

Calling All Startups and Firms: Partner with Us for Tensor Quest – IEST Shibpur's Premier Machine Learning Hackathon!

We invite you to join Tensor Quest, a 50-hour online ML Hackathon by CodeIEST at Instruo - The Annual Technical Fest of IEST Shibpur. This event unites top talent from across India to tackle real-world challenges using advanced Machine Learning techniques.

Why Partner With Us?

- **Renowned Previous Participants:** Join a prestigious lineup of participants, including top colleges from across India and standout innovators like Striver, who made waves in our 2018 edition.
- **Access Top Talent:** Engage with skilled students and future innovators from leading engineering institutions.
- **Real-World Solutions:** Submit your problem statements and gain fresh perspectives on business challenges.
- **Brand Visibility:** Strengthen your presence within the tech-savvy community.
- **Talent Acquisition:** Leverage the event to scout emerging talent for internships or full-time roles.

For partnership opportunities or to submit problem statements, please contact
Angshuman Roy (angroycc@gmail.com),
Subhrajit Deb (witbyte111@gmail.com),
Sarah Jane Topno (sarah.j1906@gmail.com)

Let's build something INSTRUOmental for the AI-driven future!
