1. Grooming and Manipulation of Xenko

Grooming

When Nori was 14 she was in a relationship with 12 year old Xenko.

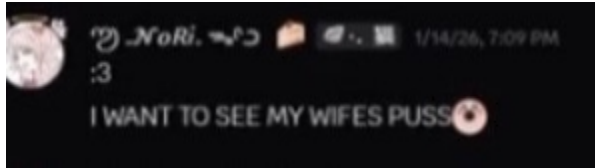

During their time in the relationship Nori would repetitively make extremely sexual remarks towards Xenko.

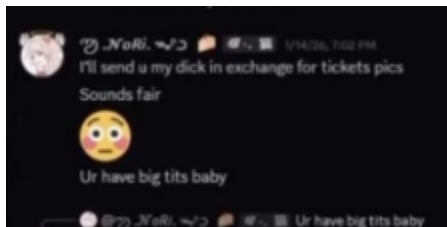

In this screenshot Nori is telling Xenko that she will put her tentacles inside of “Katie” which presumably refers to Xenko.

Along with making these sorts of comments Nori had also pressured and begged until Xenko sent explicit pictures.

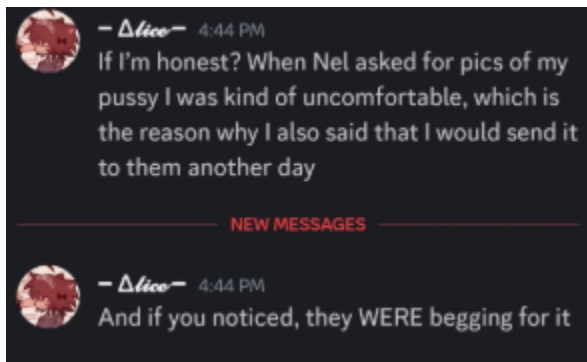

Even going as far as to offer her nudes in exchange for Xenko's.

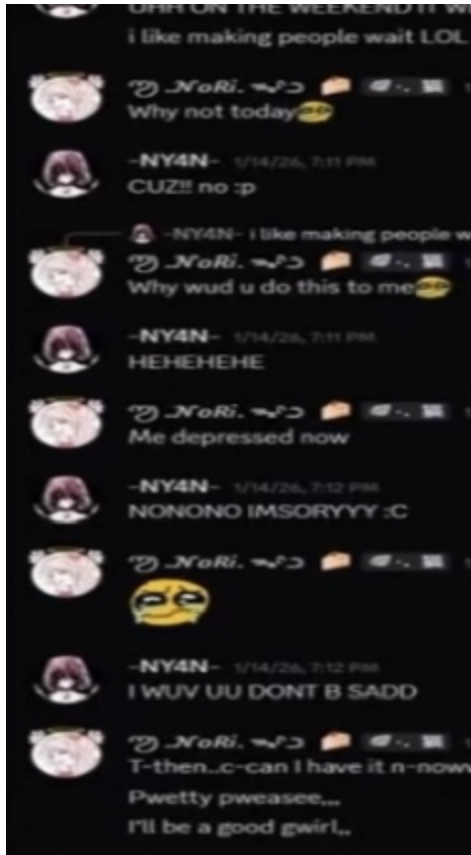

As we can see from the fourth message it is clear Nori already had gotten nudes from Xenko previously.

Xenko claims that she was uncomfortable with the idea of sending and claimed she would do it the next day.

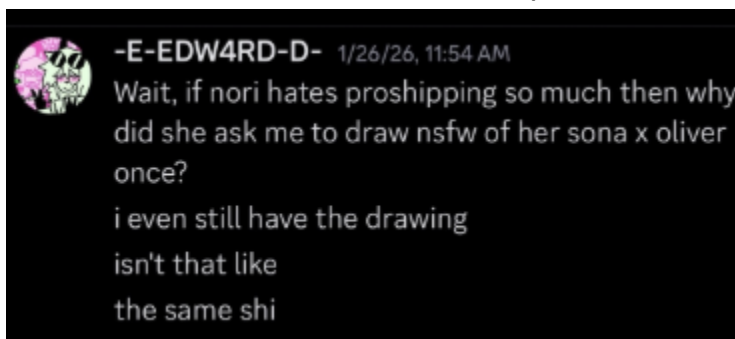

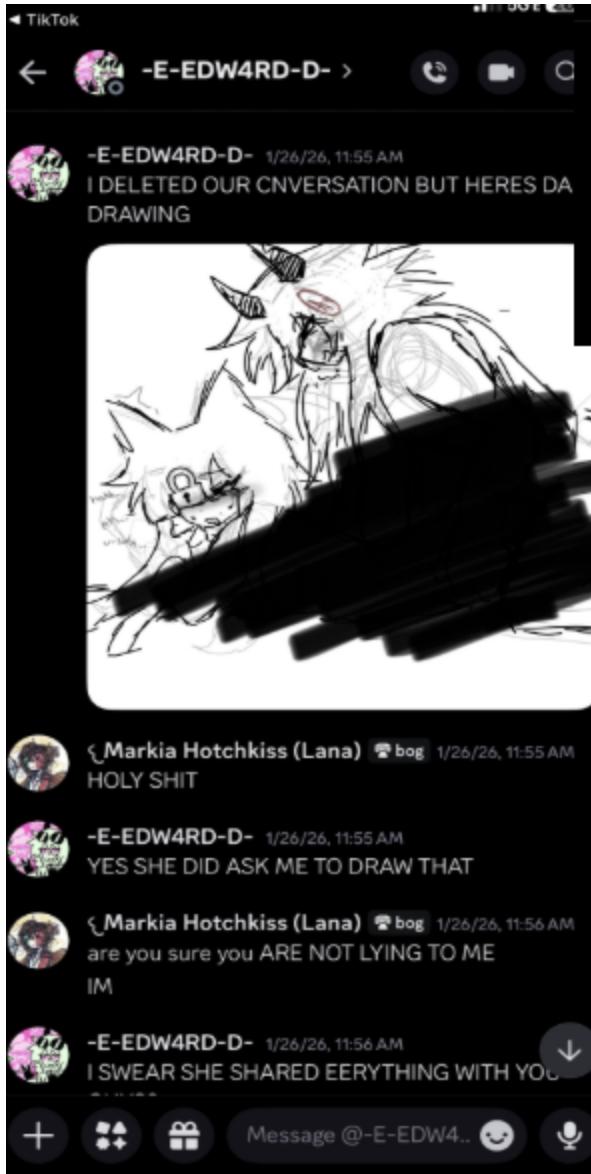

Instead of taking this as an answer Nori started begging and guilt-tripping.

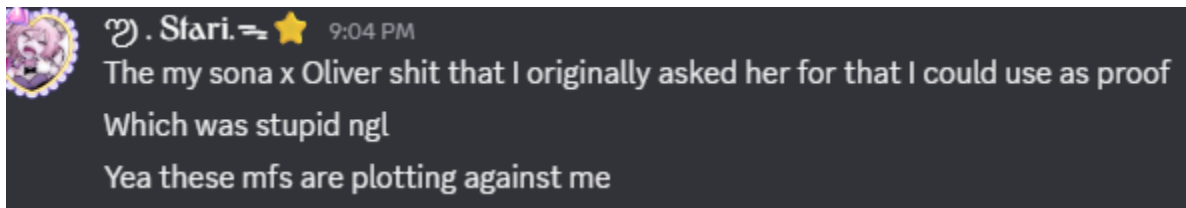

Manipulation

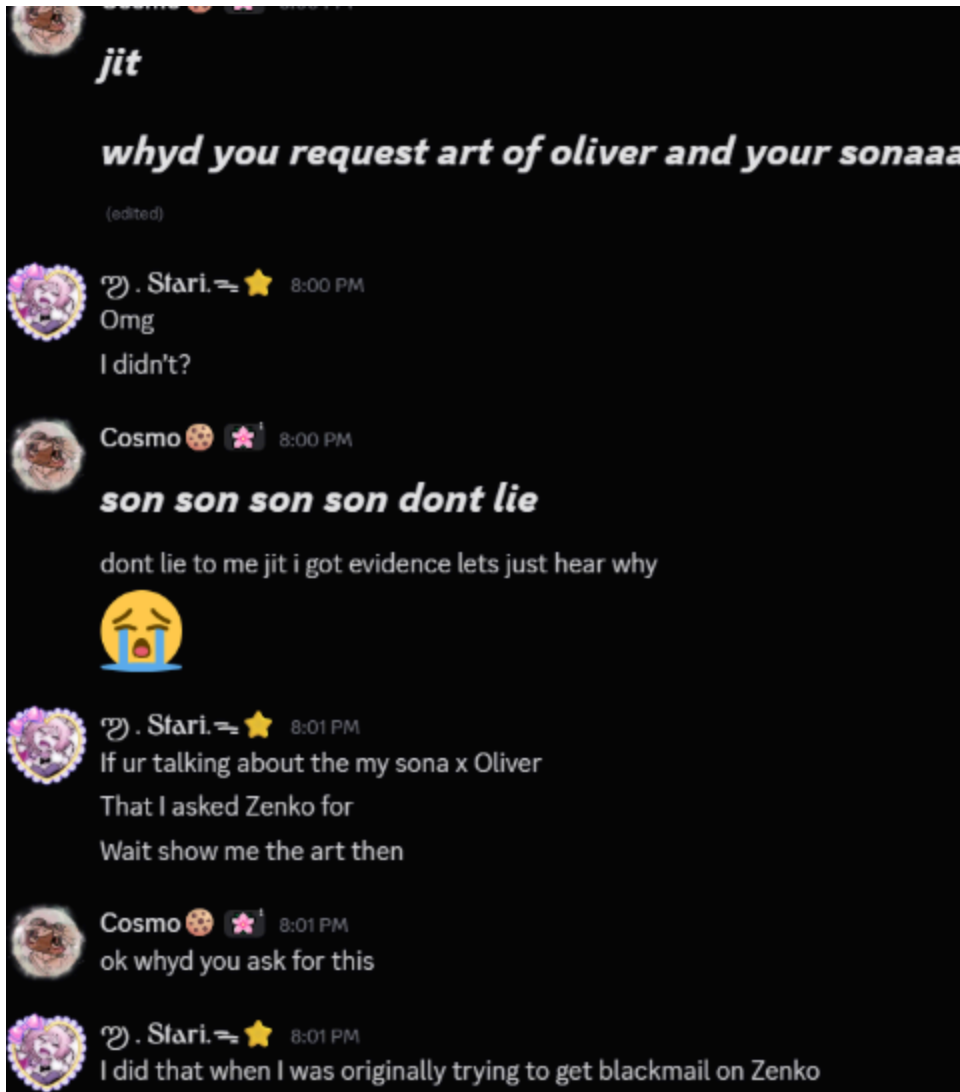

Nori, after grooming Xenko, asked her to draw darkship art of her OC and Oliver, an adult character from Fundamental Paper Education.

Later on Nori admitted to a friend why they had requested the art in the first place.

Nori needed blackmail in order to ensure that Xenko would have no way to come out about what Nori did to her without losing everything.

2. Sending Porn

2. Porn Sending

Seemingly Nori also has a tendency to send around porn to their friends without warning.

While Nori may have thought it as a joke it is still completely inappropriate to send and share porn around without consent.

This is not the only incident of Nori sharing porn without consent.

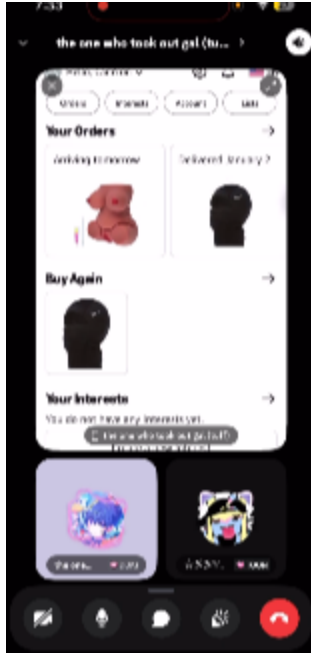

("He" is in reference to Nori, however please note that Nori actually uses she/her pronouns)

In these two images we can see that Nori had actively sent videos of herself using a dildo to Anon without consent prior.

Coral, Nori's friend, had also experienced this.

In a VC Nori had started going through her amazon history which included sex toys.

Coral later stated that she had not consented nor had knowledge of the fact this was going to happen during the call.

3. Sending Nudes

Staged porn and toys, however, is not as bad as it gets. Nori has on two occasions sent the nudes of associates.

In this screenshot we can see Nori admitting that she has been sending around something from Dango's girlfriend which was, in the next screenshot, revealed to be nudes.

Just before the second set of messages we have a short screenshot revealing something.

This has happened before.

Lana is a 13 year old and when asked about it she said this:

 @🍀||Saturn||🍀 Anyone explain

ζ Lil Fuge<3 (Lana) ☆  bog 10:09 PM

Okay so if u don't know already, Clur lied to coraline and coralines gfs-sending pictures of who was supposedly her and completely forgot that she got the pictures from dangos gf,, and the "Lana incident" was last year when clur forgot that she had photos of my chest saved and she sent them to Gal and Gal sent me the photo thinking it was clurs and then yeah,,

Clur, for reference, is Nori. So Nori has saved breast pics of Lana and has sent them around to people before.

(Btw Gal has, in fact, changed for the better)
