About Evan + Katelyn

Hey y'all, we're Evan & Katelyn Heling: a husband and wife team, amateur makers, and expert high fivers, who want to DIY ALL THE THINGS. We met when we were 18 and eight years later we got married, bought a house, and proceeded to DIY the heck out of it. We started with no experience, and everything we learned was from YouTubers and bloggers. After a few years of figuring things out, we wanted to start giving back in the same way we learned – by documenting our projects, sharing them with people, and hopefully helping others see that if we can do it, they can do it.
