

2025-2026 Rainwater Library Challenge

Kindergarten-5th Grade Students

This is an *optional, year-long* reading challenge from the Rainwater library. The **Library Challenge** will have challenges from September-April. Each month, a new challenge is available for students to complete. Sometimes the challenge will be the same for all students K-5, and sometimes it will differ, depending on the grade level.

If students wish to participate, they will complete the challenge + turn it into the library during school hours by the last school day of each month.

- Yes, challenges can be turned in early.
- No, late challenges are not accepted.

Challenge forms must be turned in during school hours by the student by the last school day of each month.

Medals

During end of year award ceremonies in May, medals will be awarded to students for high participation.

- A **GOLD medal** will be awarded to students who complete all 8 challenges throughout the year.
- A **SILVER medal** will be awarded to students who complete 6 or 7 challenges throughout the year.
- A **BRONZE medal** will be awarded to students who complete 5 challenges throughout the year.

Happy reading!

Mrs. Fair, Rainwater librarian
