For use with Activity 3- Project Timelines

<p><b>Oh NO! for Wedding Scenario</b></p> <p>A pandemic has closed all wedding venues. The wedding needs to be put off for three more months. Rework your timeline.</p>	<p><b>Oh NO! for Speaking Engagements</b></p> <p>One speaker's flight is delayed due to bad weather. She won't be arriving until 5 AM the morning of the event.</p>
<p><b>Oh NO! for Back to School Fair</b></p> <p>A week before the fair, a water pipe bursts and floods half of the school. Five temporary classrooms are going to be set up in a nearby church. Because of the change, the fair will be pushed back for one week.</p>	<p><b>Oh NO! for Safety Inspection</b></p> <p>Ten days into your timeline, a new safety manual arrives from corporate headquarters. They forgot to send it sooner. You must now hire electricians in order to add mandatory emergency lighting in 12 areas of the factory. They will need at least four days to complete the task.</p>
