Who Is Parrskerr?

For those who have no idea who this individual is, Parrskerr was an artist and fursuiter who gained a following on TikTok. He currently has over 19K followers.

Parrskerr used to be friends with Fred (@quirk_is) and their friends, which led to him being invited to join a Discord server. This server was created for friends and artists to share their work with each other and vent about their problems. Individuals such as Paniiko, Wicked, and others in that posse were not welcome in that server, due to the victim who was raped at the hands of Wicked's husband being in it.

Parrskerr was friends with most people in the server. On October 4th, Parr's server was raided by Wicked and Paniiko in an attempt to troll him. He alleged that on that day, Paniiko reached out to him and told him to give her screenshots from Fred's server. Whether or not this is true or if Parr just decided to hand over information from the server, we do not know. This is simply going off of what Parrskerr told Monica when confronted after he was caught as the mole.

PARAPPA! Today at 3:10 PM

On October 4th, when Paniiko and Willow raided my server, Paniiko went into my dms, i tried to block her but she has stated multiple times that she EASILY found Puppy's info, and i was terrified that she would find mine

So, i was stuck, no other choice but to do as she said because i was terrified of her discovering where i lived and such I had no idea she was gonna send out a cease and desist until they came, so when they came out i was as shocked as y'all, she never told me about a cease and desist, and when i asked her, she said "i can't say yet" and that was it, all she told me was "when the thing im gonna do comes out, its gonna hint to them that there's a mole" which fucking terrified the shit out of me because i ddin't want any of this to happen, i didn't mean for any of this to happen, i didn't know she would do this But i will tell you all and warn you, the cease and desist are real, and you all need to be careful because Jessica is more than serious about all of this, she's even sending Lexet to court as of now so yeah, there, im so so sorry, i ddin't mean for any of this to happen I didn't want people to recieve cease and desists, i didn't want Lex to get sent to court, i was terrified of her finding out where i lived

Im not a proshipper, im not a pedophile or a pedophile supporter, i never wanna be labeled those things and while all of this was happening, i learned stuff that y'all couldn't find, i even got screenshots between Paniiko and Lexet's dms

After being banned from Fred's server and Fred posting a callout exposing what was told to CEO in DMs, Parrskerr lashed out at everyone involved claiming that we were just trying to hurt him by posting about what happened, when in reality we still felt pity for him because we believed that he was threatened by Paniiko and felt too scared to come forward and ask us for help.

However, we now believe that this may not be the case.

After recent evidence has surfaced, we now have come to believe that Parrskerr is one of two things.

- a.) A minor who used a fake ID to get into Fred's server
- b.) A pedophile who previously dated a 16-yr old and lied about what really happened

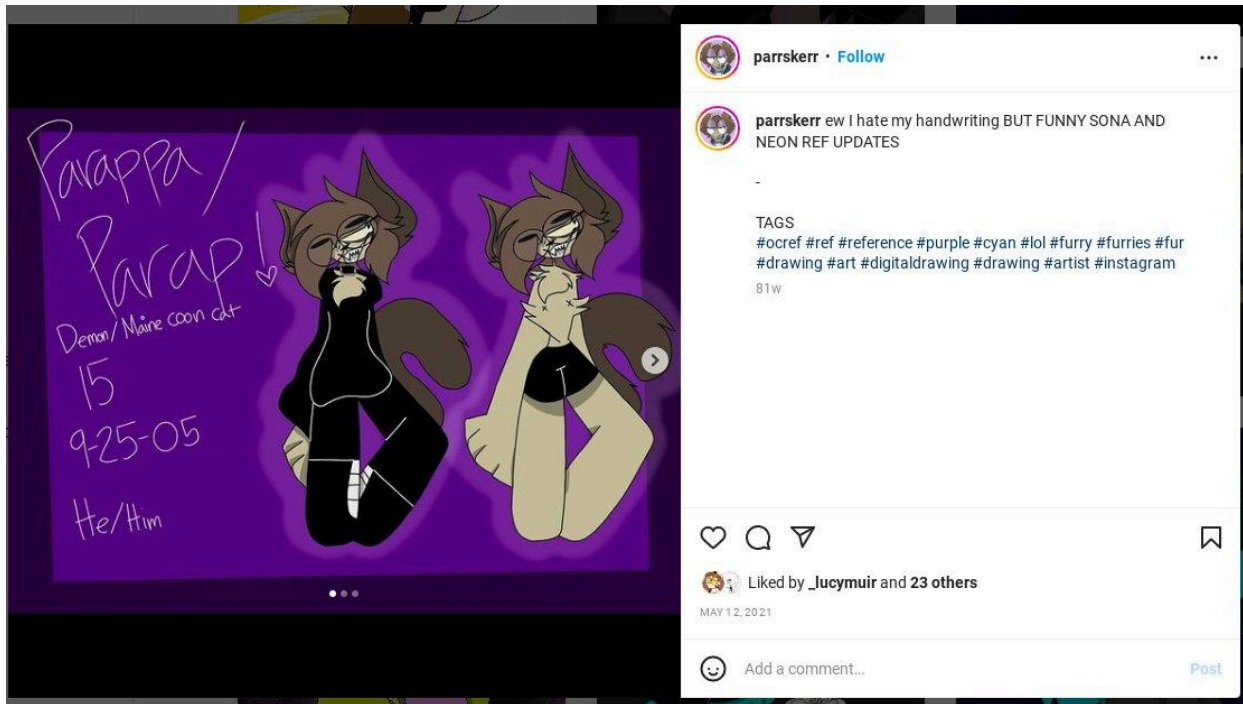

We do not know for sure which is the truth, only Parrskerr himself does. But we do have evidence to back up the fact that Parrskerr is lying about something, as organized in the sections below.

Past Claims of Being Underage

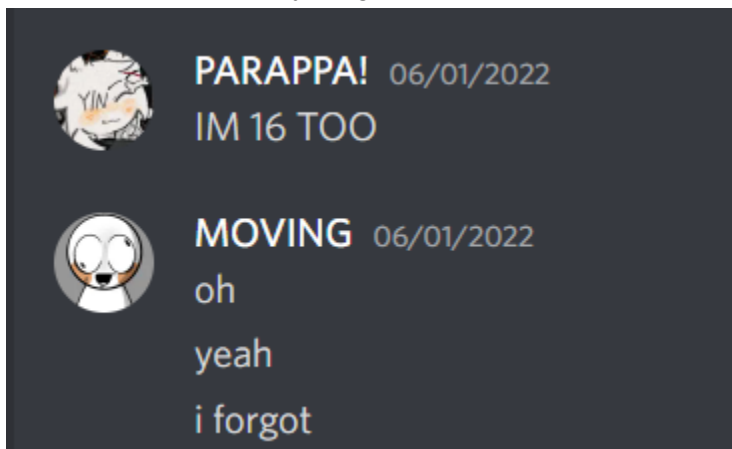

Before he joined the Your Boyfriend fandom, Parrskerr was very active on his Instagram. He posted furry art with characters belonging to both himself and his friends.

On May 12, 2021, he posted a reference sheet for his persona with his birthdate. However, instead of 2003 being his birthyear, 2005 is the birthyear.

This would mean that his current age would be 17, not 19.

He also claimed to be younger to an ex partner of his, who was 16 at the time.

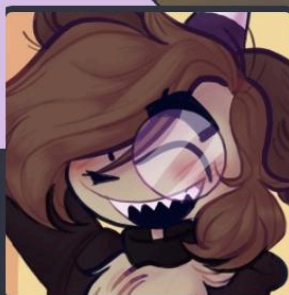

However, despite this, Parr still claims that he is 19. This is how he was able to get into Fred's 18+ server, even after ID verification.

Parr is also involved in a situation revolving around Twisted-Bones, to which he lied about being groomed by this person. [This](#) doc debunks his lies and also shows more evidence of him claiming to be underage.

Recent Claims of Being An Adult

As of today, Parrskerr claims that he is an adult. If he really is a minor, then he used a fake/edited ID to gain access to Fred's server.

The first time that Parrskerr was mentioned to be underage, Fred had confronted him about it. Parrskerr claimed that he was an adult and that the person who tipped off Fred was an ex who lied to him about their age (this is not the case, as the next section will cover).

Hey Fred, can i talk to you about someone that used to be in your server and give reason why if they ever try to join back to never let them back in?

My Quirk Is Fred 09/03/2022

Huh?

PARAPPA! 09/03/2022

Its quikkby

My Quirk Is Fred 09/03/2022

Ohhhh Quikkby, I forgot about them

I think I heard about what happened, were they the one who was 16?

I can't seem to find them in my server

PARAPPA! 09/03/2022

IDK I WASN'T TOLD ANYTHING LIKE THAT, he told me he was 19

So like, i dont know if you knew but me and him were dating, he's my ex boyfriend because and i have blocked him on every social media now, but

PARAPPA! 09/03/2022

So like, i dont know if you knew but me and him were dating, he's my ex boyfriend because and i have blocked him on every social media now, but during the time i was dating him, he groome/ sexually assaulted me (i dont think you're were made aware of this but Quikkby has had history of grooming a 12 year old)

He masturbated on call without my consent, SH'd on call without my consent (i was VERY uncomfortable on both occasions but didn't say anything because he would blame his hypersexualness if i said something) and at one point, we planned to meet over the summer, he said he was gonna rape me once we were alone, and luckily i didn't go, i lied to him saying something came up

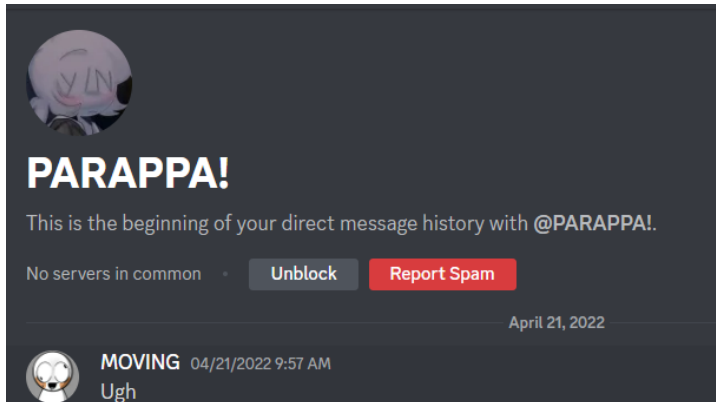

he fetishized incest as well, and even drew porn of two of his ocs who were both brothers

Parrskerr constantly claims that he is an adult. Whether or not this is true, like I said before, only he himself can answer that question.

However, minor or adult, it does not excuse his history of horrific abuse and lying, which is present in the screenshots posted above. Proof of him lying about Quikkby will be posted in the section below.

Quikkby's Abuse

On 04/21/2022, Quikkby and Parappa would start their interactions in Discord dms.

Only 2 days after would Parappa propose the idea of dating after Quikkby confirmed their age to him.

Parrskerr would encourage Quikkby's self harming behaviors, telling them that he would love for his name to be carved into Quikkby. (He later says Quikkby cut themselves against his wishes. Another lie.)

PARAPPA! 05/23/2022

its so cute to watch you cut for me fuck.. <33

Parrskerr would then solicit nude photos from Quikkby on 05/20/2022.

On 9/03/2022, Parrskerr would break up with Quikkby and approach Fred on the exact same day, telling them Quikkby was underage and that he had NO clue Quikkby was a minor.

Parrskerr would try to sway Quikkby into deluded situations, convincing Quikkby that Parrskerr had a Peter alter based off of a fictional character from a visual novel game called Your Boyfriend, something he would never mention to us or anyone else in the server. He would “switch” between himself and “Peter” and would use “Peter” to manipulate Quikkby into doing things for him.

Parrskerr has also shown more signs of being psychologically abusive in the form of attempting to make Quikkby jealous so that they would become obsessed with him. When Quikkby submitted out of desperation, Parrskerr's mood quickly turned and he began to ramble about how horny he was for Quikkby.

Due to all of the abuse they endured, Quikkby ended up having nightmares and mental health problems relating to Parrskerr.

Quikkby explained how they developed a “delusion” of sorts to help them cope with their trauma and the psychological abuse they endured while with Parrskerr.

Quikkby Yesterday at 10:52 PM

found a way i think

unrelated
Discord
thing

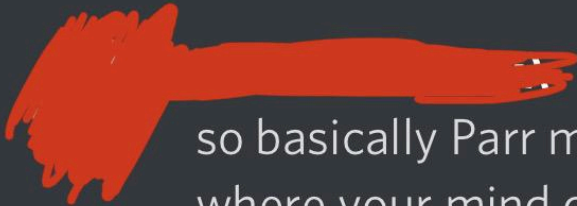

oh yeah idk if this would be important
but my mental health got so bad while talking
to his "alter" It developed a delusion
i was aware after the delusion is not real, but i
dont like calling them one because they feel
real to me

not sure if this sounds familiar
jazui

Quikkby Yesterday at 10:55 PM

basically a brother to me, he just comforts me,
he talks to me in my mind when im extremley
distressed, not anymore obv
but i developed him like a coping mechanisim
because of parappa

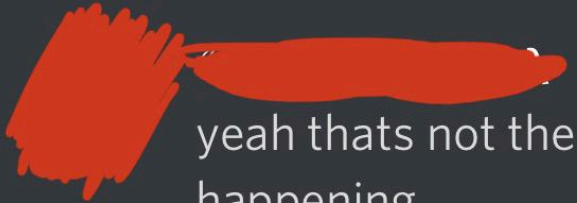

Yesterday at 10:56 PM

so basically Parr made you scared enough to
where your mind developed someone to
comfort you?

Quikkby Yesterday at 10:57 PM

yeah

Yesterday at 10:58 PM

yeah thats not the first time ive heard of this
happening
or at least something like this

There are more screenshots of Parrskerr's lies and manipulation from behind the scene, but we don't plan to release those as it may lead to others being harassed if he decides to retaliate against Quikkby, Fred, or me for exposing his predatory behavior.

Closing Statement

Parrskerr is a manipulator. That is the simplest way that any of us can put it. He has potentially lied about his age, he's lied about his relationship, he's lied about previously being an "anti".

Parr has always been into problematic situations, except his fetishes extend past the realm of fiction. He has actively abused a 16-yr old and has encouraged them to self harm, send nude photographs, and attempt to make them dependent on him with jealousy.

Parrskerr, you are an abuser. Just like the people you claimed to despise only to flock to their side once you realized that it was only a matter of time before we would realize that you were just as bad of a person as they are.

The best thing that you can do right now is to take this experience and the experiences before this with your old friends and try to learn from them. For everybody's sake, be better.
