6th-Grade Badges FAQ for Students

What is a badge?

A badge in Schoology is a digital sticker that can be awarded to a student after completion of a task, demonstration of a skill, or any other positive reinforcement.
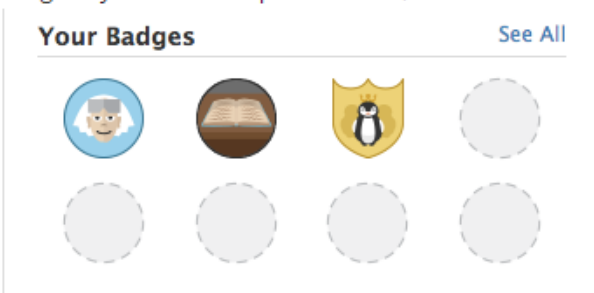

How do I earn a badge?

You will earn a badge after completing certain tasks assigned in Schoology. Teachers will be looking for you to demonstrate a skill or produce/submit a small assignment. The goal is to increase the "Technology Tools" you have in your tool-kit as you complete 6th grade.

How do I see the badges I've been awarded?

To see the badges you've been awarded, click on your name in the top right corner and select **Your Profile** from the drop-down menu. On the right-hand side, you will see a heading for Badges.

Where can I go for help with a badge?

First, check the Badge folder. Each folder contains helpful information to guide you through the completion of the badge. If you need additional help, contact your teacher or reach out to members of your school's Student Tech Team.
