

Canada Car Metas

By weett (2024 updates by Daws)

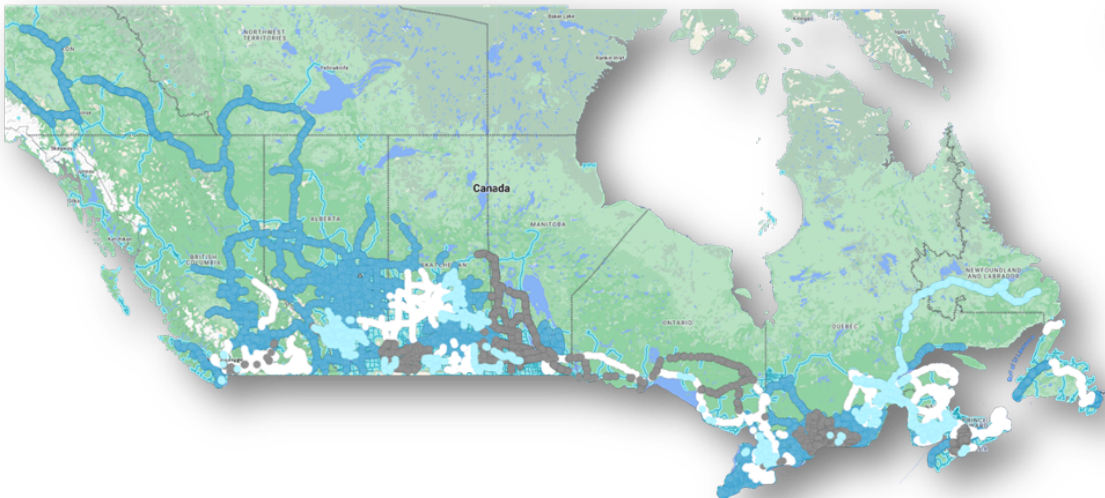

Generation 4

This document focuses on the distribution of generation 4 cars and copyright 🦴 in Canada. Always take copyright metas with a grain of salt as panos are always getting reprocessed.

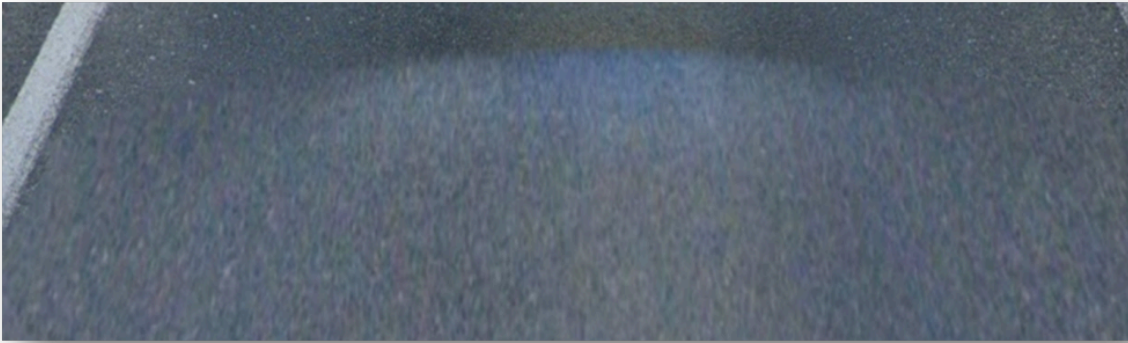

Most copyright dates are assumed based on the date of coverage, although I did manually check Oct-Dec coverage.

Some regions were left out on some maps simply because the coverage was too small and lasted for only a small stretch of road.

Aug 1, 2024 Update: 2024 coverage through July 2024 has been added to the document.
