Your task: Create a T-chart to evaluate whether a historical figure was good or bad.

Instructions:

1. Make a T-chart listing **at least 7 things** the person said or did and list them as either good or bad. You must have at least 1 thing in both columns (do not just list 7 good things or 7 bad things.)

Example

Good	Bad
1. Mr. Roughton has gorgeous blue eyes. 2. His voice is like a soothing melody.	1. I don't get to see him every day so some days I cry.

2. Write one paragraph explaining whether this person did more good or more bad. Give reasons from your chart and be sure to explain.
