%FIRSTNAME%,

There's a decision you need to make today.

...To leave behind the fear of what other people have to say about your actions, your quiet thoughts and opinions for walking through life with indestructible confidence

Or you can,

Stop reading now, succumb to beta male energy, and let your self-doubt eat you up...

...Prove those "friends" who only supported you on your downfall...WRONG!

Do you want to wake up feeling like "The Man"?

An alpha 'T-boosted' male. .

'That' guy who's smooth with all the ladies and has them all head over heels chasing him.

Who cuts through life's challenges like a samurai, with the sharpest of minds that oozes clarity and confidence.

He doesn't overthink anything because he has mastered cognition and all ranges of emotion.

Not only that, but he's someone you want to call in your darkest of hours.

But, before he became a true alpha...

He had to be prepared of the **cost of what it took to become a top tier male**...

...and be willing to endure the occasional beat down that life gave him.

Are you prepared to continue being your 'average joe schmo'?

If not...
