

Privacy Policy

Effective Date: 07/05/2025

This Chrome extension ("Simple Focus Timer") respects your privacy. This policy is designed to inform you about our data practices.

Data Collection

The Extension **does not collect, store, or transmit any personal information or user data**. We do not use any tracking technologies, analytics, or remote logging.

Permissions

The Extension requests the following Chrome permissions solely for core functionality:

- **Alarms:** Used to trigger and run the focus timer. No data is collected or transmitted.
- **Notifications:** Used to display local notifications to the user. These are generated on your device and not sent externally.
- **Storage:** Used to save extension settings and tasks the user setup **locally on your device**. This data is not transmitted to any external servers.

Data Sharing and Selling

We **do not share, sell, or monetize** any user data. No data is ever sent to third parties.

Changes to This Policy

If this policy is ever updated, we will revise the effective date above. Any changes will still uphold our commitment to user privacy.
