

Hello hello VAs! Thank you for taking the time to look into this.

I am currently looking for a couple voices for my upcoming junior film! This is a 30-45 second film (at least that's the plan) featuring my character Detective Huxley, a robot detective, and another side character, Gordy. Try to think of it as a quick Popeye type of animated short. It's currently still in pre-production, but I should hopefully start the animating in a month or two.

As of currently I only have an established design for Huxley. Gordy at the moment is still in the process of being developed, but if you want an idea of what he looks like think of a Bluto kind of design, very strong/tough/gruff looking cartoon villain.

THIS WILL NOT BE USED TO TRAIN AI! I do not support Ai training the work of fellow artists the slightest, so please don't worry about anything like that happening!

File/Recording Requirements:

-MP3

-No higher than -12dB (however for audition files I'm not as worried, just keep that in mind if you're chosen for the final project)

-If you're voicing Huxley, you're welcome to put a robot filter over the recordings, HOWEVER be sure to have a file with the unfiltered recordings as well!

-At least 2 takes for each line done for the audition!

-This is a ***paid casting call!*** I'm willing to look at your commission prices if you're chosen for one of the rolls. *I'm hoping to pay per line, however I'm willing to work something out if you have no pre-established prices.*

We will discuss details for the recording of the official script if you're chosen!

You're welcome to try out for both characters!

All the details for lines to read and general voice descriptions are below! You're welcome to read all the audition lines or just a couple! You're also welcome to improv if the opportunity strikes!

Submit your demo reels or test lines to youronlydrpepper@gmail.com!

DEADLINE TO SUBMIT AUDITIONS: February 27th, 2025

If you have any further questions, don't hesitate to reach out through the email above! Thanks so much for considering!

Detective Huxley (Hux-Lee):

Voice Description:

Mid-range voice with an accent to it (Trans-Atlantic accent or an accent adjacent to that, perhaps a Boston or New York accent could work too.)

Closest Voice Reference(s):

-Inspector Gadget (From the original 1983 series)

Audition Lines:

"My name is Huxley, Detective Huxley. Pleasure to meet ya, kid!"

"Well, ain't she just electrifying! If I'm not careful, she might just make my wires cross!"

"The case? What about it, I'm on the case! Or am I? Gee, I can't wrap my head around what's what."

Design (may be adjusted in final film):

Gordy (Gor-Dee):

Voice Description:

Deeper, more gruff kind of voice. The same Boston or New York kind of accent can work for him too, however it's not as big of a priority for him.

There are no specific voice references for this character, so you're welcome to take more creative liberty with the auditions for this one.

Audition Lines:

"That tin can just ruined my whole day! I oughta kick him into next week!"

"Say, pal, got a cig on you? Been a rough day..."

"Jeez, ain't this just a load of bull. No toon has that kind of audacity!"

Design:
