ABOUT ME

My name is James! I'm a 21+ year old transgender man, with he/him pronouns. I do both role-playing, editing, and writing! WELCOME BACK,

GENERAL ROLEPLAY

I ask that all people be 18 and older. I do not feel comfortable with minors interacting with me in any way. I am semi-lit and I will match the detail that you give me. I do not drop without warning, and ask that you have the same courtesy. I do not intentionally ignore people (and if you feel you have been forgotten you can send in a reminder). I am friendly and do not partake in drama and will use the block button heavily.

SHIPPING

I only ship with chemistry, I do not ship with random people simply because they want to/they like the character. I prefer a long thought out storyline and interactions before we consider shipping. Most of my characters have a five ship limit. Lewd is with my ships only and in DMs only.

THE BIG NOS

No drama - I'm here as a way to escape my irl, this is something that I do for fun because it is something that I enjoy. No minors - I do not feel comfortable with minors of any kind interacting with me. No spam - I have a hard time in general keeping track of my notifications and responding to people in a timely manner. I do not need someone harassing me because I replied to someone else first instead of them. No only lewd accounts - I don't want to constantly be seeing dicks and boobs on the timeline. It makes me uncomfortable seeing that stuff.
