

Welcome to my commissions page!

I don't want to share much of my personal information. You can pay for commissions by donating to a fundraiser or reputable organization of your choice. I don't want the money, just proof that you donated it. After you donate, you should receive an email with a receipt that you can screenshot. An organization I recommend is <https://connecting-humanity.org/>- they can always use a donation to help give people eSims.

DM a screenshot of the receipt you receive after giving your donation to @mintflavoredart on Tumblr, @mintykiwi.bsky.social/@arthropodgambling.bsky.social on Bluesky, or mintykiwi on Discord. Let me know what you want after I respond to your DM. If I don't respond I may not have seen it, you can reach me at mintkiwi13@gmail.com.

This art can be done digitally in IbisPaint, FireAlpaca, or JS Paint (Browser version of MS Paint.) If you have a preference of art style or brush type, feel free to ask. I don't have many specific rules, I'll draw pretty much anything except hate symbols or NSFW of minors/relatives.
