Frequently Asked Questions

Who provides heating services near Alden Rd in Markham?

Markham Heating & Air Conditioning provides professional **heating services Markham ON** near Alden Rd, including repairs, installations, maintenance, and emergency support. Our **certified technicians** are committed to quality workmanship, dependable **customer services**, and complete **Customer commitment** on every project.

What HVAC services are available in Markham?

MARKHAM HEATING & AIR CONDITIONING SYSTEMS

SINCE 1983

We offer a full range of HVAC solutions, including **furnace repair Markham**, **boiler repair Markham ON**, furnace installation, heating maintenance, **Heat Pump AC** installation, smart thermostat upgrades, and complete **heating system service Markham** for residential and commercial properties.

Is same-day furnace repair available?

Yes. We provide **same-day heating service Markham** whenever scheduling permits. Our experienced **installation team** and service technicians work efficiently to restore your heating system as quickly as possible.

How much does heating repair cost?

Heating repair costs vary depending on the issue, equipment type, and replacement parts required. We provide upfront estimates and recommend cost-effective solutions, including **Energy-efficient furnace** options when replacement is the better long-term investment.

What systems do HVAC technicians service?

Our **certified technicians** service furnaces, boilers, **Heat Pump AC** systems, air conditioners, ductless units, smart thermostats, and other residential and **commercial HVAC Markham** equipment from most major manufacturers.

Are HVAC technicians licensed in Ontario?

Yes. Every **licensed HVAC technician Markham** on our team is fully trained and qualified to perform HVAC work according to Ontario regulations. We also follow **Consumer Safety** standards and industry best practices, including the **Qualified Contractor Checklist**.

How often should heating systems be serviced?

Heating systems should be serviced at least once a year. Regular maintenance, combined with **energy efficiency assessments**, helps improve performance, lower operating costs, and extend the lifespan of your equipment.

What are signs a furnace needs repair?

Common signs include unusual noises, uneven heating, frequent cycling, weak airflow, or increasing energy bills. If these issues occur, our technicians can inspect your system and recommend repairs or an **Energy-efficient furnace** replacement when appropriate.

Can heating systems be replaced in Markham?

Yes. We provide complete **furnace replacement Markham** and heating system installation services. Our professional **installation team** can also install a **smart thermostat** and recommend **Heat Pump AC** systems to improve efficiency and comfort.

Is emergency HVAC service available?

Yes. We offer **emergency HVAC Markham** services for urgent heating system failures. Our responsive team works quickly to restore safe operation while maintaining a strong focus on **Consumer Safety**.

Why choose a local heating contractor?

A local **HVAC contractor Markham** offers faster response times, personalized **customer services**, and knowledge of local climate conditions. Our **Customer commitment, satisfaction guarantee**, and experienced **certified technicians** ensure dependable service on every visit.
