

Exposing Galena Phoenix and her Friends.

Don't send hate to anyone mentioned in this document. This is intended to call out Galena Phoenix and her friends by their actions.

Greetings to everyone, this is Galaxieva.

I am formally known as Apollo Viridis and Kiyoko, but I no longer use either name. This is the first time I've made an exposing document regarding a group of users whom I used to be friends with. Among these friends is named **Galena Phoenix**. In any case, this document aims to expose not only Serena Phoenix, but also her friends, since they are equally responsible for what they've done and how they conduct themselves. I honestly thought it was over, but it wasn't. It turned out differently.

(Galena Phoenix is also known as: Serena Dreamkeeper, Lena, Astoria Dreamkeeper, Chisaki Nekomura, Sapphire Naegi, Kugutsu Shuijin, Seijuku Naegi, Katrina, C.C. (Carol Cabrera), Cherry/Cherissa, Bliss, Autumn, etc.)

Pinkie will now show herself some experiences with Galena and her friends.

Well, I was friends with Galena in 2020 until this March (2022 March) when I joined Elena Chan's discord server, I decided to scroll up the messages and I saw what Galena and other friends like PinkPlush100, Jaydash123, Asia Ritter, Teri Phoenix, Gacha Eyad Life and etc. did. I was so upset, when I was about to play tomodachi life, they started to appear at Elena's deleted server. I feel like my inner spirit was unlocked. I felt so feral.

Without further ado, I would like to talk about who Serena is first.

Many of you probably never heard of Serena Dreamkeeper or any of her friends. So I'll explain. The content Serena Dreamkeeper posts usually consists of videos primarily Gacha related content. It might seem as if nothing happened, right? **Wrong.**

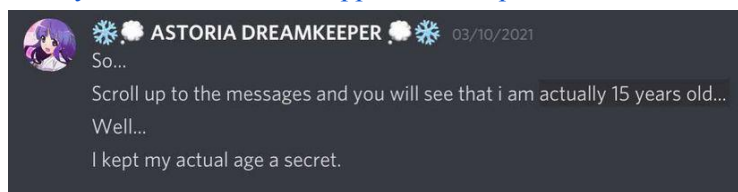

Serena maintains a Discord server that includes her friends which elevates her true colors.

After we have a general understanding of who Serena Dreamkeeper is, let's explore her more in depth.

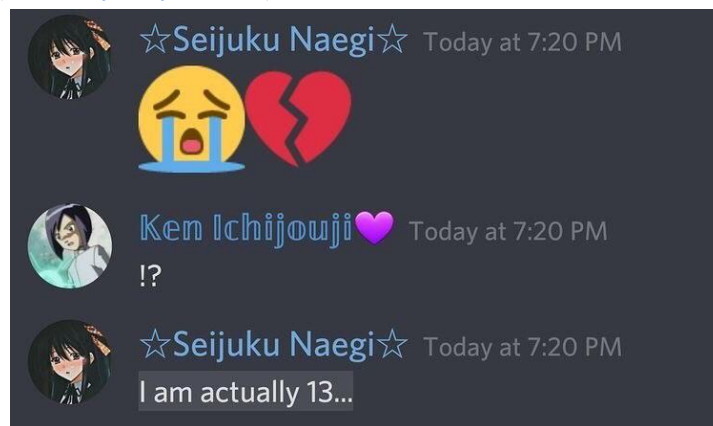

Back in September 2020, when I first met Serena Dreamkeeper for the first time, the first thing she asked me to do was draw her a fanart. I always thought she seemed kind. She and I met because I told Eyad and PinkPlush100 (excluding Elena Chan) that I always wanted a "new friend." Eventually, we became close friends. Things turned out well in the friendship between me and Serena. Well, I suppose It was... Until March 2021, Selena's fortunes began to deteriorate.

How did this happen? What led Selena to become such a tyrant as of today?

It all began when Selena started lying about her age, not just once, but TWICE. When I first met Sapphire, she claimed she was 16-17 years old and was born in 2003. She falsely lied about her age and claimed to be 15 years old, as it didn't appear to be a problem at first.

However as time passed, Serena lied again about her age. This time, she admits to actually being 13 years old. (Currently 14 years old)

It is clear that there's something wrong with Serena.

I spoke to my friend, Elena Chan on Instagram about my concern for Serena Dreamkeeper. Interestingly, Elena Chan seemed to also endorse the situation. (Elena Chan cannot use Discord during that time.)

Due to Serena's inexperience, she lied about her age because she didn't know the information on her birth certificate that made her do so. Even if Serena didn't know her birth certificate, she should not have lied about herself. If Serena hadn't disclosed her age, things probably would've been less complicated.

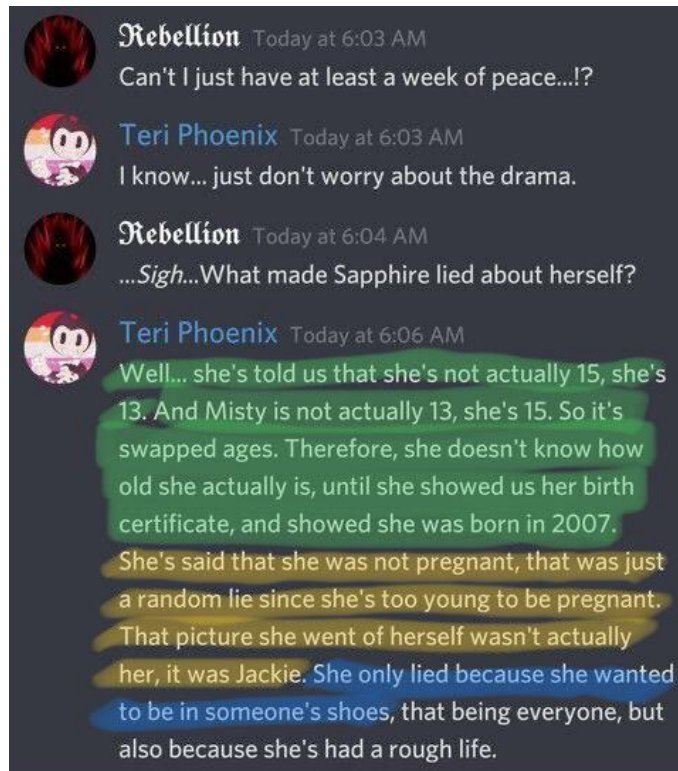

But wait. There's more; this isn't the only time she has lied about herself.

Serena allegedly faked about being pregnant to disguise her true state.

Due to the server being demolished, I cannot provide any screenshots of Serena claiming to be pregnant.

HOWEVER, Teri Phoenix, one of Serena's friends, revealed that Serena Dreamkeeper misled everyone to think she was pregnant, and it was subsequently revealed that Jackie was pregnant the entire time.

And the reason for that is due to Serena wanting to be in “someone else’s shoes.”

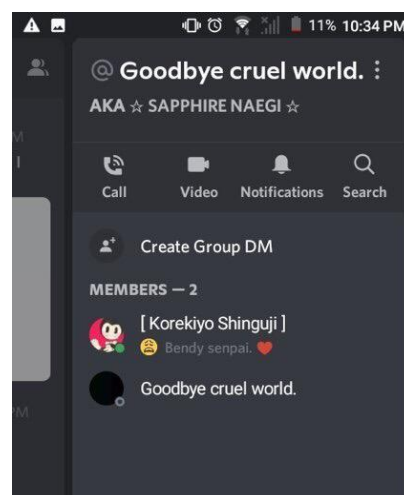

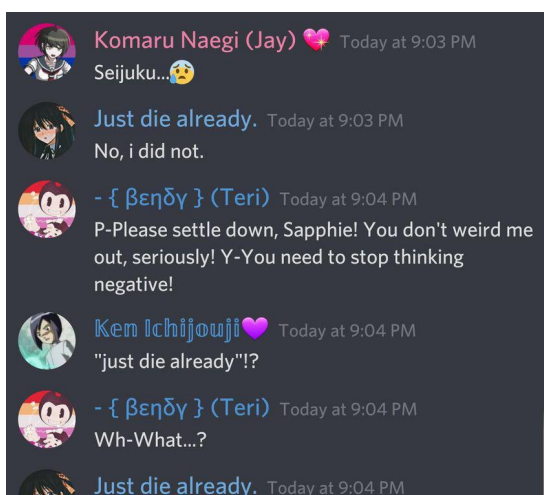

Here’s the evidence if you’re still skeptical. I have highlighted in green as proof based on Serena’s age, which I mentioned earlier. Misty also falsely claimed that she’s 13, but turned out to be the opposite. (Currently 16).

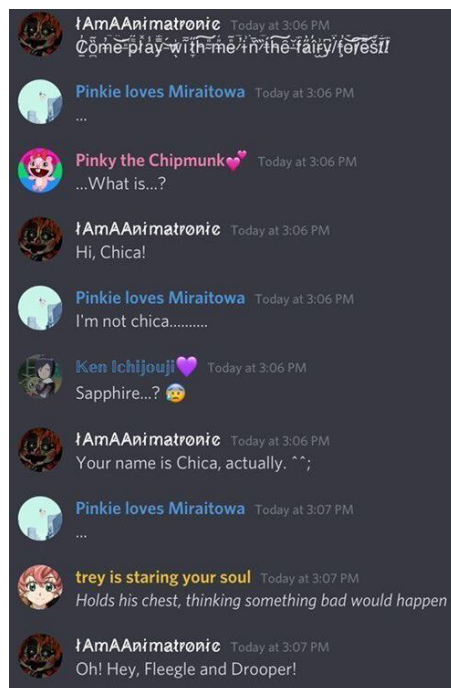

Serena Dreamkeeper not only lied about herself but also behaved very poorly.

Whenever someone calls a franchise that she likes “uninteresting”, Serena would take those words precariously. As soon as someone inquires about Serena’s mistakes, she’ll pretty much throw a temper tantrum about it, which makes no sense given her current state.

When this happens, she changes her name to something inconsistent.

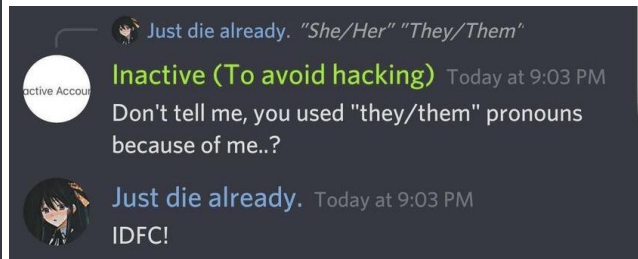

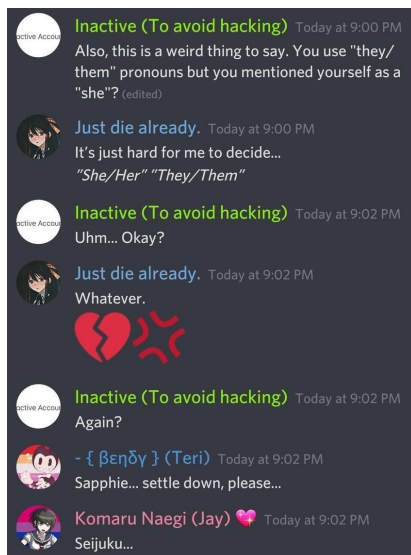

Even to the point where she gets caught in a “FNAF phase” whenever she’s in a bad mood.

Jesus, I was involved. I wish I would've said something about it. If i did I would say “SHUT THE FUCK UP!” or something like that, to snap at her, but I didn’t because it may sound too far and rude. - Pinkie

Serena’s friends were also treated terribly. Her friends offered to help her, but she refused to accept their advice. This led Elena Chan to upload a video entitled “Chisaki was Lying?!” after me and Elena Chan were having a conversation about the situation in regards to Serena Dreamkeeper.

When I asked Serena about her pronouns, she admitted that she doesn’t care.

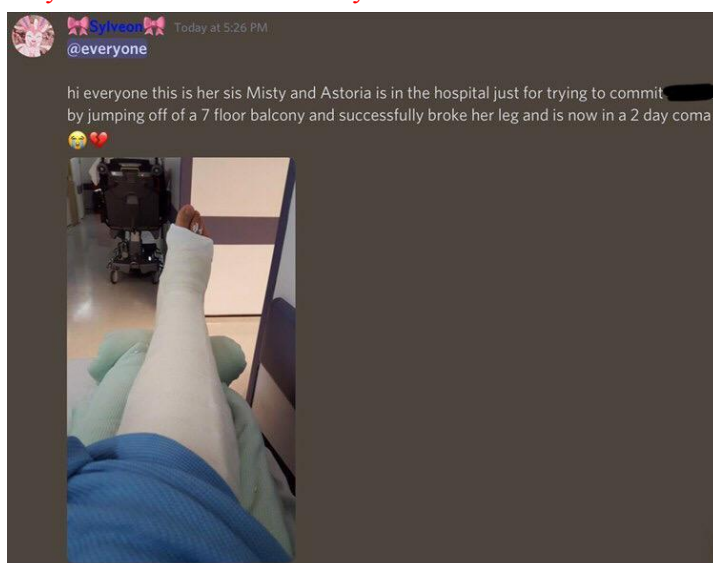

The non-binary aspect is another reason. Unfortunately, I won't discuss it as it was incorrectly informed. [To cut a long story short, Serena tried to copy my preferences to you know what.](#)

Serena lied about her age twice because of her birth certificate. She also lied about being pregnant due to wanting to be in "someone else's shoes". Serena treated her friends poorly and went on a crisis whenever her friends told her to stop doing things she shouldn't do.

All of the reasons listed above are only the tip of the iceberg. It gets a lot worse down here.

Serena's old account was unintentionally hacked in September 2021. But that isn't the point.

Misty abruptly announced a message in which Serena tried to commit s[REDACTED] and miraculously survived. She has already said it three times.

 **Sylveon** Today at 5:33 PM
hello everyone 🥺💔
I have came here to say my sis Astoria or Sapphire has tried to commit [REDACTED] by jumping off a 7th floor balcony and successfully broke her leg and is in a 2 day coma 🥺💔
She survived tho

 **Sylveon** Today at 5:31 PM
guys Astoria has a broken leg and is in a 2 day coma 🥺💔

With this statement, everyone seemed to be convinced. So I examined it alongside Misty.

 **MidoriKaid** Today at 5:43 PM
Is there a message that Astoria said about the incident? I feel sorry for her. (edited)

 **Sylveon** Today at 5:43 PM
yes
wait i am not sure but i think so

 **Izzy** Today at 5:44 PM
Are they okay..? Well okay ish..

 **Sylveon** Today at 5:44 PM
well she did survive but she's in a 2 day coma now so idek 💔

 **MidoriKaid** Today at 5:45 PM
What did Astoria say about it? Where is the proof? (edited)

 **Sylveon** Today at 5:46 PM
i think she was feeling down and had the urge to do it to jump off our 7th floor balcony

 **MidoriKaid** Today at 5:47 PM
Also, did she took a picture of her broken leg?

 **Sylveon** Today at 5:47 PM
i took that actually for proof

 **MidoriKaid** Today at 5:48 PM
Wait, how did you know? Are you next to Astoria in person?

 **Sylveon** Today at 5:48 PM
when we were in the hospital yes
now i am home but i was crying hard

 **Izzy** Today at 5:49 PM
I'm crying and shaking..

 **Sylveon** Today at 5:50 PM
i think it's cause of her

 **MidoriKaid** Today at 5:53 PM
Damn.

 **Izzy** Today at 5:53 PM
Did Astoria write a note..?

However, the entire thing turned out to be a hoax. I came upon an article about a woman who fractured her leg in 2016. I went to address Misty about slandering everyone, such as myself.

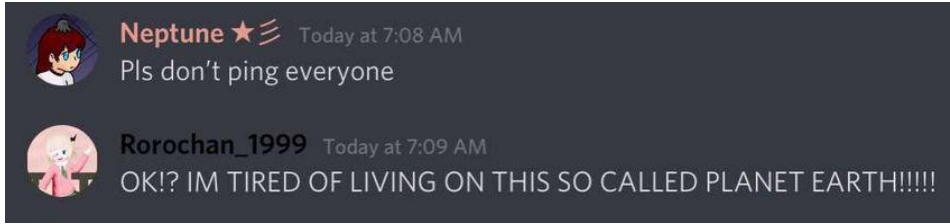

I'll explain why.

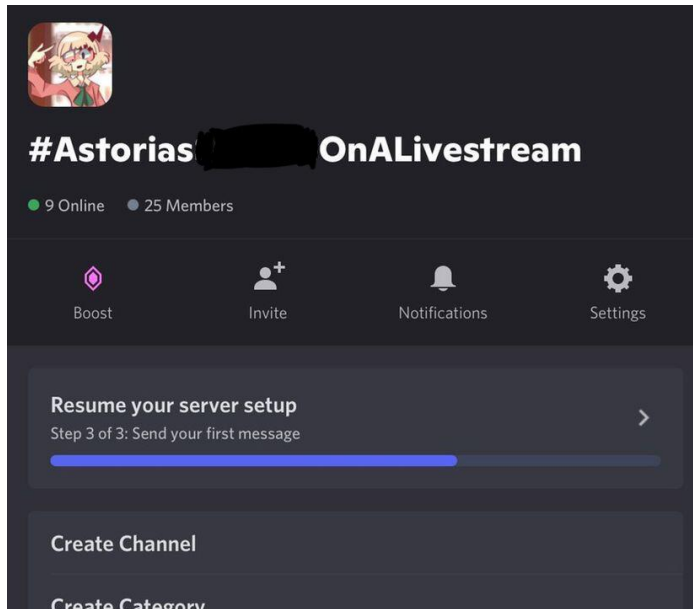

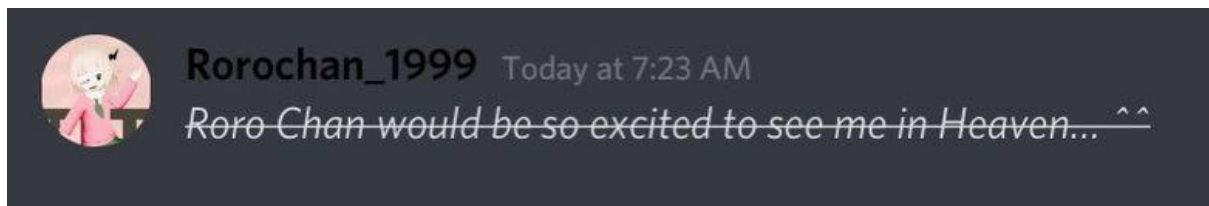

1. Misty never provided us with any evidence or screenshots proving Serena was injured. Misty only informed us about this without showing us.

2. A human cannot withstand the depth of a 7th floor balcony. Serena would have died if it had been the case.

3. And, probably most importantly, the "image" Misty said she took of Serena's foot wasn't hers. How am I aware of this? Easy. Reverse Image Search. The photograph was first seen in a story about a woman who broke her leg on October 5, 2016.

To make matters worse, Serena had a meltdown since it was discovered that Serena had been lying about self-harm throughout the event. Serena has been using Misty to write a counterfeit post in an attempt to acquire sympathy. Serena went through a ruru-chan/Roro-Chan phase as a result of that.

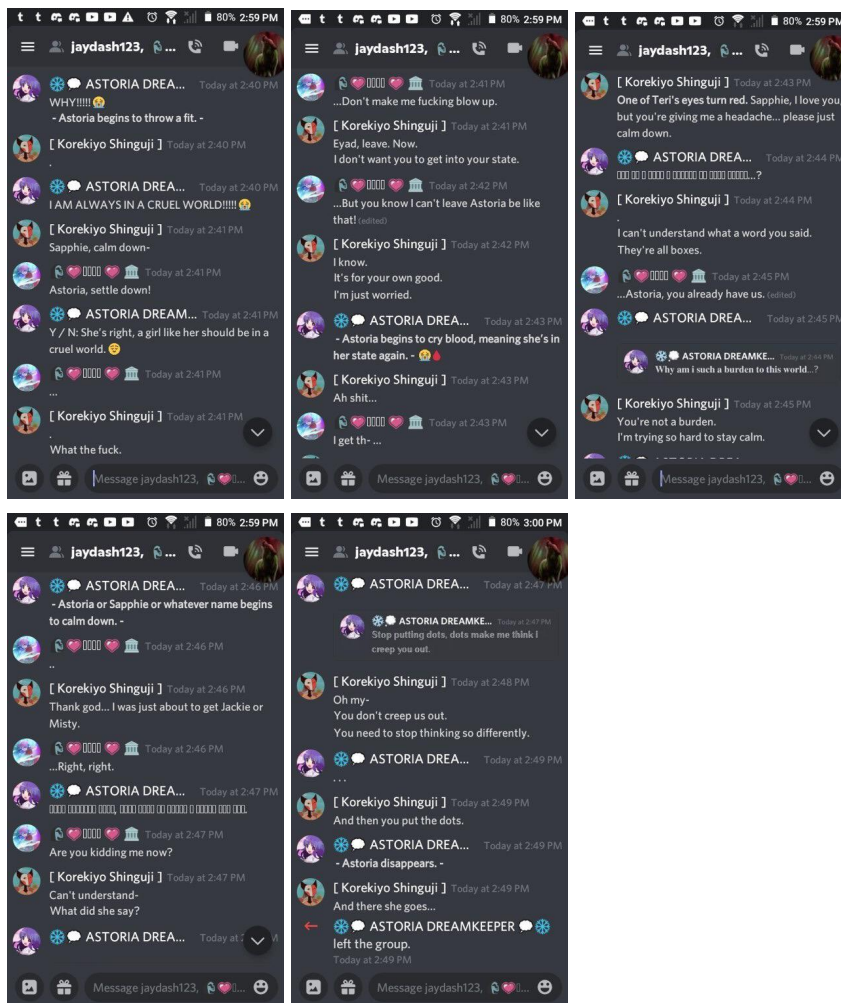

Elena-chan and I spoke about Serena's false suicide "note". Her condition concerned me significantly. Elena-Chan then uploaded a video titled "...Astoria is still lying?!"

And then there was the time Serena apologized to Elena-Chan in her second video for calling Serena Dreamkeeper out.

Despite the fact that Serena Dreamkeeper apologized. Regardless, she kept doing it!

Elena-Chan and I gave her another opportunity. This demonstrates that Serena has lost all trustworthiness in our sight.

Prior to that, I took a month off from Discord to wait for Serena to improve. I rejoined Discord in January 2022. Serena's mistakes and wrongdoings have led me to believe that she could learn her lesson. I was looking forward to seeing Galena Phoenix again after missing her. I also wanted to catch up with old friends, too.

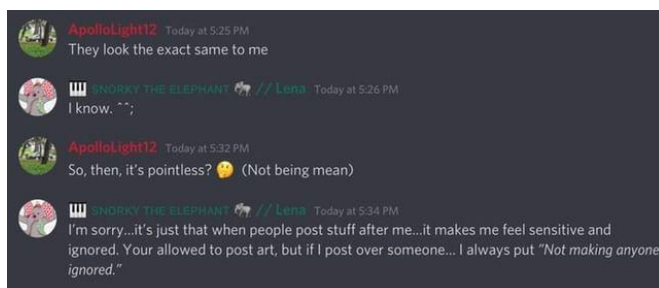

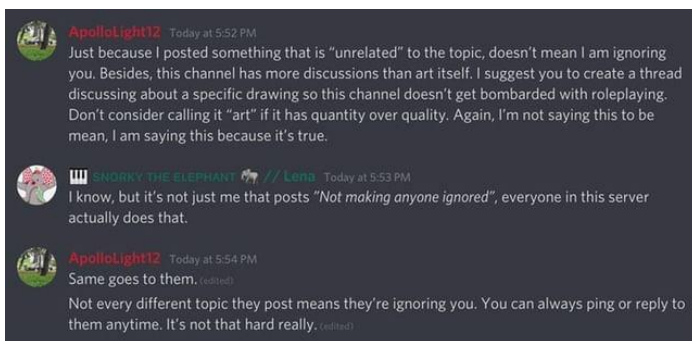

Teri Phoenix seemed to have the following to say as soon as I went into Serena's friends server:

Teri thought I was "untrustworthy" the moment I joined their server. I have thirteen days until I have to break connections with Serena and her harmful associates.

Until I interfered, Serena would become hypersensitive anytime a specific issue was brought up, even if her friends replied. Serena seemed to be hoping that her friends would take notice.

SNORKY THE ELEPHANT 🐘 // **Lena** Today at 6:16 PM

We always do in other channels beside the art channel. 🥲
I'm not trying to argue. I'm just saying what's going on around here.

ApolloLight12 Today at 6:19 PM

You should only use roleplay or discussion when it's necessary.

Okay, now I'm going to stop talking. Next time, keep the discussions brief unless it's in a necessary channel. You do not want to make the server mundane.

SNORKY THE ELEPHANT 🐘 // **Lena** Today at 6:25 PM

K, i guess.

This is actually one of my mental issues. I can't help being "ignored".

ApolloLight12 Today at 6:37 PM

Can't help being ignored when you can't your mental issues? (edited)

SNORKY THE ELEPHANT 🐘 // **Lena** Today at 6:40 PM

...Yes...?

Listen, I know it sounds weird but one of my mental issues is where I feel ignored...and I can't help that. 🥲

ApolloLight12 Today at 6:55 PM

Then you should help yourself when you feel ignored. You can't just isolate yourself when you still have an opportunity.

🍷 **PETER THE PUMPKIN** 🍷 // **Galena** 01/21/2022

I don't like being ignored, or feeling ignored at least. Even when people reply to me, let's say someone just barges in without a random topic or a random post at least. I'll get sensitive and start rocking back and forth. Yes, this is one of the mental issues I have. 🥲

🍷 **PETER THE PUMPKIN** 🍷 // **Galena** 01/22/2022

...I get sensitive over things that do not hurt. (edited)

Like how I'm sensitive when people text or post after me.

I feel like I'm the only one in this server who has that sensitivity...

🍷 **Tenki Hanazawa** 🍷 01/22/2022

Even if you do, I still trust you.

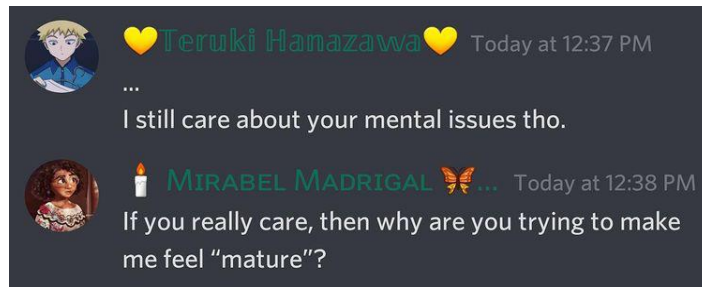

🍷 **PETER THE PUMPKIN** 🍷 // **Galena** 01/22/2022

It's like a reflection on being ignored.

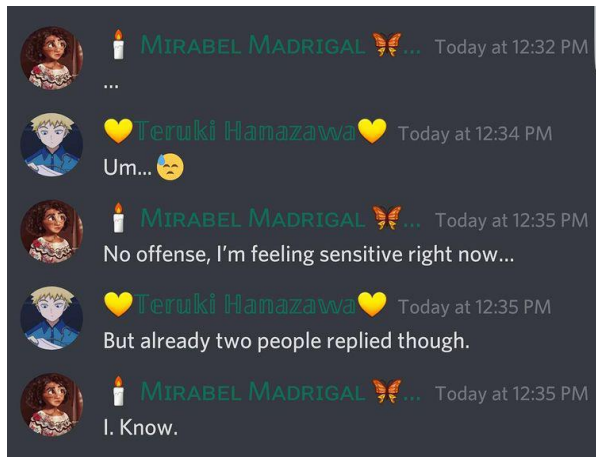

Yes, I can't control it unfortunately...I lose my temper...

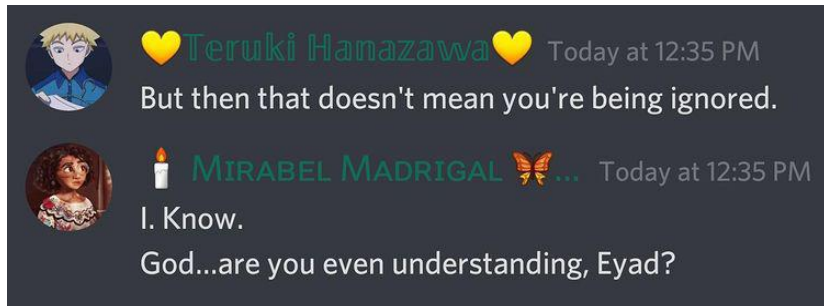

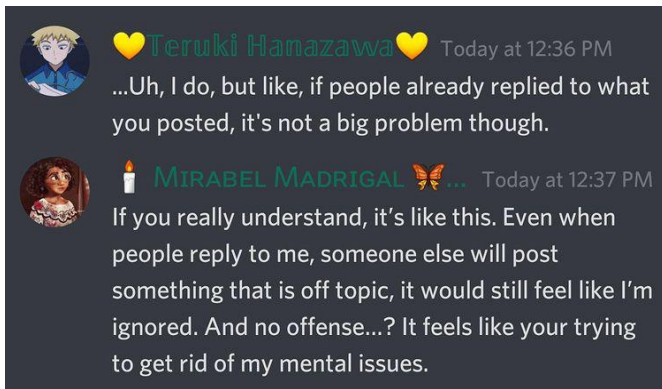

In essence, she argues that "Mental Issues" are indeed the reason why she is really being ignored, given the fact that she has friends on her side. She becomes very sensitive over trivial matters.

This is invaild/neg - Pinkie

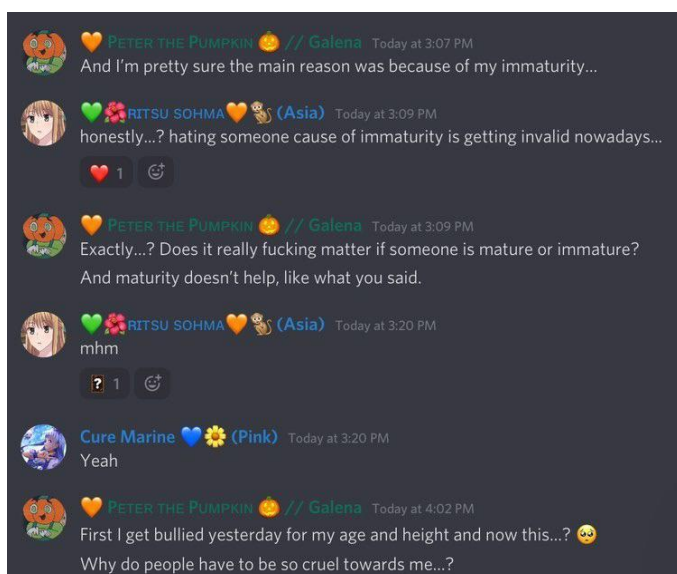

Serena reacted by saying that Eyad was inadequate to what Serena had stated and that "Eyad didn't grasp her sentiments." Serena believed Eyad wanted her to grow up and become "Mature."

She and her friends would argue, "Hating someone because of my immaturity is becoming invalid nowadays," — particularly after Pinkie and I exposed true jerks like Serena and her friends.

Get rekt lmfao - Pinkie

And finally, the moment I've been waiting for... The Drama.

On **January 29th, 2022**, a year from now. I just had enough of Serena's immaturity after 12 days of excruciating anguish. Finally, I confronted Serena and informed her that I would be leaving the server permanently. I informed Serena that the server needed to be updated because it appeared "mundane." Instead, I was referring to Serena Dreamkeeper herself, not the server. And, yet again, she uses "mental issues" as an excuse.

 **Lunayumiko** Today at 1:55 PM
Okay, I'm leaving this server for real. No offense, but this server is pretty mundane and it looks like the server needs to be improved.

  **PETER THE PUMPKIN** // **Galena** Today at 3:12 PM
I've been friends with Asia for a long time. And I see her as that creative friend.
And if you didn't find this server interesting enough, why did you even come here in the first place?

 **Lunayumiko** Today at 3:14 PM
Because, I haven't seen my past friends in a month, and I was expecting a better change, you know? More bots, less channels, etc.
And plus, your attitude hasn't changed and I expect better from you.

  **PETER THE PUMPKIN** // **Galena** Today at 3:15 PM
What does my attitude have to do with this tho???

 **Lunayumiko** Today at 3:18 PM
You get sensitive over the smallest things, like you get sensitive because someone brings up a different topic even if your peers responds. Also, you don't care if you're immature or not? Do you still wanted to act like child, even if you're 18?

  **RITSU SOHMA** (Asia) Today at 3:19 PM

being mature dosent help a person. (cliche)

 **Cure Marine** (Pink) Today at 3:19 PM

  **PETER THE PUMPKIN** // **Galena** Today at 3:19 PM
So what if I sensitive over the smallest things. That isn't a problem to the others!
And guess what? Asia's about to be 18, and she's even immature.
Isn't that right, Asia?

What do you know about my mental issues? Are you even understanding what I'm trying to say?

 **Lunayumiko** Today at 3:24 PM
I only care about you is to become a better person.

Instead of leaving entirely, I disguised myself as Reimu. It is definitely not the best course of action. But what will happen in the end is self-evident.

Serena then burst up weeping from fucking NOWHERE!

What the actual fuck - Pinkie

She fell into tears after I made a remark. She was furious because I don't want to be friends with her.

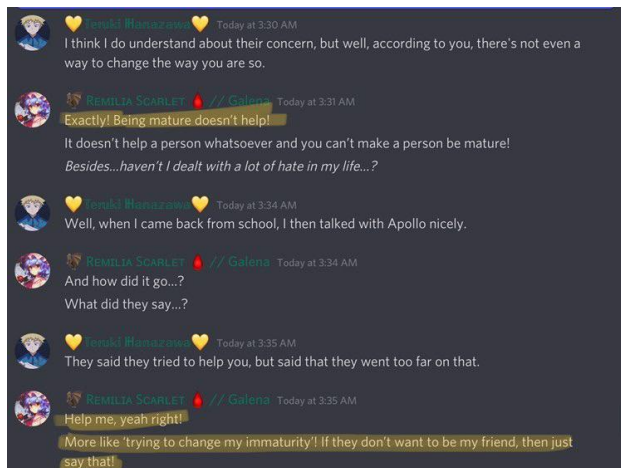

How dare you, being mature is very cool, cry about it - Pinkie

Pop off got damn – Angie

The Golden Date

(The golden date is **January 30th, 2022.**) This is the part that angered me the most.

Serena began complaining over the criticism I leveled at her. I did go on surveillance on Serena and expected her to accept the criticism I offered her, but she started bitching and said I was pushing her to become "Mature or perfect," which is not really the case here.

Hoes mad??? - Pinkie

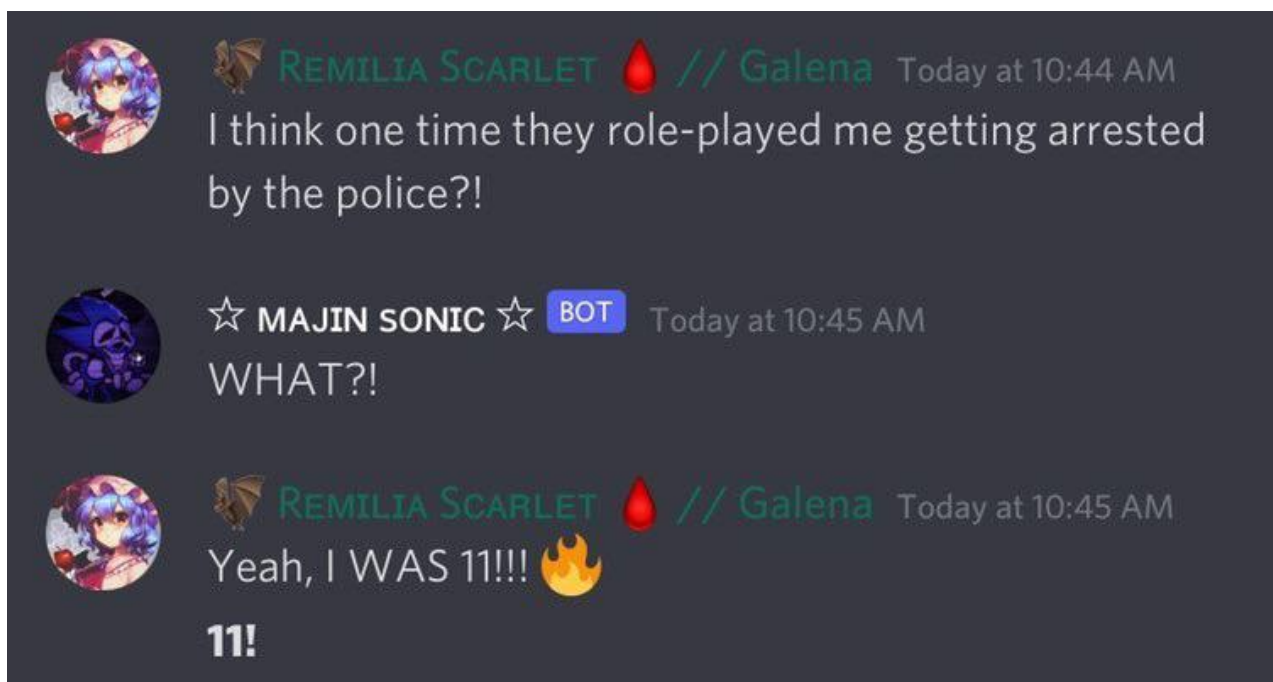

hoes furious – Angie

“If they don’t want to be my friend, then just say that!” Even if I declared outright, 'I'm no longer your friend, Serena.' You'll continue to pursue us in the same way as we did when we called you out. It is pointless to say it nonetheless.

Similarly, Serena attempted to play the victim card. She is essentially blaming those who have attempted to assist her or who have wished for her to improve. She is, however, evading the issue.

I don't mind if Serena accepts herself as the way she is. That, however, is the problem here. Nevertheless, she would continue on her erroneous courses. Serena is treating depression as if it were a personality feature. She should have kept it to herself or in private since it makes everyone feel very uncomfortable.

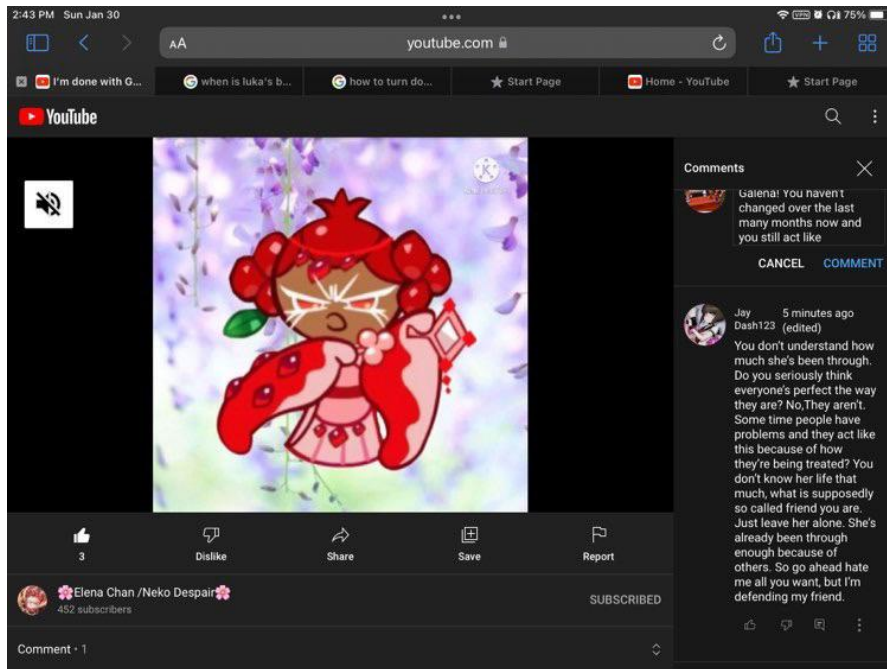

Serena also kept bringing up her insecurities continuously. Even though it happened two years ago, she can't let go of the past.

Even though the lesson had already been delivered, I became so ferocious that I told Elena Chan that Serena never changed, not even once.

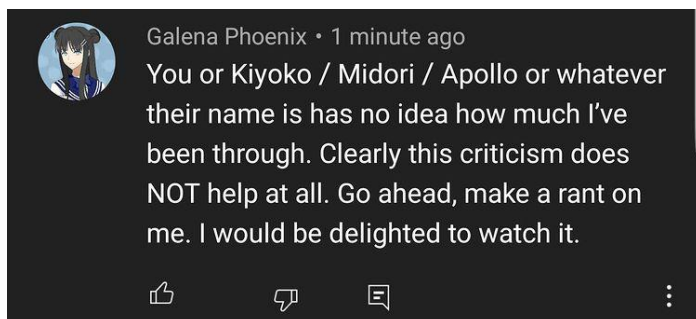

THE AFTERMATH

Elena Chan finally uploaded a video calling Serena out for her immaturity back at the end of January this year. Though the video wasn't executed really well. There are some errors and mistakes made within the video and not enough evidence provided, although Elena Chan called out some of them.

Serena decided to use her friends to go after me and Elena Chan for calling her out for her atrocious behavior.

Serena decided to go silent for a day, until she started defending her actions by commenting on Elena Chan videos related to Serena Dreamkeeper. Again and again, Serena is trying to use "depression" and "Mental Issues" as an excuse for why Serena has been acting like this.

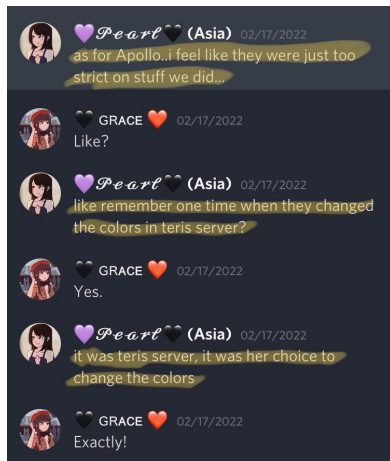

“It does not give your or Elena the right to expose me out of the blue.” You do not have the right to spread lies to your friends to obtain clout.

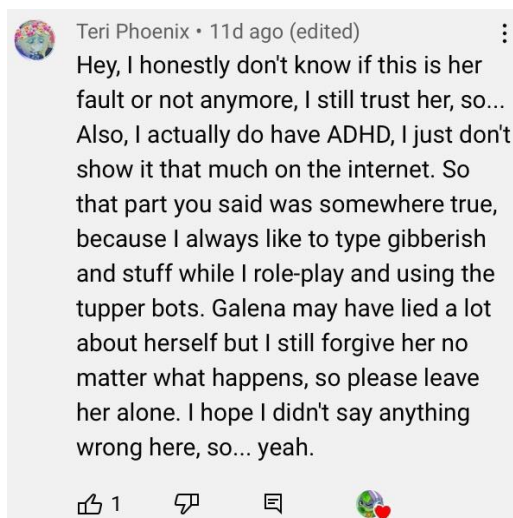

Serena started accusing me of "using" Elena Chan to go against her, and then so on called us a "not-so-reliable one". Basically her trying to scapegoat us by making us look like we're the villains. When pretty much Serena did the exact same thing with her friends. Most of her friends are on Serena's side and still to this very day, as they're being manipulated by Serena. Her friends claimed that I was being "Strict" and before I officially had to cut ties with them. It's not the fact I was being strict, it's the fact that I cannot handle overly sensitive people.

Also, they brought something that's irrelevant. Yes, what I did was stupid and that is why I started improving myself. But they seem to bring up the past just so they can think that I'm at fault when it was resolved months ago.

I even talked to Teri nicely about the situation and to assure Serena to improve herself back on March 12. I told Teri that I would "...leave Serena alone", well, I pretended to.

Just your average Kiyoko. • 1 min ago

Late response. I'm in a calm state now, so please don't take this response too severely.

Okay, so what I meant by "ADHD has nothing to do with this" is that it's pretty obvious you were typing gibberish and roleplaying for fun. Somehow Galena mentioned ADHD out of nowhere. Galena even said you weren't doing well, but in vice versa she said it was normal. I didn't elaborate enough, so there you go.

You cannot personally tell on the internet if someone has ADHD or not, because some people can fake it unless proven otherwise. And even if you actually have ADHD, Galena shouldn't draw any conclusions about ADHD regardless.. This really shouldn't be mentioned, but Elena Chan mentioned it anyway. But I digress.

I will forget this drama and I will leave Galena alone. But I am still waiting for Galena to ameliorate/improve herself, not only by her immaturity, but also by her lies and her insecurities.

Teri Phoenix • 3 min ago

[@Just your average Kiyoko](#). I understand, Kiyoko... thank you.

Just your average Kiyoko. • 1s ago

[@Teri Phoenix](#) Anytime, Teri.

Yes, I overreacted to some of Galena's statements, not only in this video, but also in the Instagram DMs. And for that, I want to apologize. Yes, I was angry when this video was made, but that doesn't necessarily mean I really hate Galena. I'm just disappointed in her.

I don't want to be like Galena's ex-friends who bullied her for the stupidest things. This video is not intended to hate Galena or anyone involved, but to advise Galena not to do something like this again.

But as of now, I am now cool with Galena Phoenix and no longer mad at Galena. But that doesn't mean I want to reunite with Galena.

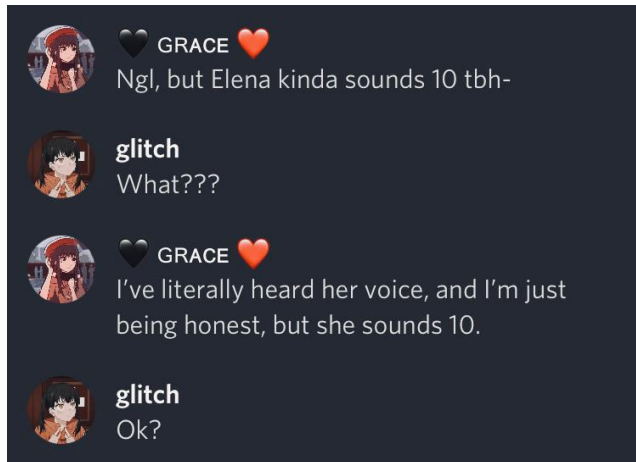

If Galena actually starts improving herself and apologize, I would forgive her.

Again, you're just very sensitive.

Oh yeah, someone's pretty sensitive - Pinkie

Last, but definitely not the least, Serena told Glitch that Elena Chan's voice sounds 10. When Elena Chan is actually 15.

Why assume her age based on her voice? Clearly you've lied about your age twice Serena.

Now all of this stuff is just the beginning. But in much depth, it gets MUCH, much worse.

WARNING: THIS PART WILL CONTAIN EXPLICIT SCREENSHOTS CONTAINING BLASPHEMY, NSFW, CHILD P[REDACTED]/P[REDACTED], Z[REDACTED], ETC. IF YOU ARE UNCOMFORTABLE WITH ANY OF THESE SUBJECTS, LEAVE THE DOCUMENT IMMEDIATELY. IN OTHER WORDS, VIEWER DISCRETION IS ADVISED; YOU HAVE BEEN WARNED.

Just after two months of this mess since the aftermath of Serena. We were expecting Serena to ameliorate. Did it go well? The answer is no. We all know that Serena had lied about herself, complained over the smallest things, and even treated her friends poorly. But there's something I never get to talk about.

I was chill with Serena Phoenix, until the new user I met named Glitch/Chanel who's also experienced with Serena's cases. I used to recognize this user in my deleted inactive server, but not so much. Until Glitch decided to join my friend's server. She was mentioning a user named "Lena". At first, I thought it was a weird coincidence. So I decided to tell them to elaborate more about it. Glitch WAS referring to Sereena the whole time! Even Serena's friends! It wasn't a coincidence, Glitch was a bystander when this shit happened.

Me and Elena Chan became friends with Glitch so we decided to talk about Serena.

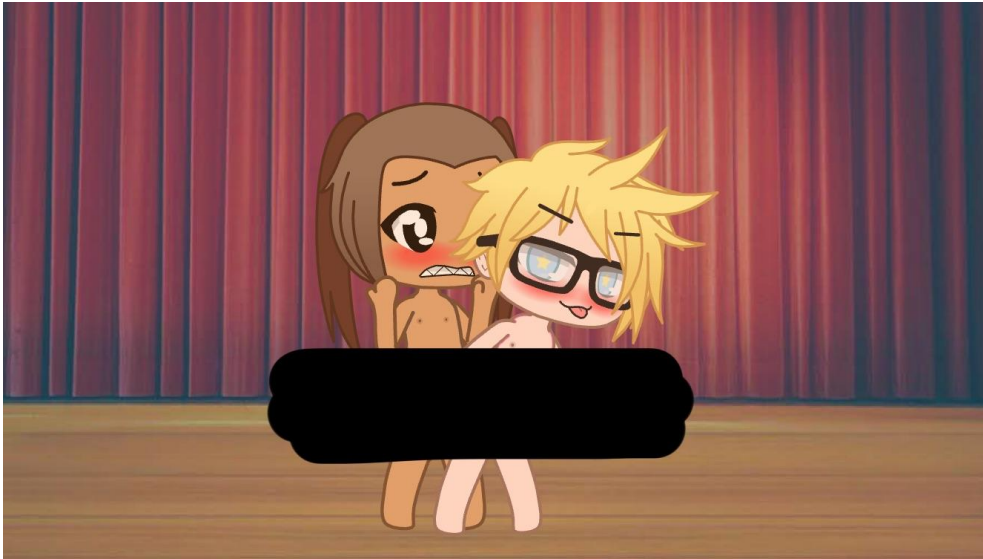

What Glitch told Elena Chan and I was very shocking. Glitch told me that Serena and her friends are doing NSFW. I was shocked when I first heard about this. I never saw Serena do any NSFW content at all, not even friends friends too. Well, maybe in RPs, but it rarely happens.

Serena is a minor and confirmed 14 years old. I was curious to see what was going on. Glitch DOES have proof Serena and her friends make gross content. **They were doing the same gross stuff on one of their friends named "Asia"'s server which was deleted. They dragged me to do it but they pointed it out, i was originally gonna report asia's server for NSFW roleplays**

But it was too late since the server was deleted due to massive drama. - Pinkie

Glitch sent us this NSFW image made by Serena Dreamkeeper. Basically shipping Eyad with a character named Feegle from The Banana Splits inappropriately. Eyad is only 15 years old, making the situation even more revolting. Feegle looks like a fully-grown adult.

If I remember, I saw this picture from the raid. And it was uncensored!- Pinkie

Even if Fleegle doesn't have a certain age, it doesn't make it right for Serena to make NSFW of minors.

It's also z [REDACTED] because the character, Fleegle is shown to be sexually euthanized.

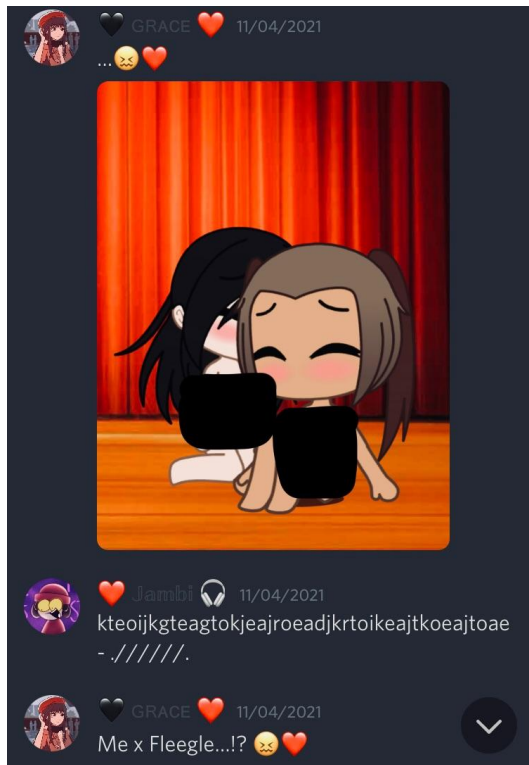

That's not all, EVEN her friends seem to enjoy the gacha heat Serena made. Even Eyad finds it hot despite being molested by a fictional character who looks like an adult, which is considered CP.

"This isn't the sexiest Serena made, more like 'the most disgusting shit I've ever seen.'" - Galaxieva

Their nsfw roleplay is also a fetish too, thanks for a friend for pointing it out If i recall correctly they did a thing called "Lust Effect" , "Lust Mist" or whatever it is called I can't seem to have proper memory for this name - Pinkie

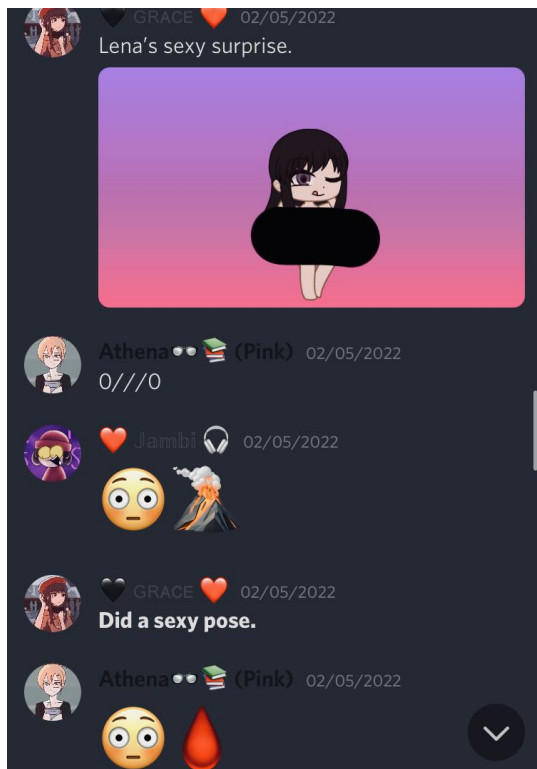

Not just Eyad, Serena Back in last year, shipped herself with Fleegle in 2021. She's still doing NSFW content during this year.

Serena even made her persona naked. Is this a bitch gone mad? Serena is only 14 years old! It's very disappointing that her parents aren't even aware of the NSFW posts she made.

In spite of the fact that both Eyad and PinkPlush100 are minors, they find it hot.

Eww, i have a friend who is friends with PinkPlush100 i might tell to block PinkPlush soon - Pinkie

Aside from Serena, there is also Eyad who engages in NSFW content at a nonconsenting age. I find this disgusting beyond words. It is also worth pointing out that Eyad is only fifteen years old.

I believe Eyad was brainwashed, but I think I saw him doing NSFW roleplays on Asia's deleted server. - Pinkie

So much so, that even Eyad jerked off to Serena!

Eyad (and PinkPlush100) have been my friends for 4 years. To see him act this way upset me. Pink, Eyad, and I used to be friends until Serena started manipulating them. They took Serena's side and disregarded Serena's immorality. It's like they're treating Lena as some sort of goddess. Which is exactly what Eyad does. He worships Lena, like a fucking goddess. Like she's the only human being on this planet. Like anything Serena says he'll just go for it.

Not to mention, Serena has 6 relationships between each other in a sexual manner. Most of them are considered minors in this group. Two of them are turning 18 this year, which is considered CP.

What makes matters worse, they even made an NSFW roleplay out of each other!

Keep in mind this is not the first time! - Pinkie

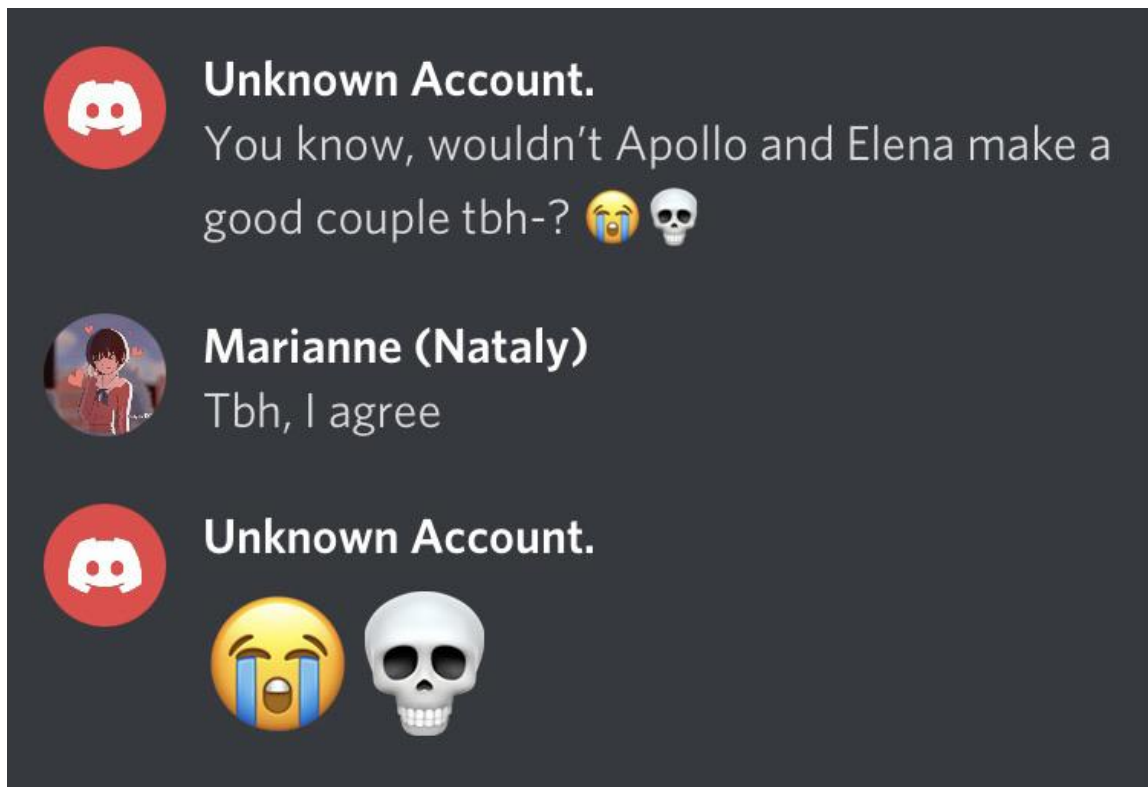

Again, keep in mind that most of these users involved are underage. Asia and Jay are turning 18, THIS year!

Like Galaxieva said this is considered as CP (not referring to Club Penguin) - Pinkie

Serena even tried to ship me (Galaxieva) with Elena Chan. Me and Elena Chan are BOTH 15 years old.

(Serena Dreamkeeper is “Unknown Account.”)

“You know, wouldn’t Apollo and Elena make a good couple tbh-?” My ass, they are real people, you look like you’re secretly in the DSMP fandom. - Pinkie

Glitch also claimed that Serena and her friends did NSFW stuff on a public server.

We are now moving into her dumb friend's proofs, not just her friends but her dumb sister too trust me they're no good as Serena herself. - Pinkie

PinkPlush100 Proofs

I have known PinkPlush100 for 4 years. In groups, we used to roleplay, play ROBLOX, and request drawings. Unfortunately, the friendship between PinkPlush100 and mine suddenly took a downward turn. Whenever she feels furious, she will threaten someone to cease to exist and scream incoherently, which she did recently.

I used to be her friend for 3 years, we did some enjoyable stuff too -
Pinkie

After we called Serena and her friends out, PinkPlush100 decided to threaten us incomprehensibly. PinkPlush100 got so furious that she even spelled my username wrong. What a genuine loser. I'm not kidding when I said I'm hysterically laughing at this. It's SO bad, that it's hilarious. (By the way, Glitch-Chan/Chanel is NOT PinkPlush100)

Keep in mind, some of what PinkPlush said is truly a lie - Pinkie

YOU MOTHER FUCKING 3 BITCHES DESERVE TO BE GROUNDED BY YOUR PARENTS FOR THOUSANDS OF YEARS YOU MOTHER FUCKING BIIIIIIIIIIIIIIIIIIIIITCHES!!** 🤡

I also find it funny that she yelled “...WE DO NOT SUPPORT GACHA H**T”, when clearly they’re full on making Gacha H**T. She even claimed that she does NSFW, too.

I like how Pink decided to use a derivative Go!Animate/Vyond punchline at the end. She also threatened us to freeze in an iceberg and told us to “...DIE IN HELL!!” just because we called them out for making something VERY disgusting above.

PinkPlush100 also clogged a fandom/wiki(a) called YunokiRoom Wiki, the wiki was half filled with her stuff that has nothing related with YunokiRoom, thankfully i reported this to Chiruno (One of friends from 2015-16, ah yes this must be one of my oldest friends ever) and she blocked PinkPlush and deleted pages that is copyrighted, yes i’m not joking PinkPlush put copyrighted characters, items, etc. To the YunokiRoom wiki, I have deleted more than 150 pages about PinkPlush100’s related stuff. Gosh… this is the biggest mess ever made on someone’s Wiki/Fandom. This is probably the first time I’m seeing a mess like this.

Asia Ritter & Misty Proofs

Asia sounds like a five year old that I cannot see, she did **NSFW** at her roleplaying server which it’s deleted. She didn’t allow me to roleplay because I “barged” in. First of all, i think this is how you join roleplays, my other friends didn’t point out i was interrupting their rp, i was genuinely asking if I’m allowed or not.

I didn't really like Asia from the start. Like, Asia is 17 years old, turning 18 this year. And still acts like a Vyond knock-off version. Asia is Galena’s very well-known best friend and they usually like to share interests just like Teri Does. Just like Jay, Asia is much worse. Asia would basically use “depression” and “Mental issues” as an excuse just like what Galenass would say.

She is confirmed to be a yaoi fan which makes her fuJoshi.

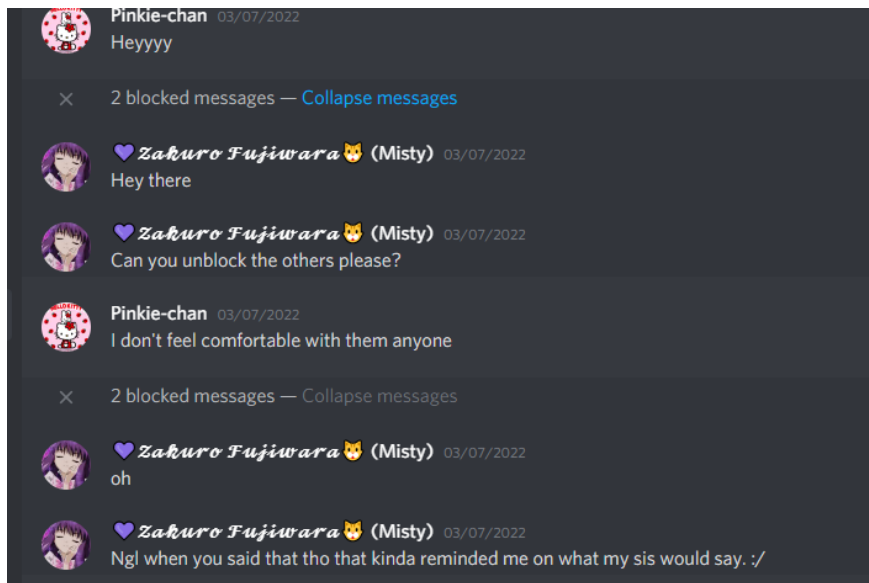

Also she can't draw properly and is 17 turning 18 yet she uses bases without single credit.

For Misty.

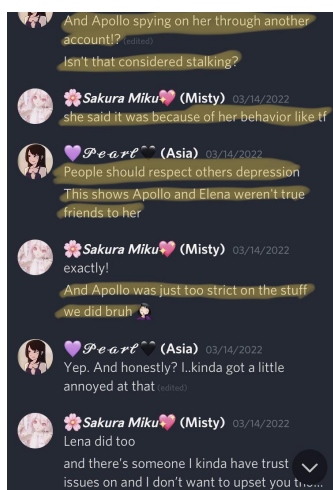

Misty is known to be Serena's "sister". The one who's known to announce everyone whenever Serena is feeling down. I usually don't hang out with Misty that much, unless something serious occurs. Unfortunately, like I stated before, Misty was profoundly slanderous about Serena having her leg broken.

Misty implored Pinkie to unblock her friends when Pinkie isn't comfortable answering. "The reasoning is hard to explain", said Pinkie. But Pinkie's reasoning is because "Misty's friend is with a 'groomer'."

Misty then compared Pinkie to Serena Dreamkeeper just because Pinkie isn't comfortable chatting with them.

Even Serena's sis (Misty, the one who made the slanderous news about Serena's leg being manipulated by Serena) is still gullible enough to believe in her lies.

Also, Misty and Asia claimed that I was stalking on another account on Discord, which is true. But I am not going to apologize about it. I can already tell what's going on. Before I started confessing to Serena about the server AND her behavior, Serena has been complaining and complaining nonstop about her insecurities, especially her ex-friends. And even if I tried to move on from the drama, not just Serena.

And then two days later, Asia and Misty are talking about us nonstop. How hypocritical that Asia claimed I was “stalking” Serena, but still mentions me during this day, even if I moved on from the drama.

None of this would've happened if she just accepted our criticism instead of telling us to "respect depression" when depression happens to literally everyone.

Jay Dash 123 Proofs

I don't usually talk to Jay Dash123 that much. However, she's well known to defend Serena's actions and often witch-hunts us. An example is one of Elena Chan's deleted videos.

You don't understand how much she's been through. Do you seriously think everyone's perfect the way they are? No, They aren't. Some time people have problems and they act like this because of how they're being treated? You don't know her life that much, what is supposedly so called friend you are. Just leave her alone. She's already been through enough because of others. So go ahead hate me all you want, but I'm defending my friend.

She told us to “leave Serena alone”, and still uses dumb excuses just to put us down, when that's the issue here. She even assumes I said “everyone is perfect the way they are” when I just told Serena to “improve instead of making a huge fuss.” Jay believes something Serena says rather than to have a single brain cell to know what's going on. I even respond to Jay's bullshit comment.

"Do you seriously think everyone's perfect the way they are?" Literally no one said that; You're making that up. All I said was to "improve and start becoming a better person" because she's been on a melt down for almost a year now. There's a difference between 'being perfect' and 'being a better person'.

"You don't know her life that much", we never mentioned about her life story nor are we concerned about it, we're only here about the stuffs she did and how we used to be on her side.

"Just leave her alone." Not until she apologizes and actually be honest that she admitted the stuffs she's done. Then we'll leave her alone.

"She's already been through enough because of others." But that doesn't mean she has to lie to her friends and gain sympathy for doing terrible shit.

"So go ahead hate me all you want, but I'm defending my friend" whatever you say, it's your opinion, but she isn't in the right here.

Must you all have to hurt her so badly? You guys need to stop. Because this type of criticism isn't going to help.

Sad that someone who's older than me, and someone that's turning 18 probably doesn't even know what "criticism" means by now.

Jay is also known to be a child groomer.

Gacha Eyad Life Proofs

Eyad and I have been buddies for 4 years, prior to PinkPlush100. unbelievable, isn't it? I remember being on Eyad's old group and we used to roleplay a lot. However, recently, I remember seeing him being bereskish because of Serena. Speaking of which, Eyad went ballistic mode because of the lies Serena made.

Even though he has suffered the most from Serena, Eyad also remains on Serena's side. Eyad and I had a nice conversation before January 30, just one day before the golden date.

He claimed that Elena Chan traced art back to 2020. There is a danganronpa sprite that Elena Chan has traced, but it is obvious that the sprite is from Danganronpa. There's no evidence that Elena Chan is stealing anything.

Gacha Eyad Life is known for using r-slur for more than a single time.

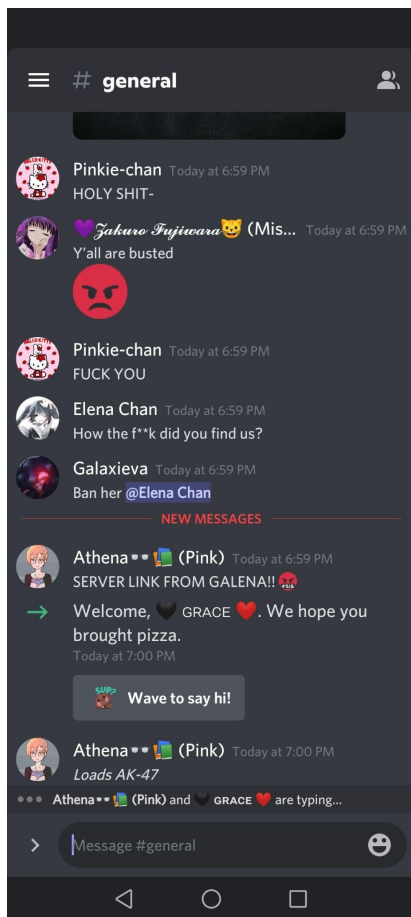

R-slur is a bad slur for disabled people.

Like what Pinkie said, Eyad uses the R-slur to every rant/commentary video he makes. Speaking of which, Eyad also threatened someone and called them an r-slur all because they were angry at Serana for making a concealed lie.

And finally, before the conclusion. Serena and her friends decided to evade Elena Chan's old server because one of Serena's friends named "G L I T C H #9814" (Not to be confused with Glitch-Chan/Chanel) tried to spy on us. I even made a hypothesis that "Teri was the one who controlled Serena's brain and replaced them." And then suddenly, the server got raided. Serena and her friends told us to "kill ourselves" and even showed us Eyad x Fleegle NSFW uncensored, as Pinkie stated before. Luckily, I banned them.

They were also pretty hypocritical to claim I was spying on them, while one of her friends was spying on us.

They revealed my true colors/inner spirit. They finally unlocked my true form. I think it'll get worse if they come back. Teri was the literally one who had brain cell out of these losers but she still sucks anyway - Pinkie

Conclusion

I'll share my overall thoughts here. So far. I'm extremely sick and tired of Serena's behavior and her friend's. It won't go unpunished this time around. Serena and her friends did something wrong and I will ensure they won't threaten me, Pinkie, or any of my friends ever again. It's already 2022, and this has been happening since the middle of 2021. It needs to stop.

Glitch and Pinkie deserve credit for providing the evidence. Glitch has my empathy for her experiences with Galena, and the screenshots she archived in order to expose the wrongdoings Serena and her friends committed. Glitch must have felt terrible for witnessing the terror we weren't expecting to see. Serena and her friends are unlikely to feel remorse for their actions and change their ways. They will not get away with their misbehavior this time around, because they will continue to behave like this regardless.
