IT'S GREAT OUT THERE COALITION & OPENING UP THE OUTDOORS

1. THE BACKGROUND

The It's Great Out There Coalition (IGOT) is an umbrella organisation bringing together organisations looking to ensure more diverse, inclusive and responsible participation in outdoor activity under the motto: 'Getting Europe Active Outdoors'.

Opening Up the Outdoors (OUTO) is an integral part of the Coalition since its integration into the IGOT umbrella structure on 5th September 2022. OUTO was founded in 2021, as a response to systemic racism, anti-Asian sentiment and in support of the Black Lives Matter movement. It is a not-for-profit initiative that focuses on the continued inclusion, education, and enjoyment of outdoor spaces by people of the global majority. We envision an outdoor community and industry that is truly diverse, equitable, anti-racist and accessible to everyone. Our aim is to ensure that everyone, regardless of ethnicity, religion, gender, sexual identity or physical ability is welcomed and included when they step outside.

To do this, OUTO is partnering with industry and community leaders. We're removing barriers to the outdoors by educating and supporting those interested building a more diverse, equitable and anti-racist outdoor community.
