Abstract: Written briefly in Bahasa and English,
Containing research objectives
Methodology
Novelty
Result
Conclusion of the research.

Abstract consists of 150-300 words. (Gadugi 11pt, justify, 1.0 line and paragraph space, Sentence case)

Keywords : keyword 1; keyword 2; keyword 3, etc. (at least 3 keywords, Gadugi 11pt, justify, 1.0 line and paragraph space, center, Sentence case)

1. INTRODUCTION (Gadugi 11pt, justify, 1.15 line and paragraph space, justify, UPPERCASE)

The introduction briefly contains problems, objectives, and state-of-the-art from the previous study. It should serve as proof of the originality and the novelty that needs to be published. Further, it should contain the gap analysis that describes the important or the unique things compared to the previous study. Then, the content of the introduction is written in paragraphs, not a sub-bab of the introduction. Manuscript length is between 4,000 - 10,000 words, including abstract, footnotes, and bibliography. (Gadugi, font size 11pt, justify, 1.15 line and paragraph spacing, justify, Sentence case)

2. METHOD (Gadugi, font size 11pt, justify, 1.15 line and paragraph space, justify, UPPERCASE)

It contains a description of the approach method, research specifications, types and techniques of data collection, and data analysis methods. If the research method uses a conceptual approach in analyzing the problems in the research, it is not allowed to include the research method chapter. The emphasis on the conceptual approach is only included in the abstract section. (Gadugi 11pt, justify, 1.15 line and paragraph space, justify, Sentence case)

3. DISCUSSION (Gadugi11pt, justify, 1.15 line and paragraph space, justify, UPPERCASE)

Analysis and discussion contain a description of the results of a study with a conceptual or theoretical approach. Analysis and discussion must have a legal basis in legislation, court decisions, customary law, and habits. The italic recommended to write the terms of Bahasa. Then, some things need to be clarified and detailed in the analysis and discussions following the problem and using the sub-bab. The examples of writing the sub-bab as follows;

3.1. Sub-bab

3.2. Sub-bab

3.3. Sub-bab

3.4. Etc....
