

# Digital Tool Evaluation

## 1. Background Information (i.e. tool name, cost, platform, etc.)

Name of Person reviewing app	Brianna Castle
Name of Tool	Save To Google Drive
Link of Tool	<a href="#">Save to Google Drive - Chrome Web Store</a>
Cost of Tool	\$0.15 per GB per year
What is the tool being accessed on? (i.e. computer/ ipad)	computer

## 2. Design Features/Functionality (0- no, 1-some/ sometimes, 2- yes/ all)

2 Is the tool organized well/ can I find what I am looking for?

2 Is the tool easy to use?

1 Do I think the students will enjoy using this tool?

0 Can I easily find data on the students from this tool?

## 3. Connection to Curriculum (0- no, 1-some/ sometimes, 2- yes/ all), fill in blank

1 Does the tool go over the same concepts I am teaching at school?

1 Are the questions on the tool based on Georgia grade level standards?

What content areas are the application focused on? Any because it is a mode of saving pictures or worksheets

## 4. Accessibility (0- no, 1-some/ sometimes, 2- yes/ all)

1 Can my students independently log on to the tool?

\_\_1\_\_ Is the application compatible with Clever?

\_\_0\_\_ Can I add in accommodations for specific students?

5. Instructional Features (0- no, 1-some/ sometimes, 2- yes/ all), fill in blank

\_\_0\_\_ Is there a read aloud option for students who need it?

\_\_1\_\_ Are the instructions clear?

\_\_1\_\_ Is there a socialization component in the application?

\_\_1\_\_ Can I customize individual content instruction?

What would be the best group to use this app with? (i.e. small group, big group, one-on-one) any sized group

How is feedback given in the application? None is given within the application

Does the application focus on drills or focus on higher level thinking? Could be either depending on what is being saved

Is the content application self-paced or teacher assigned? Self paced

6. Short Answer

What students do I think will benefit from this tool? What students may this application not work for? Do I have any other comments on the app? If so write/ type them below:

I think this will only work for my older students since they know how to navigate on a computer better. They could save pictures or stories of people they are researching for their costumes of famous people. This can also be used for a multitude of learning new things for them. My younger students do not have access to search the internet since they are learning their letters and to find letters on the keyboard. They need more practice and knowledge before this extension would be beneficial for them.

Scoring:

26-20: Good to use

19-12: Use for supplemental but not a go-to

11-0: Do not use
