

## THE SHORT ONE

Hi I'm McInnes. I've been DJing for the last ten something years, warming up crowds for acts like Flume, Tina Arena, Nicolas Jaar and Toro Y Moi. Playing festivals around the world from Splendour in the Grass to Electric Forest and for brands like Gucci, Louis Vuitton, adidas and Playstation. Expect a hella good time.

## THE LONG ONE

McInnes has been sharing music over the airwaves and to countless dancefloors between Sydney and LA for the last decade.

While still in high school, McInnes got his start as a presenter on **FBI Radio**. He began working at **Future Classic** and then quickly found himself warming up crowds for international acts like **Flume, Nicolas Jaar, The Whitest Boy Alive, John Talabot** and **Toro Y Moi**.

He's played festivals from **Splendour in the Grass** to **Electric Forest** and for brands including **Louis Vuitton, Gucci, adidas** and **Playstation**.

McInnes launched his own record label, **Plastic World**, with local Sydney legend Vichara Edirisinghe, founder of **Astral People**. Plastic World released ten outstanding records by local Australian artists **GL, Retiree, Alba, Tuff Sherm** and **Cassius Select**, which were quickly championed by **The Guardian UK, The Age** and **VICE**.
