@everyone

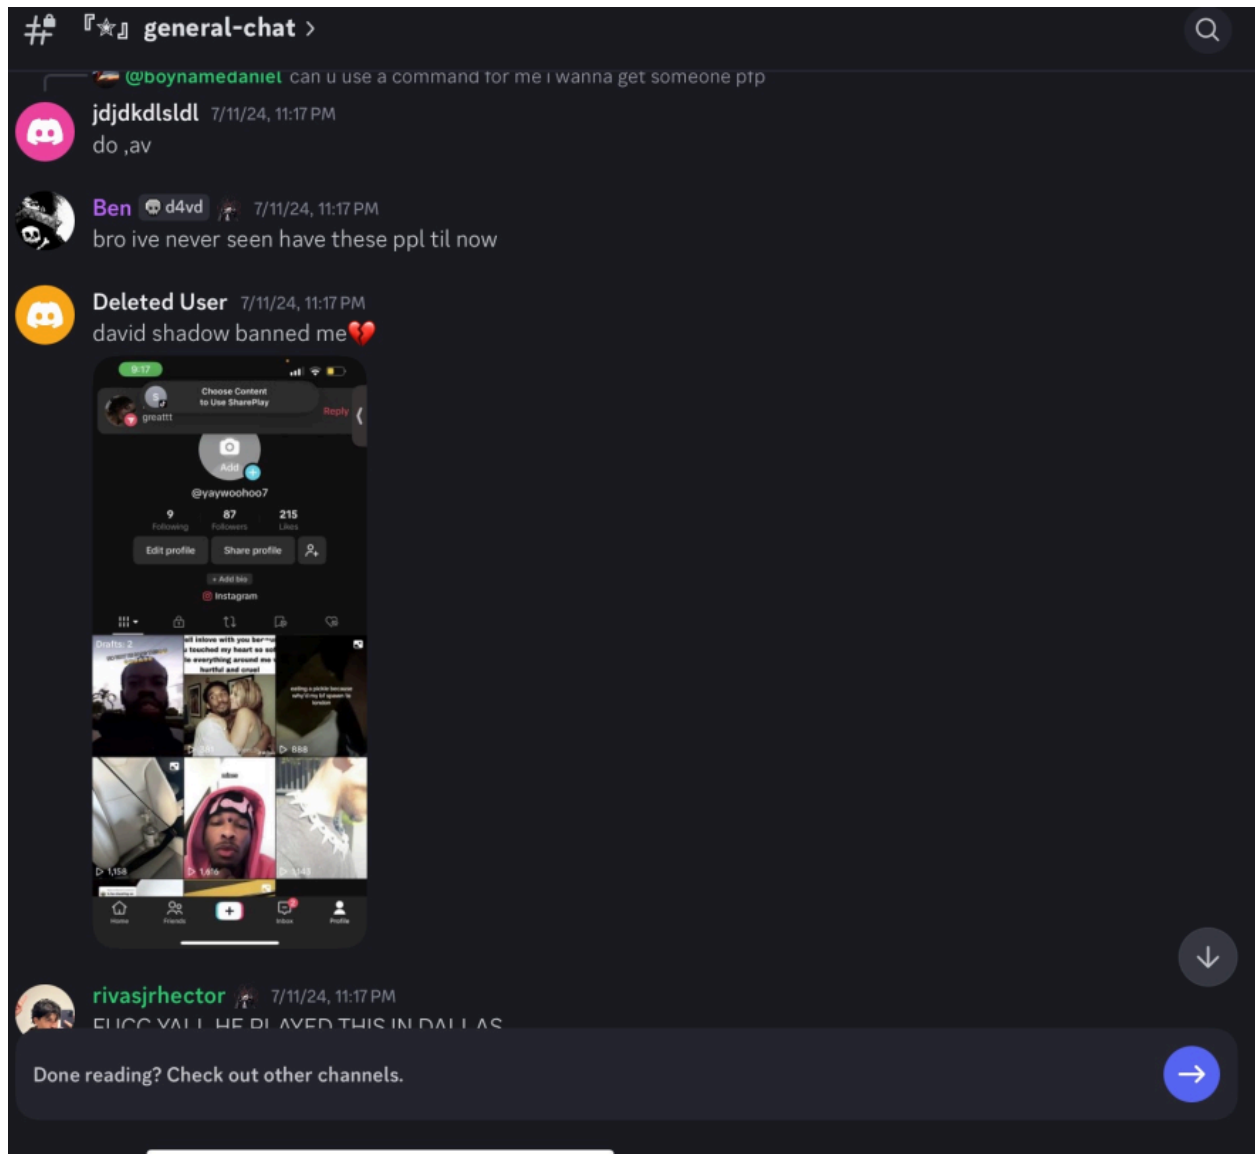

TO THE MEMBERS OF THIS SERVER: We, the Discord and Twitch staff team, want to clarify what we knew and didn't know regarding Celeste. We were not aware of her true age or that she was a missing person. We also did not have any contact with her outside of what was public. From what was shared in David's Twitch streams, and from her role in the server, we understood her to be around 18–19. She appeared in two streams, but otherwise was not active in the server, and we did not have ongoing communication with her. Most of us are not located in California, so we were not aware of any missing persons reports connected to her. Additionally, the staff team has had minimal contact with David or his management. The mention of her full name within the server was not seen in real time due to how fast the chat moves when David pings everyone. As a result of this situation, the majority of the staff team has left the server, and we no longer associate with David. We do not support his actions in any capacity. Our priority has always been the well-being of members in this community. We are deeply saddened by the situation and extend our prayers to Celeste's family. May she rest in peace, and may her family receive justice. To support her family directly, here is the link to their official GoFundMe: <https://www.gofundme.com/f/help-lay-celeste-rivas-hernandez-to-rest> REST IN PEACE, CELESTE RIVAS HERNANDEZ 🕊
