

CRIMSON TEARS

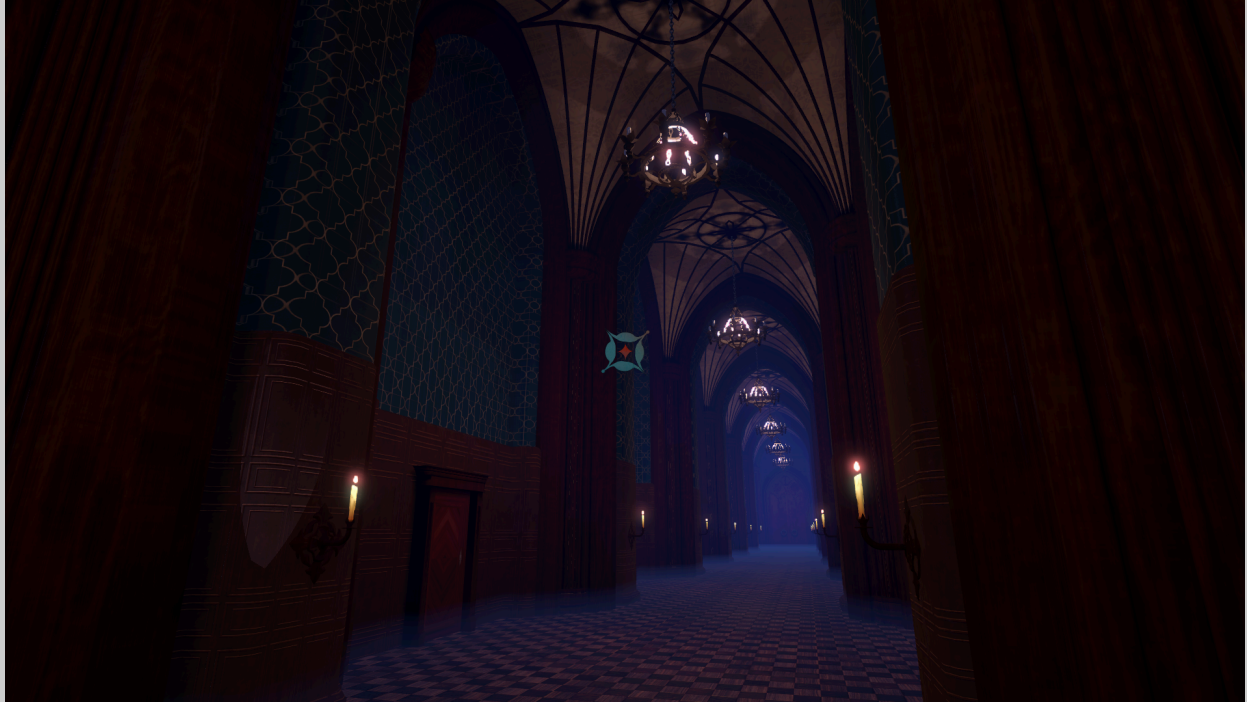

Synopsis

Fight until the end—death is watching.

Quest of Crimson Tears is a first-person perspective Psychological Horror and Fantasy VN-card game about 18 uniquely gifted individuals summoned to face brutal trials of life and death in pursuit of their greatest wishes and deepest desires. As they progress, their numbers dwindle one by one. To win is to survive each merciless trial—or to be one of the remaining two to outlast the rest. Strength will falter, wits will be tested, and fate itself may be altered at the flip of a card—betrayal is inevitable. In an unforgiving game of ruthlessness, who will be the last ones standing?

About the Project

*This is a proud project made entirely by **humans and with human work**, we are strictly against AI usage in all forms.

This is a **non-union project** within the death game genre featuring death trials that are psychologically challenging played through card gameplay, puzzle-solving, and decision making skills. It blends in a mix of psychological horror, fantasy, suspense, and thriller in the death game genre.

It takes direct inspiration from media such as Danganronpa, Zero Escape, DND, Alice in Borderland, and Library of Ruina to deliver its own narrative. It's also in 2.5D and built in Unity, featuring a 3D environment where you can freely roam and inspect 3D objects, while featuring 2D illustrations for certain in-game assets and objects such as the cards, sprites, CGs, etc. Each sprite is fully rendered and lightly animated.

This is also an indie project made almost entirely out of **volunteer work** so far. Therefore, we are incredibly grateful for the team we have cultivated today and incredibly excited to see the future in store for this project with voice actors on-board!

Main Cast

Emerson - Master Sorcerer

Character Note:

An emotionally diverse cyborg that can switch in an instant, Emerson is sometimes soft-spoken and mindful, other times more eerie and remote, or sharp-witted and focused, yet none of it ever quite feels...genuine. They have such a strong detachment from human emotions that it's just amalgamations and complex codes. Sorcery is the only thing that remains of them that makes them feel any sense of life, the only clear mark of their emotions. Even if they are farther from perfection than everyone else, imperfection is the closest thing they can ever obtain.

Voice Description:

Medium-Medium High pitch, masculine leaning voice. Soft tone with the ability to have strong emotional range.

Lines -

“Welcome, I am Unit 5-K296 designated with the current name of: Emerson (em-ur-son). May I know your designated number as well?” (Neutral)

“P- please get away from that sir! I don’t know what that does, honest! I don’t want to risk getting you hurt on my behalf.” (Concerned)

“Can’t you feel it?! You’re not fooling anyone with those cheap cards!” (Frantic)

Preferably looking for a Non-Binary identifying Voice Actor.

Lilith Ravencroft - Master Diabolist

Character Description:

An incredible storyteller with an abnormally bubbly and cheery attitude, Lilith captures an audience’s attention with these traits alone. In spite of this, sometimes when she tells her stories, her voice comes off as more soothing and down-to-earth, creating a sort of homey connection with those who listen. What she lacks in, she does her best to hide with her over-the-top nature and an unnatural brightness.

Voice Description:

Medium-Medium Low pitch, feminine leaning voice. Soothing and near-whimsical tone, with an edge of seriousness when need be.

Lines -

“IS THAT– don’t tell me– oh it is, right here in the flesh! It’s such an honor! Where are my manners, Lilith Ravencroft, Master Diabolist. Let’s talk later, shall we?” (Bubbly)

“Yoohoo~ is everything alright, darling? No worries, I’ll be here as long as you need me to be.” (Supportive)

“Now tell me, are you a dreamer? Or are you the type to wake up screaming, young one?” (Sinister)

Freya Kisa - Master Duelist

FREYA KISA

MASTER DUELIST

Fearless in her will and power, Freya Kisa is fully committed to protecting her realm and people. She acts without hesitation and speaks with passion, frequently clashing with both allies and foes. Her actions are driven by emotion and instinct. Despite her fiery personality, she always fights for the same cause and takes calculated risks in order to protect what she values most.

Among all those valiant screams and blazing punches, if not for her kingdom, her fights feel meaningless and dull. To grow stronger and better herself is to do better for those around her, and to remain high above at the top, is to also challenge those that dare think they could surpass her fighting spirit.

2

Character Description:

A princess who doesn't hesitate to lift her kingdom's spirits through fierce roars and booming vocals—Freya's outspoken nature and aggressive prowess on the battle gained the respect of her citizens for generations to come. She speaks solely through her heart and only trusts in her gut to prevail—resulting in butting heads with those around her very often, both literally and figuratively. She valiantly and fearlessly uses her strength to protect the sole thing she treasures most, her people.

Voice Description:

Medium pitch, feminine leaning voice with a thunderous tone.

Lines -

“HEAR ME NOW, FOR IT IS FREYA (fray-yuh) KISA (kiss-uh) YOU’VE STUMBLED UPON! MASTER DUELIST, FUTURE QUEEN OF TESI (tes-ee). Now, what is your purpose here?” (Prideful)

“I- I think I’ll just give it some space, y’know? Right? Right...I probably should get going now...” (Flustered)

“OHO! Now we’re getting somewhere, quick, toss it!” (Excited)

Laux Amara - Master Lichking

Character Description:

Combining snarkiness, condescension, and laziness into one package, Laux is quite cynical and unforgiving, expressing his opinions without hesitation and letting just a small group of people approach him. With no more than the motivation to indulge in cheap beer and lengthy naps, he wastes the rest of his years away after failing to achieve everything he once desired.

Voice Description:

Medium-low range, masculine leaning voice with a degrading or uninterested tone, almost as if he'd rather be anywhere else and could care less about how his words come across.

Lines -

"It's Laux (locks), now scram, don't you got anythin' else to do?" (Annoyed)

"What are you starin' at? Look, I'm fine. You see this bone right here? Been pokin' out for years. Then this one right here? Same deal. Don't ask." (Frustrated)

"...Hold it, go back a bit– **laughs** you're tellin' me, *me*, they brought the *undead* guy to this thing? And you're sayin' this with that serious look? Tell you what, outta the goodness of my big ol' heart, I'll keep laughing for the both of us." (Snarky)

Norrin Raud - Master Guildmaster

Character Description:

An incredibly elusive leader with a very relaxed demeanor, despite no one ever truly knowing Norrin, he works hard at protecting those around him so they can be just as free as he is. He views himself as a friend rather than a guild master, and often lets that show through his more laissez-faire personality. Yet it doesn't stop him from being quite lively when he's passionate. Not only does he know how to keep others safe, but also make them feel as though they're right under his protection.

Voice Description:

Medium range with a masculine leaning voice, a bit of rasp to his voice. (20s range)

Lines -

"Mm? Who, me? Well you're lookin' at Norrin Raud (raw-ud) the *Master* Guildmaster. As for the rest, let's keep it our secret shall we?" (Delighted)

"HAHA! Would you look at that, grown a few extra inches since I last saw ya'. Save some for the rest of us next time." (Playful)

"My dear *dear* friend, what's gotten into you lately? C'mon— you don't even have any bark left. Well if being a lapdog is your thing, who am I to judge?" (Teasing)

Giovanni - Master Cleric

Character Description:

A very boastful and flamboyant busybody that takes great pride in his talents, Giovanni is very outgoing and social, never failing to bring something to the table. To him, he's among one of the greats, and even thinks he's well above the others among his status. Some may claim it's him being a showoff, but he simply wishes to show the world his gifts.

Voice Description:

Medium range with a masculine leaning voice with an array of flamboyance. (20s range)

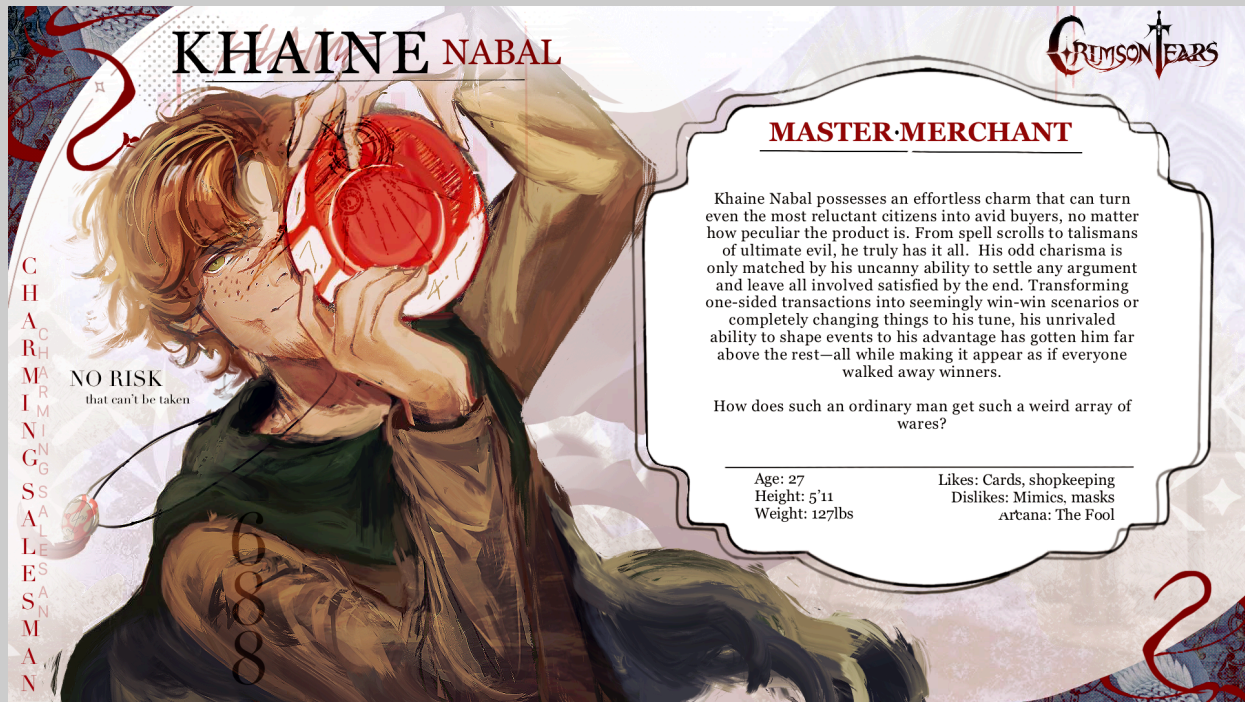

Lines -

"Your dearest Giovanni is here! Please, hold your applause." (Cocky)

"W- what do you mean she just jumped down there?! WILLINGLY? God, what would you do without me?" (Stressed)

"...You're really putting me to the test here." (Annoyed)

Khaine Nabal - Master Merchant

Character Description:

A sly, shrewd, and clever charmer. Although Khaine seems to have little trouble attracting others with his "man of the people" demeanor, he lacks a strong backbone and will often flee if he senses a hint of danger. When the people pleaser isn't pleasing, he comes across as somewhat awkward and socially-anxious. He's well aware of what he's good at, and it means having nothing to do with putting himself on the line.

Voice Description:

Medium to Medium-High range with a masculine leaning voice and a salesman tone. (Mid-Late 20s range)

Lines -

"The name's Khaine (Kai-nay) Nabal (nah-bal), now don't forget it kid! You'll never know when you need me." (Cocky)

"C'mon— it's not about what you sell, it's about making 'em believe they need it, cause then...well everyone wins! It's just business!" (Boastful)

“C- can’t you cut it out already? Sheesh, what’s with you lately?!” (Shaken)

Nala Firnen - Master Alchemist

Character Description:

A sensitive, overbearing, and overly-cautious guardian. Nala often goes far out of her way to keep everyone in check and make them feel safe, even when it's quite unnecessary. Medium to Medium-Low range with a feminine leaning voice. (30s–40s range)

Lines -

“Gosh where is he? He’s got me worried *sick* these days. O- oh! I’m Nala (nah-la) Firnen (fur-nin)! I’m his mother, have you seen him around anywhere?” (Frantic)

“Hey, no matter what happens, just stay behind me. Okay?” (Sincere)

“W– we don’t do that! That’s not who we are, where is your head at right now? Where do you even think you’re going with THIS?!” (Stressed)

Yavana Eplear - Master Ranger

Character Description:

An adventurer with plenty of stories to tell and the passion and open heart to tell them to others, people are drawn to Yavana by her bright, carefree, and straight-forward attitude. Though beyond that she’s incredibly unsure of the person underneath that, and so, she simply follows the tune of the wind. With all of her achievements and duties hidden in the backburner, many wonder how she even received her title to this day.

Voice Description:

Medium to Medium-High range with a feminine leaning voice. (Early 20s range)

Lines -

“If you need anything, I’ll be a call away. Oh, right, almost forgot, it’s Eplear (ep-leer), Yavana Eplear. ” (Neutral)

“Why did I choose to be a Ranger? I do it for the thrill of it, nothing more, nothing less. Isn’t that enough?” (Lighthearted)

“WHOA! You’re from Sorul (sor-ruhl)? I don’t suppose you’d know— **ahem** Sorry, I’m focused, I promise.” (Curious)

Tilro Altair - Master Tracker

Character Description:

A soft-spoken tracker with keen eyes and fierce loyalty, Tilro thinks over every action he makes and moves with instinct, generally approaching or intruding conversations with extreme caution in hopes of making connections. Voice Description:

Medium to Low range with a masculine leaning voice. (Teens – Early 20s range)

Lines -

“Woa! So you’re like a Master Helper? That’s sick! I don’t really do much but. I hope we can get along!” (Friendly)

“Well...someone has to keep an eye out, right?” (Light-hearted)

“Hey! Wait up! Sorry I don’t mean to interrupt but, you left this? W- whatever it is.” (Confused)

Mirabelle LaFleur - Master Scry

Character Description:

A fiercely dazzling young star, Mirabelle is extremely popular for her prowess and talents among the LaFleur family. With her pompous attitude, she ferociously rose to the top with no time to spare for those that can't keep up with her pace. She only cares about living life to the fullest and enjoying all of life's pleasures.

Voice Description:

Medium-High to High range with a feminine leaning voice, french accent preferred but not required.

Lines -

“Shoo, shoo, do come back with a better story next time. The last one was a real *dread*.” (Bleak)

“W- who dares disturb my sacred beauty sleep at this hour? P- perhaps you simply longed for my presence...b-b-but this is truly excessive!” (Scared)

Adril Firnen - Master Enchanter

Character Description:

A short-tempered, stubborn, and promising young scholar—Adril is rather unsociable and bitter, making it clear that he lacks interest in forming bonds and putting little thought into how he’s portrayed. When all else fails and only the impossible tasks remain, he is the one they call on—fearless, brutal, and relentless.

His name is that of legend, whispered through the grapevine with fear and respect. The only time he is seen not adding to his vast collection of scars is when he returns home to the mountains to his three children, clinging to the rare vestiges of humanity that still exist amidst the devastation.
