Questions for Reflection

Organizational Reflection

1. Which actions or ideas really helped our campus grow, and how do we continue them?

2. Which actions or ideas did we struggle with? What do we need to turn our struggles into strategies?

3. Which actions are redundant or counterproductive? If they help kids, how do we revamp them to be more efficient and effective? If they don't help kids, how do we recommend removal?

Personal Reflection

1. What were actions or ideas that really helped me ensure that kids learned this year? What is my plan to continue those actions next year?

2. What actions or ideas did I personally struggle with? What is my plan to learn more about these actions and become better at doing them? (Technology, curriculum, instruction, working with hard-to-accelerate kids)

3. Which actions did not work this year? When and why did I do them? If they were done correctly, would they benefit kids? If so, what areas need more practice and study? If not, then how do I make sure that I completely abandon those actions?
