

Trinity College

Educational Studies Program

Senior Research Public Presentations

Spring 2021

Location: Zoom Conference Call

May 12th, 3pm - 6pm

<https://trincoll.zoom.us/j/97521709411>

Anyone may view this program as a [Google Doc](#). Seniors may edit their project titles and add/delete their slides and final papers.

Each senior delivers a 10-to-15-minute presentation, followed by Q&A. Guests are welcome to attend any portion.

For the capstone Educ 400: Senior Research Seminar, all Educational Studies majors design, conduct, and present an independent research project on a topic of interest, using primary and secondary sources, with qualitative, quantitative, and/or historical methods. Each presentation is assessed by a guest evaluator (nominated by the student) and the Educational Studies faculty. The final essay is evaluated solely by the seminar instructor. Read more about our [learning goals](#).

Evaluators, please use our [interdisciplinary evaluation criteria](#) form when assessing student presentations. Email your completed form as a PDF to daniel.douglas@trincoll.edu
