

Agenda

March 8, 2023 | 12 - 3pm PST | Xooglers + SignalFire

[Please make sure to fill out the [Community + RSVP form](#)]

In-Person Attendees

Part 1: Lunch and Open Networking 12 - 12:30pm PST

Part 2: Presentations | Q&A with audience 12:30 - 1:15pm PST

Welcome to the community, overview of opportunities in healthcare from YY at SignalFire, a short overview of how SignalFire helps startups from Josh at SignalFire, quick overviews of some attending healthcare portfolio companies that could be potential hirers for attendees, and perhaps a short interview or discussion with one or a few luminaries in the space

Speaker Series (5-7 min each):

- Carmen Wiedenhoeft — welcome remarks
- YY, Principal at SignalFire — overview of SignalFire's healthcare thesis
- Sergio Wagner, Co-Founder & Chief Strategy Officer at [Health Gorilla](#)
- Aaron Rau, Co-Founder & CTO at [Health Note](#)
- Tobias, Co-Founder & COO at [Payzen](#)
- Chris Turzin, Chief Growth Officer at [Bicycle Health](#)
- Pam Dinvera, Head of Design & Bre Vergess, Staff PM at [Grow Therapy](#)

Part 3: Purposeful networking 1:15 - 2pm PST

This would feature designated areas of the space for different sub-sectors to help people find those with similar interests and help add a little direction to conversations. People can also ask YY and other speakers questions directly.

Part 4: Optional Virtual Session 2 - 3pm PST

In-person attendees are welcome to stay in the conference rooms and join the virtual session. The presentations will be a repeat, but the questions/discussions will [hopefully] be different.

Virtual Attendees

Join the Google Meet call. [See link in calendar invite]

Participants will have a community directory to set up 1:1 coffee chats on their own time. The virtual program has been shortened to 1 hour.

Part 1: Presentations | Q&A with audience 2 - 3pm PST

Welcome to the community, overview of opportunities in healthcare from YY at SignalFire, a short overview of how SignalFire helps startups from Josh at SignalFire, quick overviews of some attending healthcare portfolio companies that could be potential hirers for attendees.

Optional additional programming:

A challenge to come up with ideas for solving a specific problem, or structured group discussion about how to tackle obstacles to building in health. We could structure this so there's no concern about coming up with inventions that could still fall under Google's employment agreements.

More Info

Job Boards

See the [SignalFire Job Board](#) with all opportunities in their portfolio. You'll see you are able to filter by a handful of things, including Healthcare, under "Topics."

Also see jobs.xoogler.co for opportunities

Contacts

Contact Carmen Wiedenhoef at xooglerhealth@gmail.com for questions or to set up time to chat/brainstorm.

Survey

Please remember to fill out the SURVEY at the end so we can know how to make future sessions very helpful. [link to survey will be posted soon]

Thank you for joining us!
We are excited to get to know you.
