- Gold Foil: 1" x 1"

## Instructions:

1. Measure, score, and cut your paper.
2. Die cut the Gold Foil star with the Ornamental Christmas Dies.
3. Dry emboss with the Peaceful Greenery Embossing Folder the 3 7/8" x 5 1/8". Glue to one of the 4" x 5 1/4" Basic White cardstock.
4. Heat emboss onto the Basic White 4" x 5 1/4" the nativity image. Stamp with Versamark onto the paper, sprinkle the gold powder over the stamped image and use the Heat Tool until all the powder melted. Do this same process with the 2 3/4" x 1/2" piece of Basic White and with the stamp greeting "O Holy Night".
5. Tear or rip the paper around the nativity image. To get started rip down near the stamped image. Then rip around the image by pulling up and placing your thumb over the image where you are ripping to protect it. Put Stampin' Dimensionals on the back of the nativity image and attach to the embossed Basic White.
6. Attach the Basic White matte, embossed paper, and nativity scene to the card front. Attach the "O Holy Night" with Stampin' Dimensionals under the image and to the far right. Attach the star with Multipurpose Liquid Glue above and left to the nativity scene.

7. Embellish with 3 Gems. Two by the star and one by the “night”.
