence Assigned To Date 2	Timestamp	N		Y
59	Consequence Assigned Duration Hours	Decimal	N		Y
60	Consequence Assigned Duration Days	Integer	N		Y
61	Consequence Served From Date 2	Timestamp	N	If null, will match Assigned From Date	Y
62	Consequence Served To Date 2	Timestamp	N	If null, will match Assigned To Date	Y
63	Consequence Served Duration Hours	Decimal	N	If null, will match Assigned Duration Hours	Y
64	Consequence Served Duration Days	Integer	N	If null, will match Assigned Duration Days	Y
65	Consequence Authority Code 2	Integer	N	Consequence authority. Must match codes.behavior_authorities	Y
66	Consequence Status 2	Text	N	Consequence status. Must match codes.behavior_consequences_status	Y
67	Consequence Action 3	Integer	N	Type of consequence. Must match codes.behavior_consequences	Y

68	Consequence Notes 3	Text	N		Y
69	Consequence Assigned From Date 3	Timestamp	N		Y
70	Consequence Assigned To Date 3	Timestamp	N		Y
71	Consequence Assigned Duration Hours	Decimal	N		Y
72	Consequence Assigned Duration Days	Integer	N		Y
73	Consequence Served From Date 3	Timestamp	N	If null, will match Assigned From Date	Y
74	Consequence Served To Date 3	Timestamp	N	If null, will match Assigned To Date	Y
75	Consequence Served Duration Hours	Decimal	N	If null, will match Assigned Duration Hours	Y
76	Consequence Served Duration Days	Integer	N	If null, will match Assigned Duration Days	Y
77	Consequence Authority Code 3	Integer	N	Consequence authority. Must match codes.behavior_authorities	Y
78	Consequence Status 3	Text	N	Consequence status. Must match codes.behavior_consequences_status	Y
79	Consequence Action 4	Integer	N	Type of consequence. Must match codes.behavior_consequences	Y
80	Consequence Notes 4	Text	N		Y
81	Consequence Assigned From Date 4	Timestamp	N		Y
82	Consequence Assigned To Date 4	Timestamp	N		Y
83	Consequence Assigned Duration Hours	Decimal	N		Y
84	Consequence Assigned Duration Days	Integer	N		Y
85	Consequence Served From Date 4	Timestamp	N	If null, will match Assigned From Date	Y
86	Consequence Served To Date 4	Timestamp	N	If null, will match Assigned To Date	Y
87	Consequence Served Duration Hours	Decimal	N	If null, will match Assigned Duration Hours	Y
88	Consequence Served Duration Days	Integer	N	If null, will match Assigned Duration Days	Y
89	Consequence Authority Code 4	Integer	N	Consequence authority. Must match codes.behavior_authorities	Y
90	Consequence Status 4	Text	N	Consequence status. Must match codes.behavior_consequences_status	Y
91	Violation Code	Integer	N	Type of violation. Must match codes.behavior_violations.	Y
92	Violation Codes Notes	Text	N		Y
93	Violation Notes	Text	N		Y
94	Violation Weapon Code	Integer	N	Type of weapon. Must match codes.behavior_weapons.	Y
95	Violation Weapon Notes	Text	N		Y
96	Violation Code 2	Integer	N	Type of violation. Must match codes.behavior_violations.	Y
97	Violation Codes Notes 2	Text	N		Y
98	Violation Notes 2	Text	N		Y

99	Violation Weapon Code 2	Integer	N	Type of weapon. Must match codes.behavior_weapons.	Y
100	Violation Weapon Notes 2	Text	N		Y
101	Violation Code 3	Integer	N	Type of violation. Must match codes.behavior_violations.	Y
102	Violation Codes Notes 3	Text	N		Y
103	Violation Notes 3	Text	N		Y
104	Violation Weapon Code 3	Integer	N	Type of weapon. Must match codes.behavior_weapons.	Y
105	Violation Weapon Notes 3	Text	N		Y
106	Violation Code 4	Integer	N	Type of violation. Must match codes.behavior_violations.	Y
107	Violation Codes Notes 4	Text	N		Y
108	Violation Notes 4	Text	N		Y
109	Violation Weapon Code 4	Integer	N	Type of weapon. Must match codes.behavior_weapons.	Y
110	Violation Weapon Notes 4	Text	N		Y
111	Motivation Code	Integer	N	Type of motivation. Must match codes.behavior_motivations	Y
112	Motivation Notes	Text	N		Y
113	Motivation Code 2	Integer	N	Type of motivation. Must match codes.behavior_motivations	Y
114	Motivation Notes 2	Text	N		Y
115	Motivation Code 3	Integer	N	Type of motivation. Must match codes.behavior_motivations	Y
116	Motivation Notes 3	Text	N		Y
117	Motivation Code 4	Integer	N	Type of motivation. Must match codes.behavior_motivations	Y
118	Motivation Notes 4	Text	N		Y
119	Intervention Code	Integer	N	Type of intervention. Must match codes.behavior_interventions.	Y
120	Intervention Date	Timestamp	N		Y
121	Intervention Notes	Text	N		Y
122	Intervention Code 2	Integer	N	Type of intervention. Must match codes.behavior_interventions.	Y
123	Intervention Date 2	Timestamp	N		Y
124	Intervention Notes 2	Text	N		Y
125	Intervention Code 3	Integer	N	Type of intervention. Must match codes.behavior_interventions.	Y
126	Intervention Date 3	Timestamp	N		Y
127	Intervention Notes 3	Text	N		Y
128	Intervention Code 4	Integer	N	Type of intervention. Must match codes.behavior_interventions.	Y
129	Intervention Date 4	Timestamp	N		Y
130	Intervention Notes 4	Text	N		Y

131	Expulsion Effective Term Id	Integer	N	Type of expulsion term. Must match codes. behavior_expulsion_terms	Y
132	Expulsion Notes	Text	N		Y
133	Expulsion Placement Code	Integer	N	Type of expulsion placement. Must match codes. behavior_expulsion_placements	Y
134	Expulsion Modification Code	Integer	N	Type of expulison modification. Must match codes. behavior_expulsion_modifications	Y
135	Expulsion ReAdmission Code	Integer	N	Type of expulsion readmision. Must match codes. behavior_expulsion_readmission	Y
136	Expulsion Date Pre-Expulsion Confer	Timestamp	N		Y
137	Expulsion Date Committee Hearing	Timestamp	N		Y
138	Expulsion Date School Board Review	Timestamp	N		Y
139	Supervisor ID 2	Text	N	A reference to the user ID of the supervisor of the incident. Supervisor ID 1 is in column 24 of this file	N
140	Supervisor ID 3	Text	N	A reference to the user ID of the supervisor of the incident. Supervisor ID 1 is in column 24 of this file	N
141	Supervisor ID 4	Text	N	A reference to the user ID of the supervisor of the incident. Supervisor ID 1 is in column 24 of this file	N
* At least one participant and participant role is required for the indicent record.					

Column	Field	Data Type	Required	Notes	Import Support?														
1	Import Student ID	Text	Y	A unique student identifier assigned by the SIS	Y														
2	Portal Username	Text	Y*	The desired username for the student to use to login to the student portal.	Y														
3	Student Email Address	Text	Y*	The desired email address for the student	Y														
4	Enable Portal?	Integer	N	This is a boolean field. 0 = No, 1 = Yes, default: 0	Y														
5	Temporary Password	Text	N	Temporary password field only modified a local, Illuminate authentication. If you use LDAP, RADIUS or Google SSO, this field will not affect your remote authentication's passwords.	Y														
<p>*Please note: For local authentication Student ID, username or email address can be used. For remote authentication using LDAP or RADIUS username should be used. For remote authentication using Google Single Sign On (SSO) email address should be used.</p>																			
<p>Please note: the student portal import is only used to CREATE student portal accounts. It will not update already existing student portal accounts. If this file is part of your ongoing automation it will only add new accounts.</p>																			
<p>Temporary password field only modified a local, Illuminate authentication. If you use LDAP, RADIUS or Google SSO, this field will not affect your remote authentication's passwords.</p>																			

Column	Field	Data Type	Required	Notes	Import Support?
1	State Student ID	Text	Y	State assigned student identifier.	Y
2	Site ID	Integer	Y	Site at which student has enrollment, must match Site ID in sites.txt	Y
3	Local Student ID	Text	Y	The SIS local student ID or local student number	Y
4	Academic Year	Academic Year	Y		Y

Column	Field	Data Type	Required	Notes	Import Support?
1	Import Student ID	Text	Y	A unique student identifier	Y
2	State Student ID	Text	N	State assigned student identifier.*	Y
3	Student Last Name	Text	Y		Y
4	Student First Name	Text	Y		Y
5	Student Middle Name	Text	N		Y
6	Birth Date	Date	Y		U
7	Site ID	Integer	Y		Y
8	FILLER		N	Formerly term number. That field is no longer needed	Y
9	FILLER		N	Formerly unique term ID. That field is no longer supported	Y
10	Academic Year	Academic Year	Y		Y
11	Session Type	Integer	N	1 = Normal, 2 = Summer, Defaults to 1	Y
12	Grading Period Name	Text	Y	This is the name matching to the grading period built in Illuminate. Go to Grades > Grading Periods	Y
13	Section ID	Text	Y	Section ID in which this student is registered. Must match Section ID from mastschd.txt.	Y
14	Course ID	Text	Y	Course ID in which this student is registered. Must match Course ID from courses.txt	Y
15	Grade Received	Text	Y	The grade that the student received (A+, A, A-, etc.) Must match Grade from Grade List.	Y
16	Credits Received	Decimal	Y		Y
17	Credits Possible	Decimal	Y		Y
18	Citizenship Grade Received	Text	N		Y
19	Work Habits Grade Received	Text	N		Y
20	Is Final Grade?	Boolean	N	0 = No, 1 = Yes	Y
21	Is Repeat Grade?	Boolean	Y	0 = No, 1 = Yes, Defaults to 0	Y
22	Override Max Credits?	Boolean	N	0 = No, 1 = Yes	Y
23	Comment 1	Text	N		Y
24	Comment 2	Text	N		Y
25	Comment 3	Text	N		Y
26	Comment 4	Text	N		Y
27	Comment - Other	Text	N		Y
* Student grades should represent either progress/marketing period grades or elementary grades where elementary grades can be tied directly to a master schedule. Prior to importing student grades, Grading Periods must first be setup in Illuminate manually.					

Column	Field	Data Type	Required	Notes	Import Support?
1	Import Student ID	Text	Y	A unique student identifier	Y
2	State Student ID	Text	N	State assigned student identifier.*	Y
3	Student Last Name	Text	Y		Y
4	Student First Name	Text	Y		Y
5	Student Middle Name	Text	N		Y
6	Birth Date	Date	Y		Y
7	From District ID	Integer	N	Must match a district from District of Residence Code Table	Y
8	From Site ID	Integer	N	Must match a site from Site Management	Y
9	Academic year	Academic Year	Y		Y
10	To Site ID	Integer	N	Must match a site from Site Management	Y
11	Transfer Reason	Integer	Y	Must match a code from Student Transfers - Reason Codes Code Table	Y
12	Transfer Status	Integer	Y	Must match a code from Student Transfers - Transfer Codes Code Table	Y
13	Start Date	Date	Y		Y
14	End Date	Date	N		Y
15	Notes	Text	N		Y
16	To School ID	Integer	N	Must match a code from Transfer Schools Code Table	Y
17	Legal Resident District ID	Integer	N	Must match a district from District of Residence Code Table	Y
18	Testing School ID	Integer	N	Must match a site from Site Management	Y
19	Testing Site ID	Integer	N	Must match a code from Transfer Schools Code Table	Y
