**Organization Mission:** Student Table Tennis Activists Foundation (STTAF) acts to address the cultural and financial barriers preventing many from playing table tennis. In our organization, we raise cultural exposure to competitive table tennis by creating and managing table tennis clubs at high schools around the country and organizing an annual charity tournament that draws participants from various backgrounds and ethnicities. Moreover, we take the funds to provide free paddles and offer free personal training for economically disadvantaged players, so that all who want to play can play.
