

## To look up staff leave balances:

To look up both personal leave and long service leave balances you need to log into CEVN (Catholic Education Victoria Network). Once you have found this page you should bookmark it.

<https://sso.cecv.catholic.edu.au/home/login?des=CEVN2>

The Login is your C number (which never changes)

The password would have originally been the same as when you log into any school computer (Pat may have already re-set this for you). If you cannot remember or this does not work, you will need to get Pat to re-set it for you.
