

Haunted Hotel

The Undervale was built in 1873, in New York. It hosted kings, presidents, and dozens of people who were never seen again. (Episode 6). It used to be an asylum, then a prison, then another asylum. It has had murders, suicides, disappearances, etc. Legends say it holds the ground to one of the six gates to hell. (Episode 1).

Abaddon is a demon possessing a child from the 18th century. The vessel is around 7 to 8 years old from the 1700's, weighing about 50 pounds and presumably average height for his age (4'4" / 53 inches or 135 cm).

Season 1

Intro

- In Abaddon's first appearance, he is playing a game of Jack's by himself. The ball bounces into the fire and he casually goes into the fire to retrieve it before sitting back down to play, completely unbothered as he is covered in flames.
- Before the title screen showing the name of the show, the family gathers at the front desk. Abaddon simply crawls over the railing of the second floor, gets on top of the hotel room key compartment shelf, and hangs upside-down from it with his arms crossed.

Episode 1 voicelines & facts

Title: Welcome To The Undervale

- "You dare command Abaddon, High Prince of the Black Realm. Cursed descendant of-"
- "No prison can contain my power!"
- "This vessel requires froot loops."
- "I get the bones."
- "I know, like, nine easier ways to get bones."
- "I had a whole day planned, you know. I was going to terrorize birds using the bones you were going to get me."
- "I know a curse that will make him sleep for a thousand years."
- "Bones, ritual, apocalypse!"
- "Nothing"
- "There's a demon in the hotel?"
- "Mortoth, you came for me."
- "It's me, Abaddon. From Hell."
- "Come on, man! You don't remember me? Abaddon, the Cobra King, right? Man, my castle is three doors down from yours."
- "They tore down my castle?!"
- "Betrayed by a fellow demon. I never thought I'd see the day."

Facts

- Katherine mentions how Abaddon is a demon that has possessed a child from the 1700's.
- Abaddon's eyes are usually blue, but turn red when angered.

- Abaddon wants human bones to terrorize birds and do a ritual, possibly to start an apocalypse of some magnitude.
- Abaddon presents himself as Cobra King.
- His castle, which was three doors down from Mortoth's, has been allegedly torn down and is now an acid pit.

Title: Unfinished Business

- "What is this device?"
- "It takes all the guesswork out of stabbing!"
- "I killed a prophet once. Ripped his head off. Ended the religion right then and there."
- "The blender's not working!"
- Arise. Would you arise? I said ARIIIIISE!"
- "I am coming with you. Though the danger will be great, it is a worthy quest... for Blender."
- "Bugs eat your bones."
- "In hell, I could chop the limbs off of a man with my mind. Now, I can't even chop the limbs off of a bird."
- "And you are my brother as well?"
- "I smell evil."
- "I see it."
- "I don't say this lightly, but that guy is mean!"
- "Hello, Brother"
- "Skull of a woman in a shallow grave"
- "Can't die. Believe me, I have tried."
- "Bones can be a barricade!"
- "No! My Blender!"
- "Beast, you have made a powerful enemy!"
- "Okay, sounds good."
- "Blend, my wicked ones. Blend until all the world is pulp!"
- "The blenders aren't working!"

Facts

- He has discovered and enjoys blenders. It's destructive and now he's going to put as many things as he can in them.
- According to Abaddon, he ended a religion by killing its prophet.
- He could chop off the limbs of people with his mind.
- Nathan owes Abaddon a five minute dance in this episode.
- Nathan mentions Abaddon is immortal and mentions he saw him sit at the bottom of a lake for two days.
- Abaddon wears knee high socks :D useless outfit fact!

Episode 3 voicelines & facts

Title: Rady Slasher

- "Why would someone date you?"
- "And I'll sit under the desk"
- "She said 'I don't want to go'."
- "Abaddon! Abaddon!"
- "No one can reach that man. He is immortal. He's powerful. And ten years ago, he stole my Trilby."
- "It's a brimmed hat."
- "It's NOTHING like a fedora!"
- "And tonight is the night I take it back."
- "Why am I still talking to you?!"
- "Give me back my trilby!"
- "You think mere impalement will stop me?! I was born impaled!"
- "I am vengeance."
- "No!"
- "Katherine uses packing tape."
- "Oh, I don't sleep."
- "I don't"
- "I am the nightmare."
- "Prepare for 50 pounds of pain!"
- "GIVEMEBACKMYTRILBY!"
- "Got it!"
- "What guy?"

Facts

- In hell, dating is when you choke someone with a prune. This is stated by Esther, but it ties into Abaddon asking why someone would date Katherine.
- Ben mentions Abaddon has fallen out of the car on at least one occasion. Abaddon raised a brow once Ben mentioned it.
- Abaddon is later seen eating a box of prunes.
- He crawls out of vents pretty easily.
- Nathan refers to Abaddon as his ward, which is a type of guard.
- A trilby is described as a soft, close-fitting hat with a narrow, upturned brim at the back and a shorter crown than a fedora, which is often confused with it. Apparently, it originated from a 19th century play and got its name from the first London stage production of George du Maurier's 1894 novel Trilby.
- I forgot what the two sword scene is a reference to 💔
- Despite being stabbed with a hand rake, Abaddon seemed more confused than hurt about it.
- Abaddon can do a keg stand, writing these down just because Stabaddon is a funny scene. The beer is coming out of the three holes poked through him by the hand rake.
- The arm cut hurt him tho. When things like this happen, Katherine patches him up with packing tape.

- Abaddon claims he doesn't sleep.
- Assuming Abaddon means his vessel is 50 pounds, it's on the lower scale got a kid his vessel's age (45 to 85).

Title: How To Train Your Demon

- "I made a nest"
- "There was a demon who looked just like me! I had to assert dominance."
- "I did" (he threw his body at a wall)
- "That was not me! The deer and I have a temporary alliance."
- "Mothman."
- "I left ALL OF IT because we HAVE an ALLIANCE!"
- "I'll be back in the vents!"
- "No, I'm going in the vents."
- "I want to go in the vents!"
- "NOOOOOOOO!"
- "In hell, I had five mouths."
- "Release me!"
- "And you are the cause of all of mine"
- "The Mothman!"
- "I want the beach music."
- "I ate all your chapsticks."
- "What are you doing?"
- "I want to go back to the hotel!"
- "I am worth six boys."
- "Do you still intend in trapping me in the trunk?"
- "That they are my grabbers for committing my darkest deeds."
- "You forgot to get paint."
- "Two-hundred years."
- "Because the night is my canvas and terror my paint."
- "I'd like PB&J for lunch."
- "Mh, I was lurking."
- "I don't want a job!"
- "You don't seem happy."
- "The noise is... pleasing."
- "I was using that."
- "I'm an immortal evil bound to the body of a boy in a place I despise."
- "Because hell might come for me!"
- "I had a job in Hell, you know. I was a gatekeeper in the fifth ring of the sunless city. I determined who would enter for torture and who would fall into the abyss for a different torture. Then in my ten thousandth year, I was sent to Earth to wreak havoc. I possessed a young boy, which was very popular at the time. I didn't know this boy's father was a priest of some skill. He bound my body. And bound my spirit to the body. But as the

priest began the spell that would destroy my essence, I leapt upon him, taking both of us over the cliff. I was safe, but bound powerless to this form, doomed to wonder the world forever. But I always hoped that my home would come for me at this, the site of my failure.”

- “It’s sleeveless”
- “And destroy our enemies?”
- “I need rope to bind the great enemy. He nearly entered the hotel, but I protected it. “
- “This is just preliminary. I lack the strength to hoist him by his nipples.”
- “I thought he was your nemesis!”
- “where I come from, it does!”
- “Hm, very well.”
- “NOOOOOOOO!”
- “I’m sorry, everyone. This is all my fault. I tied up Mr. Charlie. I was just trying to help my Aunt Kathy. But I know it was wrong. Here, take away my baseball glove. And don’t let me have ice cream for a month.”
- “Get me... a dead squirrel”
- “That was me meeting you halfway. May I have my vest?”
- “Hm? Oh, I cut my hand off.”

Facts

- Still figuring out why a nest-
- Abaddon thought his reflection was a demon that looked exactly like him.
- He killed a deer in the back porch, during his temporary alliance with it, against Mothman.
- He throws a tantrum like a child, but his scream can crack glass.
- He believes someone smiling at him means they are trying to siphon his wicked essence, because that’s how it happens (allegedly).
- Katherine already got a ticket for not keeping Abaddon in his booster seat.
- The music playing after Abaddon requests “the beach music” is called Catch A Wave by The Beach Boys (1963), presumably the 2001 radio remastered version.
- Abaddon can’t scratch through skin because Katherine cuts his nails.
- Abaddon is recognized in town for jumping on cars, eating the carrots and dirt from a lady’s garden, breaking into a man’s kitchen to sit on his table, and is easily identified as “a boy dressed like he’s from the 1700s”.
- He’s been breaking into people’s homes for two-hundred years, just to torment people.
- He likes yogurt and peanut butter & jelly sandwiches :D The yogurt he was eating was pink so it could be: strawberry, raspberry, cherry, or pomegranate.
- Abaddon has been terrorizing the townsfolk for 3 hundred years. People have tried throwing him in the lake, burying him alive, sending him to a boarding school with a focus on tough love, chained him up to the attic, he can’t be contained.
- Seems electricity might temporarily knock him out.
- I like to assume he threw up blood cuz he was being nice.

Episode 5 voicelines & facts

Title: Rollyfluffs

- "In hell, everything is opposite."
- "No amenities"
- "If I bit someone's leg, they wouldn't think, they'd know."
- "Does burning your sigil on a yogurt lid mean NOTHING in this house?"
- "Oh, there's still time."
- "And I can feed it to a bird."
- "Really? Because I've given chocolate to hundreds of birds."
- "How dare you question Abaddon? Prince of the underworld. King of shrimp! Destroyer of-"
- "No."
- "My mother-in-law"

- "Can you not yell at me?!"
- Come back to fix this one later: "Feara Magnis Feara ustice vindictemavi"
- "AAAGH! I GIVE UP! I've lived thousands of years, I've slaughtered armies with only my trident, and I've almost finished a 100-piece puzzle of Christmas trees. But I've met my match in this device."
- "I can see who's bald."
- "Birds cannot eat chocolate."

Facts

- Abaddon states that everything is the opposite in hell when Katherine says “and a very unpleasant evening, Abaddon”.
- Abaddon labeled a coconut yogurt in this episode, meaning he doesn't only like the mysterious pink flavored one.
- In this episode, it's the first time I actually see him walk off doing the dinosaur hand gesture.
- He will pretty much hide in whatever compartment his tiny human body can fit in.
- Abaddon is either lying or he just admitted to killing hundreds of birds by feeding them chocolate. Take your pick.
- He has no idea how to use a computer, love seeing him just immediately click the bell instead of touching the mouse.
- He has a mother-in-law, which he states is his greatest enemy.
- For the spell: Feara: might be a misspelling of the word fear. Magnis: plural for big. Ustice: I definitely misspelled it but it's probably justice. Vindictamavi: made up, possibly derived from the Latin words “vindicta” meaning vengeance and the past tense for seeking to punish or avenge “vindicavi”. All together, it seems to be a spell meant for a vengeful version of justice, which is just a killing spell. I sounded the phrase out repeatedly and listened to it repeatedly. Will repeat procedure again in near future.
- Nathan tried for, at least, 42 times to teach Abaddon to click a mouse.
- Nathan gives us backstory on the state Abaddon was in when they met: “Bud, when I met you, you were running feral in the woods, surviving off of squirrels and the nuts they left behind. Heck, when I brought you indoors, you didn't even know how to sit in a chair.”
- Abaddon stands on chairs, he gets to see who's bald.
- Abaddon managed to find the button for voice commands on the computer. He then proceeded to throw the monitor onto the ground.
- Now, the hotel has a ghost bird. Thank you, Abaddon.

Episode 6 voicelines & facts

Title: Ghost Hunted

- “Why would you want to be shrunk down and trapped in the prison box?”
- “Sending messages? Meaning I could use TV to transmit my message across the globe, begetting a new horde of disciples to do my unholy bidding?”
- “I'll put *you* down.”
- Greetings, potential slaves. I am the Cobra King. Let's get into it.”
- “Hey, if any followers of the Cobra come to the hotel, that's for me.”
- “And then your precious leaders will be cut up like so many hot dogs at lunch, and I am the ketchup. How do I stop recording-”

Facts

- Another moment of Abaddon not understanding technology but still finding how to use it.

- He can easily run on all fours and climb up the chimney, as well as hang upside-down inside the chimney.
- Abaddon has his own YouTube channel thanks to Esther, who uploaded his video labeled_“!MESSAGE FOR ALL MY FOLLOWERS!”. The captions in the thumbnail say “A SPECIAL MESSAGE For My Followers?!”. It had only two views at the time of it being shown, one being from Ben.
- The second view was from an actual cult member.
- In a pin board, it's shown that Abaddon has been spotted in different public settings in different time periods, possibly even caught during historical events.

Episode 7 voicelines & facts

Title: Seven Deadly Bens

- “Oh, four connections is trivial. I've connected things you could not imagine. Heads to feet, elbows to teeth, the very souls of men to that which they most despise.”
- “Sneaky indeed. We play again.”
- “Yes, another connection. Soon, the prophecy will be fulfilled.”
- “DAMN YOU and ALL who come after!”
- “You've betrayed me. Connecting that which I did not wish connected. DO NOT FAIL ME AGAIN!”
- “rematch me, or I eat all the pieces.”
- “You are the one they call Heather?”
- “So we know of eachother. Then you know my value. And also my struggle.”
- “Or you could switch your allegiance to me. And then, when the time comes, I will ask something of you. And together, we will connect hundreds.”
- “Why is everybody staring at me?”
- “I did?”
- “FEEBLE OFFSPRING OF A LESSER GOD, I HAVE DEFEATED YOU! Now you will taste the bitter grit of the grey chips!”
- “What's color?”

Facts

- Abaddon is colorblind and doesn't know what color is.
- He ended up putting the connect four chips in Blender, because he's Abaddon.

- “Esther.”
- “You're out of this.”
- “Yes.”

- “Yes.”
- *Constant grunting as he battles a door that won't move due to the door stopper being placed down*
- “Interesting.”
- “Goddamn this inescapable prison!”

- *surprised gasp*
- “I shall call you Jarbon, after the first man I ever tortured.”
- “Ow” but affectionate <3
- “It's come to this. A demon of the ancient world brought low by the technology of the new one.”
- Oh, we lose it all in the end, don't we, Jarbon?”
- “You would abandon me to rot?!”
- “Oh Jarbon, you eight-legged genius!”
- “We're almost...there”
- “Jarbon! Go on without me! Spin webs that grow heavy with flies.”
- “Allies to the end. Then let us be rid of this place.”
- “Victory! Pathetic doorstep, you are no match for the combined might of Abaddon and Jarbon!”
- Jarbon? Jarbon?! JARBOOOOOON!”
- “Because he was a hero.”

Facts

- The first time an episode has Abaddon smiling in his first appearance.
- Both Abaddon and Esther were digging up bodies.
- Esther's watch says it's 9:00 when she says it's bedtime.
- Abaddon was trying to stab the Mothman the second time we see him.
- Abaddon has his sigil burnt into the sink cabinet, a doodle of a demon and a cross, and has been counting something (there is a total of 63 lines). There is also an old, dirty, white button-up shirt inside the cabinet.
- He was drinking CLR Calcium Lime Rust remover, probably a 28 FLOZ bottle.
- Possible spider species for Jarbon: Red-Headed Mouse Spider, Apache jumping spider, Cardinal jumping spider, Paradise jumping spider, or an entirely made up spider based on some of the ones listed above.
- Abaddon “buried” Jarbon on the front of the hotel, to the left side of the entrance.

Title: The Esthercist

- “Am I to understand you receive regular payment from the matriarch?”
- “Five days.”
- “Mom, I would also like allowance!”
- “And why can't I have allowance?!”
- “Demon attack!”

- “*whistles* Cats and dogs out there. *Gasp* I didn't know I could whistle.”
- “So you assume I know them? Why? Because we're all “demons”? Raised in the same primordial ichor, destined to subjugate mankind when the nine stars of morning align?”
- “They're the spawn of Rabisu, an ancient Assyrian demon who was mean to me. They were clearly summoned. Probably with that relic covered in Assyrian symbols.”
- “You remembered.”
- “ “How will he remember?” I remember the beginning of time, when the veil of the beyond tore open, and this planet spilled out like a pebble from a god's shoe. You tell me what you need, and I will remember it until the universe dies! -And I will also like an allowance.”
- “Yes! Yes! Yes!!”
- “I will not fail. *That* was an analogy.”
- “Hm.”
- “I got the buttons!”

- “Mh, something's different about you.”
- “Parsley?”
- “That's about to happen, by the way.”
- “I didn't see the demon's deception. I don't deserve allowance!”
- “My good chains.”
- “mm-hmm. Assyrian demons possess to kill. So old-fashioned”
- “They had a good run. I'm gonna go lay in a grave for a few months.”
- “I've been known to hoop-trundle.”
- “No! I've failed enough today.”
- “I only said that to impress you! He fell down the stairs...”
- “Where are you going?”
- “It's more challenging than it appears!”
- “You are deer >:[“
- “For allowance.”
- “I would like my allowance now.”
- “Yes, yes, yes!!!”

Facts

- I like to think the voice the lady heard in her mattress saying it liked her bones was Abaddon, but having no evidence of this, this is simply speculation based on his fixation on bones.
- Abaddon shows interest in cleaning chemicals, sniffing and even licking some of the cleaning supplies before recoiling from the bad taste.
