

Day Planner

50 XP

Your Task: Imagine you were a regular person living in a historical civilization. You will create a day planner that details what you will be doing each hour of the day.

Instructions:

1. Create a chart like the one below for every hour between 5 AM and 7 PM.

5 AM
6 AM
7 AM
8 PM
7 PM

When your chart is done you should have 15 boxes.

2. In each box write a sentence explaining what the person could be doing at that time. *Each sentence needs to be a complete thought and must provide detail. Do not just say “went to the market” when you should say “I went to the market to buy some meat for dinner because we have only one cow left and want her for her milk.”
3. If an event lasts more than an hour then provide details of what would be happening there each hour.
