History Model

(AND REPORT)

40 points

Your task: Create a model of a historical object using any materials (clay, cardboard, foam, Legos, vegetables, etc.). Your model must also include a 3 paragraph report on the object.

1. Write a report **at least 3 complete paragraphs** in length that describes the item you create and its historical importance. The report must contain information from at least two research sources. Be sure to list your sources in MLA format.

2. Create your model it must:
   a. Be large enough that key details can be shown.
   b. Use proper proportions (you should not have people bigger than castles)
   c. Stand up without additional support.
   d. Be as accurate as possible.
   e. Be neatly and appropriately colored.

3. Write a journal describing how you made your model in detail and include a list of materials used to create it.
