[“Jeni’s Splendid Ice Cream Voluntarily Recalls Passion Fruit Dreamsicle Ice Cream Bars Due to Undeclared Wheat and Soy.” | FDA](#)

November 17, 2025 Columbus, Ohio -- Jeni’s Splendid Ice Creams is voluntarily recalling one batch of Passion Fruit Dreamsicle Ice Cream Bars because they may contain undeclared **wheat and soy**. People who have an allergy or severe sensitivity to soy and/or wheat run the risk of serious or life-threatening allergic reactions if they consume these products. No illnesses or injuries have been reported to date. This product was distributed in grocery stores nationwide.

[Face Rock Creamery LLC Recalls 6oz. Vampire Slayer Garlic Cheddar Because of Possible Health Risk | FDA](#)

November 14, 2025, Face Rock Creamery LLC of Bandon, OR is voluntarily recalling 16/6oz. units of Vampire Slayer Garlic Cheddar with a use-by date of 11/04/26 because it has the potential to be contaminated with *Listeria monocytogenes*, an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Although healthy individuals may suffer only short-term symptoms such as high fever, severe headache, stiffness, nausea, abdominal pain and diarrhea, *listeria* infection can cause miscarriages and stillbirths among pregnant women.

[ByHeart Broadens Voluntary Recall While Investigation Continues | FDA](#)

ByHeart a next-generation baby nutrition company, announced today that it is expanding its voluntary recall to include all batches of ByHeart Whole Nutrition Infant Formula cans and Anywhere Pack™ nationwide. This action is being taken in close collaboration with the U.S. Food and Drug Administration (FDA), despite the fact that no unopened ByHeart product has tested positive for *Clostridium botulinum* spores or toxin. This action underscores ByHeart’s core mission: protecting babies above all else.

[In Response to a Broader FDA Investigation, ByHeart Initiates a Voluntary Recall of Two Batches of Infant Formula | FDA](#)

A next-generation baby nutrition company, announced today that, out of an abundance of caution, it has chosen to voluntarily recall two batches of ByHeart Whole Nutrition Infant Formula following notification from the U.S. Food and Drug Administration (FDA) of a broader ongoing investigation into a recent outbreak of infant botulism.

[Africa Imports Issues Voluntary Recall of Organic Moringa Leaf Powder Due to Potential Salmonella Contamination | FDA](#)

Africa Imports is voluntarily recalling its **Organic Moringa Leaf Powder (1 kilogram box)** because it may be contaminated with *Salmonella*, an organism that can cause serious and sometimes fatal infections in young children, the elderly, and individuals with weakened immune systems. Healthy persons infected with *Salmonella* may experience fever, diarrhea (which may be bloody), nausea, vomiting, and abdominal pain. In rare cases, infection can lead to more severe conditions such as arterial infections, endocarditis, or arthritis.

[Blue Oven Bakery, Inc. Issues a Voluntary Recall Due to Undeclared Milk Allergens in Their English Muffin | FDA](#)

Cincinnati, Ohio (October 31, 2025) Blue Oven Bakery, Inc. is issuing a voluntary recall on their english muffin for misbranding due to the milk allergen not being declared on the label. The english muffin was sold fresh as a baked product in a 13.04 oz sealed plastic bag.

[Brazilian Taste Recalls Frozen Chicken and Beef Croquette Products Due to Misbranding and an Undeclared Allergen | Food Safety and Inspection Service](#)

WASHINGTON, Nov. 4, 2025 – Brazilian Taste, a Lexington, S.C. establishment, is recalling approximately 4,120 pounds of chicken and beef croquettes due to misbranding and an undeclared allergen, the U.S. Department of Agriculture's Food Safety and Inspection Service (FSIS) announced today. The product contains sesame, a known allergen, which is not declared on the product label.

[Old Dutch Restaurant Style Salsa Con Queso](#)

ONLY the product and Lot Code listed below is impacted by this withdrawal. Please review your inventory of the listed items below and remove any affected product. Product Description UPC Order Code Size Lot Code DIP QUESO MONT JACK 0074690093280 014339 15 oz BB 21 AUG 2026 FR 25-233 006 Disposal of product: Open, destroy, and discard the product immediately. Donation instructions: Product cannot be donated. Print and post this alert so upcoming shifts know about this recall. Where to look for recalled product: Incoming truck delivery, store displays, store shelves, backstock. Credit: Do not enter in Bad Merchandise. Enter counts in the Kwik Alert system by individual units to receive credit. Save this notice for your inventory auditor.

[Vanguard Enterprises, LLC. dba Bedrock MFG Recalls Monarch Premium Kratom Powder Because of Possible Health Risk | FDA](#)

October 28, 2025, Vanguard Enterprises, LLC. DBA Bedrock MFG of Boise, Idaho is recalling Monarch Premium Kratom brand Bali Gold, Red Bali, Green Maeng Da, and White Elephant powder because product has the potential to be contaminated with *Salmonella*, an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with *Salmonella* often experience fever, diarrhea (which may

be bloody), nausea, vomiting and abdominal pain. In rare circumstances, infection with *Salmonella* can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections (i.e., infected aneurysms), endocarditis and arthritis.

Pacific International Marketing Recalls Fresh Italian Parsley Because of Possible Health Risk | FDA

Salinas, CA (October 28, 2025) - Pacific International Marketing ("Pacific") is recalling 474 cases of bulk Italian Parsley because it may be contaminated with *Salmonella*, an organism that can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with *Salmonella* often experience fever, diarrhea (which may be bloody), nausea, vomiting and abdominal pain. In rare circumstances, infection with *Salmonella* can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections (i.e. infected aneurysms), endocarditis and arthritis.

Homeneeds Inc. Recalls Devi Brand Ground Cinnamon (Dalchini Powder) Because of Possible Health Risk | FDA

10/27/2025, Homeneeds Inc. of Bellevue, WA is recalling 140/100gram packets of Devi brand Cinnamon Powder (Dalchini Powder), batch #2502315, because it has the potential to be contaminated with lead.

Hormel Foods Corporation Recalls Ready-To-Eat Frozen Chicken Products Due to Possible Foreign Matter Contamination

WASHINGTON, October 25, 2025 – Hormel Foods Corporation, an Austin, Minn. establishment, is recalling approximately 4,874,815 pounds of foodservice ready-to-eat frozen chicken products that may be contaminated with pieces of metal, the U.S. Department of Agriculture's Food Safety and Inspection Service (FSIS) announced today.

The affected chicken breast and thigh products were distributed to HRI Commercial Food Service locations nationwide on various dates from February 10, 2025, through September 19, 2025. The following products are subject to recall [view labels]:

LSI, Inc. Recalls BBQ Pork Jerky Product Due To Possible Foreign Matter Contamination

WASHINGTON, October 24, 2025 – LSI, Inc., an Alpena, S.D. establishment, is recalling approximately 2,277,540 pounds of a ready-to-eat Korean barbecue pork jerky product that may be contaminated with pieces of metal, the U.S. Department of Agriculture's Food Safety and Inspection Service (FSIS) announced today.

The affected jerky product has a one-year shelf-life with "best by" dates ranging October 23, 2025, through September 23, 2026, printed on the side of the packaging. The following product is subject to recall [view labels]:

14.5-oz. and 16-oz. plastic pouches containing "GOLDEN ISLAND fire-grilled PORK JERKY Korean BARBECUE recipe." A list of the specific product lot codes and best by dates subject to recall can be found here: [view product list].

The product subject to recall bears establishment number “M279A” inside the USDA mark of inspection. This item was shipped to Costco and Sam’s Club retail locations nationwide.

Haitai, Inc. Recalls Haetae (HT) Brand Cinnamon Powder 8 oz of Possible Risk

Haitai, Inc of Cerritos, CA (Oct., 15, 2025) is recalling Haetae (HT) brand Cinnamon powder 8 oz because it has the potential to be contaminated with lead.

Short term exposures to very low levels of lead may not elicit any symptoms. It is possible that increased blood lead levels may be the only apparent sign of lead exposure. Exposure to extremely high amounts of lead may result in overt and possibly severe symptoms for which an individual is likely to seek medical attention. While lead can affect nearly every bodily system, its effects depend upon the amount and duration of lead exposure and age/body weight.

If a child is exposed to enough lead for a protracted period of time (e.g., weeks to months) permanent damage to the central nervous system may occur. This can result in learning disorders, developmental defects, and other long-term health problems.

For adults, acute lead poisoning may cause a wide range of symptoms, including abdominal pain, muscle weakness, nausea, vomiting, diarrhea, weight loss, and bloody or decreased urinary output. Chronic lead exposure is associated with kidney dysfunction, hypertension, and neurocognitive effects. Lead can cause serious health problems if too much is ingested, such as damage to the brain and kidneys and can interfere with the production of red blood cells that carry oxygen to all parts of your body.

Product was distributed by Haitai, Inc. and sold at various supermarkets nationwide.

Ben’s Original™ Issues Voluntary Recall of Select Ben's Original Long Grain White, Whole Grain Brown, and Long Grain & Wild Ready Rice Products Due to Possible Presence of Small Stones from Farm

Ben’s Original is initiating a voluntary recall in the United States on a limited number of Ben’s Original Long Grain White, Whole Grain Brown, and Long Grain & Wild Ready Rice products due to the possible presence of small, naturally occurring stones originating from the rice farm. These small stones pose possible risk of oral or digestive tract injury if consumed.

This recall is limited only to the batch codes and best by dates listed in the table below, both of which can be found on the bottom seal of the back of the package. Impacted retailers are not limited to those listed below as additional retailers may have purchased products distributed by Associated Grocers, C&S, and Dot Foods from August through September.

Tai Foong USA Issues Allergy Alert on Undeclared Shrimp in Fusia Asian Inspirations Veggie Spring Rolls

October 8, 2025 – Tai Foong USA of Seattle, Washington is recalling a limited quantity of Fusia Asian Inspirations Veggie Spring Rolls, net wt. 10oz, because the product may contain shrimp, a known allergen, that is not declared on the label. People who have an allergy or severe sensitivity to shrimp or shellfish run the risk of a serious or life-threatening allergic reaction if they consume this product.

The affected Veggie Spring Rolls were distributed exclusively to ALDI stores nationwide and sold under the Fusia Asian Inspirations brand.

The product is a 10-ounce (283.5 g) retail package identified by UPC 4099100222258 and the Best Before date 05/17/2027 printed on the back panel of the retail box.

Sno Pac Foods Recalls Del Mar 35 LB Bulk Frozen Spinach and 10 oz Organic Frozen Cut Spinach

Sno Pac Foods of Caledonia, MN, is recalling Del Mar 35 LB Bulk Organic Frozen Spinach and Sno Pac 10 oz Organic Frozen Cut Spinach because they have the potential to be contaminated with *Listeria monocytogenes*, an organism which can cause serious or sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Although healthy individuals may suffer only short-term symptoms such as high fever, severe headache, stiffness, nausea, abdominal pain and diarrhea, *Listeria* infection can cause miscarriages and stillbirths among pregnant women.

The recalled Frozen spinach was distributed nationwide in retail stores and through distributors. The product comes in a 35 LB box with lot codes 250107A, 250107B, 250107C, 250107D, 250107I, and 250107J, with exp 1/7/27 or a 10-ounce, poly retail package marked with lot codes SPM1.190.5 with best by 7/9/27, SPC1.160.5 with best by 6/9/27, SPC2.160.5 with best by 6/9/27, and SPM1.097.5 with best by 4/7/27.

Twin Marquis LLC Voluntarily Recalls Twin Marquis® Thick Shanghai Style Plain Noodle Packages Due to Undeclared Egg

ROOKLYN, New York, Oct. 3, 2025 – Twin Marquis LLC is voluntarily recalling one production date of individually wrapped Twin Marquis® Thick Shanghai Style Plain Noodle packages due to possible undeclared egg allergen. The affected packages of Shanghai Style noodles, which do not list egg as an ingredient, may mistakenly contain Lo Mein noodles, which are made with egg.

People who have an allergy or severe sensitivity to eggs run the risk of serious or life-threatening allergic reaction if they consume these products.

The affected noodles were distributed through ethnic retail outlets nationwide.

Foster Poultry Farms, LLC Recalls Chicken Corn Dog and Ground Turkey on a Stick Products Due To Possible Extraneous Matter Contamination

WASHINGTON, Oct. 4, 2025 – Foster Poultry Farms, LLC, a Livingston, Calif. establishment, is recalling approximately 3,843,040 pounds of chicken corn dog products that may be

contaminated with extraneous material, specifically pieces of wood embedded in the batter, the U.S. Department of Agriculture’s Food Safety and Inspection Service (FSIS) announced today. The products subject to recall were produced between July 30, 2024, through August 4, 2025. A list of the products subject to recall can be found here: [\[view product list\]](#). The labels for the impacted products can be found here: [\[view labels\]](#).

The products subject to recall bear establishment number “P-6137B” either inside the USDA mark of inspection or printed on the packaging. These items were shipped to retail and institutional locations nationwide, including Department of Defense and USDA Commodity Foods donations. While the products were distributed to schools, it resulted from commercial sales and not part of food provided by the USDA for the National School Lunch Program.

Georgia Nut Company (GNC), Third-Party Manufacturer for Tru Fru, LLC Issues Voluntary Recall of Specific Varieties of Tru Fru Freeze Dried Products Due to Potential Presence of Metal in Product

SALT LAKE CITY, UT, September 26, 2025 – Today, Tru Fru, LLC announced that its third-party manufacturer, Georgia Nut Company (GNC) issued a voluntary recall of specific varieties of Tru Fru Freeze Dried products due to the potential presence of metal in the product. Hard or sharp foreign objects in food may cause traumatic injury including laceration and perforation of tissues of the mouth, tongue, throat, stomach and intestine as well as damage to the teeth and gums. These products were distributed in the United States. Consumers may have purchased impacted product via retail stores and online retail, including but not limited to: Albertson’s, CVS, Food Lion, H-E-B, Hungryroot, Ingles Markets, Kroger, Stew Leonard’s, and Target.

The Hillshire Brands Company Recalls Corn Dog and Sausage On A Stick Products Due To Possible Extraneous Matter Contamination

WASHINGTON, September 27, 2025 – The Hillshire Brands Company, a Haltom City, Tex. establishment, is recalling approximately 58,000,000 pounds of corn dog and sausage on a stick products that may be contaminated with extraneous material, specifically pieces of wood embedded in the batter, the U.S. Department of Agriculture’s Food Safety and Inspection Service (FSIS) announced today.

The corn dog and sausage on a stick products were packaged between March 17, 2025, and September 26, 2025. A list of the products subject to recall can be found here: [\[view product list\]](#). The labels for the impacted products can be found here: [\[view labels\]](#).

The products subject to recall bear establishment number “EST-582” or “P-894” printed on the packaging. These items were sold online and shipped to retail and food service locations nationwide. They were also sold to school districts and Department of Defense facilities nationwide. While the products were distributed to schools, it resulted from commercial sales and not part of food provided by the USDA for the National School Lunch Program.

The problem was discovered after the establishment received multiple consumer complaints, five of which involved injuries. The Hillshire Brands Company conducted an investigation and

determined that the wooden sticks entered the production process prior to product battering. FSIS has received no additional reports of injury from consumption of these products. Anyone concerned about an injury should contact a healthcare provider.

FSIS Issues Public Health Alert For Ready-To-Eat Meals Containing Pasta That May Be Contaminated with Listeria

WASHINGTON, September 25, 2025 – The U.S. Department of Agriculture’s Food Safety and Inspection Service (FSIS) is issuing a public health alert for ready-to-eat meals containing a Food and Drug Administration (FDA) regulated pre-cooked pasta that may be contaminated with *Listeria monocytogenes* (Lm). FSIS expects more updates as this investigation continues. As more information becomes available, FSIS will update this public health alert. Consumers should check back frequently because additional products may be added.

The following product is subject to the public health alert [view labels]:

12-oz. clear plastic tray packages labeled “MARKETSIDELINGUINE WITH BEEF MEATBALLS & MARINARA SAUCE” with “best if used by” dates SEP 22, 2025; SEP 24, 2025; SEP 25, 2025; SEP 29, 2025; SEP 30, 2025; and OCT 01, 2025.

The product bears establishment number “EST. 50784” or “EST. 47718” inside the USDA mark of inspection. This item was shipped to Walmart locations nationwide.

Sprout Organics Expands Voluntary Recall of Sweet Potato Apple and Spinach to Include Additional Lot Codes

Sprout Organics is expanding its September 16, 2025 recall of Sprout Organics® Sweet Potato Apple and Spinach, due to potentially elevated lead levels, to include additional lots.

Exposure to lead, even at low levels, may increase blood lead levels. Additional signs and symptoms of lead exposure are more likely with acute exposure to higher levels of lead or chronic exposure to lead. The effects of lead depend upon the amount and duration of exposure and age/body weight. If a child is exposed to enough lead for a protracted period of time, this can affect learning and development or cause other long-term health problems.

The product, a 3.5-ounce pouch, was sold in Walgreens; in independent retailers in AZ, CO, FL, ID, IL, IN, IA, MA, ME, MN, MS, MO, MT, NV, NH, NJ, NM, NY, NC, OH, OR, PA, RI, TX, UT, VT, WI, and WY; and online. It was not sold in any other large retail chain besides Walgreens.

FSIS Issues Public Health Alert for Ready-To-Eat Turkey Wrap Product Due To Possible Listeria Contamination

WASHINGTON, September 19, 2025 – The U.S. Department of Agriculture’s Food Safety and Inspection Service (FSIS) is issuing a public health alert for a ready-to-eat (RTE) turkey wrap product due to concerns that the product may be contaminated with *Listeria monocytogenes*. A recall was not requested because the affected product is no longer available for purchase.

The RTE turkey wrap product was produced on September 10, 2025. The following product is subject to the public health alert [view sample labels]:

10-oz. clear plastic clamshell packages containing “TRADER JOE’S TURKEY GOBBLER WRAP” with “BEST BY SEP 16, 2025.”

The product bears establishment number “P-1644” inside the USDA mark of inspection. This item was shipped to Trader Joe’s retail locations nationwide.

Chetak LLC Group Expands Voluntary Product Recall to Include Additional Frozen Vegetable and Fruit Products Due to Possible Health Risk

Collectively (“Chetak”) is expanding its voluntary recall, initiated July 16, 2025, to include several lots of Deep-branded frozen vegetables and fruit products due to possible Salmonella contamination. The recall is limited to frozen vegetable and fruit products as discussed further below.

Salmonella is an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with Salmonella often experience fever, diarrhea (which may be bloody), nausea, vomiting and abdominal pain. In rare circumstances, infection with Salmonella can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections (i.e., infected aneurysms), endocarditis and arthritis.

Several frozen vegetable products tested positive for Salmonella including:

Frozen Deep-brand Sprouted Mat (Moth), Lot IN 24353K, 24354K, 25072K

Frozen Deep-brand Sprouted Moong (Mung), Lot IN 25058K

Frozen Deep-brand Premium Select Surti Undhiu Mix, Lot IN 25158K

Frozen Deep-brand Premium Select Singoda, Lot IN 25150K

Chetak has decided to expand its voluntary recall to include additional frozen vegetable and fruit products that were manufactured on the same equipment from December 18, 2024 – August 18, 2025.

The products subject to this expanded voluntary recall were distributed nationwide in retail stores under the lot numbers and use-by dates, listed below. Recalled product was packaged in flexible plastic bags, and Lot Number and Use- By Dates can be found on the back panel.

One Frozen, LLC Voluntarily Recalls Good & Gather™ Southwest Style Burrito Bowl Blend, Frozen, 12oz Bags Due to Undeclared Shrimp Allergen

One Frozen, LLC of Rochester, NY, is voluntarily recalling certain lots of Good & Gather™ Southwest-Style Burrito Bowl Blend (frozen, 12oz bags) because the product may contain shrimp (crustacean shellfish) that was not declared on the ingredient label of the product. People who have an allergy or severe sensitivity to shellfish run the risk of a serious or life-threatening allergic reaction if they consume this product.

Good & Gather™ Southwest-Style Burrito Bowl Blend were distributed through Target retail stores nationwide, in all 50 states. The distribution from One Frozen, LLC to Target began on 4/17/2025.

Sabrositos Hondureños, LLC, Recalls Various Meat Products Produced Without Benefit of Inspection

WASHINGTON, Aug. 20, 2025 – Sabrositos Hondureños, LLC, in Edison, N.J., is recalling approximately 32,000 pounds of various meat products that were produced without the benefit of federal inspection bearing labels with a false USDA mark of inspection, the U.S. Department of Agriculture’s Food Safety and Inspection Service (FSIS) announced today. As more information becomes available, FSIS may update the product list and labels with additional items. Any product bearing the false establishment number “Est. 1785” should be considered misbranded and unsafe to eat.

The meat products, including chorizo (sausage), pork chops, and ribs, were produced on various dates prior to August 20, 2025. The following products are subject to recall [view labels]:

14-oz. vacuum-sealed packages containing homestyle chorizo labeled “OLANCHO Chorizo Suelto Olanchano SABROCITOS HONDUREÑOS.”

14-oz. vacuum-sealed packages containing smoked pork chops labeled “OLANCHO Chuleta Ahumada Olanchana SABROCITOS HONDUREÑOS.”

14-oz. vacuum-sealed packages containing smoked chorizo labeled “OLANCHO Chorizo Ahumado Olanchano SABROCITOS HONDUREÑOS.”

14-oz. vacuum-sealed packages containing cased homestyle chorizo, labeled “OLANCHO Chorizo Olanchano Criollo SABROCITOS HONDUREÑOS.”

14-oz. vacuum-sealed packages containing smoked BBQ spicy chorizo labeled “OLANCHO Chorizo Parrillero SABROCITOS HONDUREÑOS.”

14-oz. vacuum-sealed packages containing smoked ribs labeled “OLANCHO Costilla Ahumada Olanchana SABROCITOS HONDUREÑOS.”

The products subject to recall bear false marks of inspection with establishment number “EST. 1785,” which does not exist. These items were shipped to retail locations and restaurants nationwide.

Doehler Dry Ingredient Solutions, LLC Recalls Member’s Mark Freeze Dried Fruit Variety Pack for *Listeria monocytogenes* Contamination

The firm discovered the problem via internal testing of their products. The products were distributed between 7/1/2025-7/25/2025 and sold in Sam’s Club retail stores. These products were packaged in foil pouches inside a corrugated box. The lot number and expiration date are located on the bottom of the case. Product was shipped to distribution centers in the following states: AL, AZ, CA, CO, CT, DE, FL, GA, HI, IA, ID, IL, IN, KS, LA, MD, ME, MI, MN, MO, MS, MT, NC, ND, NE, NH, NJ, NM, NV, NY, OH, OK, PA, PR, SC, SD, TN, TX, UT, VA, WI, WV, WY. Consumers who have this product in their possession should not consume the product. They should discard it and may visit any Sam’s Club for a full refund.

Tropicale Foods Recalls Certain Helados Mexico and La Michoacana Products Due to Undeclared Milk

Tropicale Foods of Ontario, CA is recalling certain Helados Mexico and La Michoacana products with specific best by dates, as detailed below because these products contain undeclared milk. Though these products include “cream” in the product ingredient lists, the common name “milk” is not declared. People who have an allergy or severe sensitivity to milk run the risk of serious or life-threatening allergic reaction if they consume these products.

W.W. Industrial Group Recalls Pear Slices in Juice Due to Elevated Levels of Lead and Cadmium

W.W. Industrial Group, Inc., NY is recalling Parashore Pear Slices in juice, 15 oz, because they have the potential to be contaminated with elevated levels of lead and cadmium.

Lead and cadmium are toxic substances present in our environment in small amounts and everyone is exposed to some of these heavy metals from daily actions such as inhaling dust, eating food, or drinking water. In general, the small exposure to lead within the U.S. population does not pose a significant public health concern.

However, exposure to larger amounts of lead and cadmium can cause poisoning. While these heavy metals can affect nearly every bodily system, its effects depend upon the amount and duration of lead exposure and age. Symptoms can include abdominal pain, vomiting, lethargy, irritability, weakness, behavior or mood changes, delirium, seizures, and coma. However, infants, young children and the developing fetus can be affected by chronic exposure to amounts of heavy metals that may not result in obvious symptoms of lead poisoning. A child with heavy metal poisoning may not look or act sick. Heavy metal poisoning in children can cause: learning disabilities, developmental delays, and lower IQ scores.

Product was distributed through Grocery Outlet stores in California and other Grocery Outlet stores across the US.

Jewel Osco Stores in Illinois, Indiana and Iowa Voluntarily Recalls Select Items Containing Tuna Salad from Reser’s Fine Foods Due to an Ingredient Recall Linked to Possible Listeria Monocytogenes Contamination

Jewel Osco stores in Illinois, Indiana and Iowa are voluntarily recalling select items containing tuna salad supplied by Reser’s Fine Foods. This action follows a recall initiated by Reser’s Fine Food due to possible contamination with Listeria monocytogenes in breadcrumbs used as an ingredient in their tuna salad.

Listeria monocytogenes is an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people and others with weakened immune systems. Although healthy individuals may suffer only short-term symptoms such as high fever, severe headache, stiffness, nausea, abdominal pain and diarrhea, Listeria infection can cause miscarriages and stillbirths among pregnant women.

Consumers who have purchased these items are urged not to consume these products and to dispose of them or return the items to their local store for a full refund. The FDA recommends in these cases that anyone who purchased or received any recalled products to use extra vigilance in cleaning and sanitizing any surfaces and containers that may have come in contact with these products to reduce the risk of cross-contamination. *Listeria monocytogenes* can survive in refrigerated temperatures and can easily spread to other foods and surfaces.

There have been no reports of injuries or adverse reactions due to consumption of these products. Anyone concerned about an injury or illness should contact a healthcare provider.

The items containing tuna salad were available for purchase at Jewel Osco in Illinois, Indiana and Iowa.

Kayem Foods Inc. Recalls Ready-To-Eat Chicken Sausage Products Due to Possible Foreign Matter Contamination

WASHINGTON, July 17, 2025 – Kayem Foods Inc., a Chelsea, Mass., establishment, is recalling approximately 24,173 pounds of ready-to-eat chicken sausage products that may be contaminated with foreign material, specifically pieces of plastic, the U.S. Department of Agriculture’s Food Safety and Inspection Service (FSIS) announced today.

The fully cooked chicken sausage item was produced on June 28, 2025. The following product is subject to recall [view labels]:

11-oz. vacuum-packed packages containing four pieces of “ALL NATURAL al fresco CHICKEN SAUSAGE SWEET APPLE with Vermont made syrup” with lot code “179” and “USE/FRZ BY” date “OCT 01 2025” printed on the back package label.

The products subject to recall bear establishment number “P-7839” inside the USDA mark of inspection. These items were shipped to retail locations nationwide.

Krasniy Oktyabr Inc. USA Issues Alert on Eviscerate Dry Salted Vobla “Aral Silver”

KRASNIY OKTYABR INC. USA. of BROOKLYN, NY, is recalling its “ARAL SILVER VOBLA” brand “ARAL”, because the product was found to be uneviscerated.

The fish were distributed nationwide through retail stores. The product comes in a clear plastic vacuum packaged bag with a blue label, containing two whole fish inside marked “Product of Kazakhstan”.

The recall was initiated after routine sampling by New York State Department of Agriculture and Markets food inspectors and subsequent analysis by NYS Food Laboratory revealed the product was not properly eviscerated prior to processing.

The sale of uneviscerated fish is prohibited because clostridium botulinum spores are more likely to be concentrated in the viscera than any other portion of the fish. Uneviscerated fish have been linked to outbreaks of botulism poisoning. Symptoms of botulism include dizziness, blurred or double vision and trouble with speaking or swallowing. Difficulty in breathing, weakness of other muscles, abdominal distension and constipation may also be common symptoms. People experiencing these problems should seek immediate medical attention.

YoCrunch® Products Voluntarily Recalled by Danone U.S. Due to Potential Presence of Plastic Pieces in Dome Topper

WHITE PLAINS, N.Y. and LOUISVILLE, Colo, July 14, 2025 – Danone U.S. is voluntarily recalling YoCrunch® products sold at retail stores nationwide due to the potential presence of plastic pieces in the dome topper. If consumed, the plastic pieces could potentially cause a choking response. The issue is isolated only to the separately packaged topper and does not impact the separately packaged yogurt. This recall applies to all flavors and sizes of YoCrunch® products currently inmarket, as summarized on the table below.

Consumer complaints have reported the presence of plastic pieces in the toppers, which have the potential to cause choking. The plastic pieces are transparent, may have sharp edges, and could present a risk to consumers because some pieces are between 7 and 25 mm in length. This voluntary recall was initiated on July 11, 2025, and is being conducted in cooperation with the U.S. Food and Drug Administration (FDA). The company is working swiftly with retail partners to remove the impacted product from shelves, while it works to address the issue and bring back the YoCrunch® products so many people enjoy.

Danone U.S., the makers of YoCrunch, takes every consumer experience seriously and is initiating this voluntary recall in line with its commitment to product quality and consumer safety.

Consumers who have purchased the affected YoCrunch® products should not consume them. For information on refunds, please contact the YoCrunch® Consumer Care Line at 1-877-344-4886. Consumer Care specialists are available to speak live Monday – Friday, 9am to 6pm ET.

World Market Recalls Emek Spread Pistachio Cacao Cream with Kadayif Due to Salmonella Contamination

Alameda, CA, July 14, 2025 – World Market is recalling EMEK SPREAD PISTACHIO CACAO CREAM WITH KADAYIF, 9.7oz, Best Before: April 01, 2027, Batch Number: 250401 due to a potential contamination of Salmonella.

Salmonella is an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with Salmonella often experience fever, diarrhea (which may be bloody), nausea, vomiting and abdominal pain. In rare circumstances, infection with Salmonella can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections (i.e., infected aneurysms), endocarditis and arthritis.

The firm initiated the recall after samples of the product were tested by the FDA and the products tested positive for Salmonella.

The products were distributed between June 11 to July 9, 2025. The product is packaged in clear glass jar with the date code etched on the top of the lid. The product is sold primarily in World Market retail stores located in the States of: AL, AZ, CA, CO, CT, FL, GA, IA, IL, IN, KS, KY, LA, MA, MD, MI, MN, MO, NC, NE, NH, NJ, OH, OK, PA, SC, SD, TN, TX, VA, WA & WI.

Natureen International Inc. Recalls Wei-Chuan Dried Black Fungus Slice (2.5oz) Because of Possible Health Risk

Natureen International Inc. of Walnut, CA is recalling 244 bags of Wei-Chuan Dried Black Fungus Slice (2.5oz / bag), because it has the potential to be contaminated with Salmonella, an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with Salmonella often experience fever, diarrhea (which may be bloody), nausea, vomiting and abdominal pain. In rare circumstances, infection with Salmonella can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections (i.e., infected aneurysms), endocarditis and arthritis.

The recalled Wei-Chuan Dried Black Fungus Slice (2.5oz / bag) were distributed in Illinois, Indiana, Iowa, Kansas, Kentucky, Michigan, Minnesota, Missouri, Nebraska, Ohio, and Wisconsin through direct delivery to retail stores and supermarkets from Wei-Chuan Chicago Branch.

Mondelēz Global LLC Conducts U.S. Voluntary Recall of Four Carton Sizes of RITZ Peanut Butter Cracker Sandwiches Due to Labeling Error

EAST HANOVER, N.J., July 8, 2025 – Mondelēz Global LLC announced today a voluntary recall of four carton sizes of RITZ Peanut Butter Cracker Sandwiches (8-pack, 20-pack, and 40pack cartons of RITZ Peanut Butter Cracker Sandwiches, as well as the 20-pack RITZ Filled Cracker Sandwich Variety Pack carton) manufactured in the United States and sold nationwide. The affected cartons include individually wrapped packs that may be incorrectly labeled as Cheese variety even though the product may be a Peanut Butter variety. People who have an allergy or severe sensitivity to peanuts may risk serious or life-threatening allergic reactions by consuming this product.

All outer cartons affected are labeled correctly and provide an allergen advisory statement indicating that the product “contains peanuts.”

This recall is exclusively for the 8-pack, 20-pack, and 40-pack RITZ Peanut Butter Cracker Sandwich cartons and the 20-pack RITZ Filled Cracker Sandwich Variety Pack carton, with Best When Used By Dates listed in the grid below, available at retail stores nationwide. No other RITZ products or Mondelēz Global LLC products are included in, or affected by, this recall.

FSIS Issues Public Health Alert for Ready-to-eat Beef Jerky Stick Products Due to Possible Extraneous Material Contamination

WASHINGTON, July 02, 2025 – The U.S. Department of Agriculture's Food Safety and Inspection Service (FSIS), is issuing a public health alert for ready-to-eat (RTE) beef jerky stick products that may be contaminated with extraneous materials, specifically plastic. FSIS did not request a recall because the affected products are no longer available for purchase.

The RTE beef jerky stick products were produced on May 27, 2025 and have an 18-month shelf life. The following products subject to the public health alert are [view labels]:

6.9 oz. bags containing six 1.15-oz. vacuum-sealed packages containing of "RIVERBEND RANCH Original Beef Stick" with a "Best By date of 11/27/2026"

6.9 oz. bags containing six 1.15 oz. vacuum-sealed packages containing of "RIVERBEND RANCH Jalapeño Beef Stick" with a "Best By date of 11/27/2026"

The products bear "EST. 47282" on the back of the label. These items were shipped to a company that further distributed the products online and to locations nationwide, including Puerto Rico.

Kraft Heinz Foods Company Recalls Turkey Bacon Products Due to Possible Listeria Contamination

WASHINGTON, July 2, 2025 – Kraft Heinz Foods Company, a Newberry, S.C., establishment, is recalling approximately 367,812 pounds of fully cooked turkey bacon products that may be adulterated with *Listeria monocytogenes* (Lm), the U.S. Department of Agriculture's Food Safety and Inspection Service (FSIS) announced today.

The turkey bacon was produced from April 24, 2025, through June 11, 2025. The following products are subject to recall [view labels]:

12-oz. vacuum-packed packages of "Oscar Mayer Turkey BACON ORIGINAL" and universal product code (UPC) "071871548601" printed on the packaging under the barcode, "use by" dates ranging "18 JUL 2025" to "02 AUG 2025," and lot code "RS40."

36-oz. packages containing three 12-oz. vacuum-packed packages of "Oscar Mayer Turkey BACON ORIGINAL" and universal product code (UPC) "071871548748" printed on the packaging under the barcode, "use by" dates ranging "23 JUL 2025" to "04 SEP 2025," and lot codes "RS19," "RS40," or "RS42."

48-oz. packages containing four 12-oz. vacuum-packed packages of "Oscar Mayer Turkey BACON ORIGINAL" and UPC "071871548793" printed on the packaging under the barcode and "use by" dates ranging "18 JUL 2025" to "04 SEP 2025," and lot codes "RS19," "RS40," or "RS42."

The products subject to recall bear the USDA mark of inspection on the front of the label. These items were shipped to retail locations nationwide and some were exported to the British Virgin Islands and Hong Kong.

Gaiser's European Style Provisions Inc. Recalls Ready-To-Eat Meat and Poultry Bologna Products Due to Misbranding

WASHINGTON, June 27, 2025 – Gaiser's European Style Provisions Inc., a Union, N.J., establishment, is recalling approximately 143,416 pounds of ready-to-eat bologna due to misbranding, the U.S. Department of Agriculture's Food Safety and Inspection Service (FSIS) announced today. The various bologna products subject to recall contain meat or poultry source materials that are not declared on the product labels.

The ready-to-eat bologna items were produced between March 20 and June 20, 2025. The following products are subject to recall [view labels]:

Vacuum-packed packages of "FAMILY TREE BOLOGNA VEAL" containing undeclared pork.

Plastic-wrapped packages of "BABUSHKA'S RECIPE CHICKEN BOLOGNA" containing undeclared pork.

Plastic-wrapped packages of "FANCY BOLOGNA" labeled with pork as an ingredient but containing undeclared beef and chicken.

Vacuum-packed packages of "GAISERS RUSSIAN BRAND DOKTORSKAYA BOLOGNA" containing undeclared beef.

Plastic-wrapped packages of "GAISERS BOLOGNA VEAL" containing undeclared chicken and pork.

Plastic-wrapped packages of "GAISERS TURKEY BOLOGNA" containing undeclared chicken and pork.

Plastic-wrapped packages of "CHICKEN BOLOGNA KYPOYKA PABA" containing undeclared pork.

The products subject to recall were distributed to wholesale and retail locations nationwide and bare establishment number "EST. 5385" inside the USDA mark of inspection on the product labels. Some products would have been weighed, wrapped, and labeled in retail store locations at the time of purchase.

Starway International Group LLC Expands Recall for Ineligible Frozen Siluriformes Fish Products Imported from Vietnam

WASHINGTON, June 25, 2025, Starway International Group, LLC, in Maspeth, N.Y., is expanding its June 12, 2025, recall of Siluriformes fish products that were produced by an establishment in Vietnam that is not eligible to export Siluriformes to the United States, the U.S. Department of Agriculture's Food Safety and Inspection Service (FSIS) announced today. The establishment is recalling approximately 15,980 additional pounds of Siluriformes fish products.

This expansion includes two additional Siluriformes sausage products that were not covered within the scope of the original recall. The following products are subject to the recall expansion, regardless of expiration date [view all labels]:

Lipari Foods Issues Allergy Alert on Undeclared Milk in "Dark Chocolate Nonpareils

Lipari Foods of Warren, MI, is recalling its 14-ounce packages of JLM Branded “Dark Chocolate Nonpareils” food treats because they may contain undeclared milk. People who have allergies to milk run the risk of serious or life-threatening allergic reaction if they consume these products.

The recalled “Dark Chocolate Nonpareils” were distributed nationwide in retail stores.

The product comes in a 14-ounce, clear plastic tub marked with lot # 28202501A, 29202501A, 23202504A, 14202505A, 15202505A, and 03202506A on the bottom label.

No illnesses have been reported to date to Lipari Foods in connection with this problem.

The recall was initiated after being notified by Weaver Nut Company that they were recalling their “Dark Chocolate Nonpareils” due to possible undeclared milk. It was discovered that the potential milk-containing product was distributed in packaging that did not reveal the presence of milk.

Consumers who have purchased the 14-ounce packages of “Dark Chocolate Nonpareils” are urged to return them to the place of purchase for a full refund. Consumers with questions may contact Lipari Foods at (586) 447-3500 ext:9720.

Weaver Nut Company Inc., Issues Allergy Alert on Undeclared Milk in Chocolate Nonpareils

Weaver Nut Company, Inc. is recalling the following chocolate products with specific lot codes, due to potential undeclared milk allergens. People who have an allergy or severe sensitivity to milk run the risk of serious or life-threatening allergic reactions if they consume the impacted products and Lot’s listed below.

Potential affected products include the following:

Item / Description:

47518 – Nonpareil, Semi-Sweet Chocolate (Christmas Seeds)

Lot #(s): 204206, 204207, 204208, 204209, 204212, 224225

Item / Description:

D2645 – Nonpareils, Semi-Sweet Chocolate (White Seeds)

Lot #(s) 204214-RL, 204214, 204215, 224221, 224222, 224223, 135215, 135216, 135217, 135220, 135221, 145204, 145205-1, 145207-1, 145210-1

Images of the affected products: (see images below)

No illnesses have been reported to date in connection with this issue.

Product was distributed to customers throughout the United States. Product was sold at various retail and grocery store outlets.

Medtech Products Inc. Issues Nationwide Recall of Little Remedies® Honey Cough Syrup Due to Microbial Contamination

TARRYTOWN, N.Y.--(GLOBE NEWSWIRE)—June 17, 2025—Medtech Products Inc., a Prestige Consumer Healthcare Inc. company (“Medtech” or “Company”), is voluntarily recalling five lots of Little Remedies® Honey Cough Syrup (the “Product”) due to the presence of *Bacillus cereus* and loss of shelf-stability. *Bacillus cereus* (*B. cereus*) can cause two types of food-borne illnesses. One type is characterized by nausea, vomiting, and stomach cramps that can start 1 to 6 hours after eating or drinking contaminated food. The second type can cause stomach cramps and diarrhea that can start 8 to 16 hours after eating or drinking contaminated food. Diarrhea may be a small volume or profuse and watery. Although healthy individuals may suffer only short-term illness, exposure to high levels of foodborne *B. cereus* can cause death.

Vita-Warehouse Corp. Issues Allergy Alert on Undeclared Peanut Allergen in ALDI Welby®, Berkley Jensen®, and VitaGlobe™ Vitamin B12 Gummy Products

Company Announcement: June 12, 2025, Vita Warehouse Corp. is voluntarily recalling one lot of Welby® brand Vitamin B12 Energy Support gummy product 1000 mcg 140 gummies, Berkely Jensen® Vitamin B12 1000 mcg 250 Gummies, and VitaGlobe™ Vitamin B12 Extra Strength 60 Gummies due to the potential presence of undeclared peanuts. People with an allergy or severe sensitivity to peanuts run the potential risk of serious or life-threatening allergic reactions if they consume these products.

These products were distributed at ALDI and BJ’s retail stores nationwide and online at:

<https://www.aldi.us>

Hofood99 Inc Recalls Enoki Mushroom Due to Possible Health Risk

Hofood99 Inc of Brooklyn, NY 11231 is recalling its 200g packages of Enoki Mushroom, because they may be contaminated with *Listeria monocytogenes*, an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people and others with weakened immune systems. Although healthy persons may suffer only short-term symptoms such as high fever, severe headache, stiffness, nausea, abdominal pain, and diarrhea, *Listeria* infection can cause miscarriages and stillbirths among pregnant women.

The recalled Enoki Mushrooms were distributed nationwide in retail stores. The product comes in a 200g, green plastic package marked with UPC Barcode 6 976532 310051 on the back label, distributed by Hofood99 Inc., 21903 56th Ave Oakland Gardens, NY 11364.

No illnesses have been reported to date in connection with this problem.

Church & Dwight Co., Inc. Issues Voluntary Nationwide Recall of Zicam® Cold Remedy Nasal Swabs, Zicam® Nasal AllClear Swabs, and Orajel™ Baby Teething Swabs Due to Microbial Contamination

Church & Dwight Co., Inc. is voluntarily recalling all lots within expiry of Zicam® Cold Remedy Nasal Swabs, Zicam® Nasal AllClear Swabs, and Orajel™ Baby Teething Swabs to the consumer level. The products are being recalled due to potential microbial contamination identified as fungi in cotton swab components. Swabs found to contain microbial contamination can potentially present a significant risk to the health and safety of consumers including serious and life-threatening blood infections in users whose nasal mucosa may be compromised due to inflammation and mechanical injuries. The risk is highest (potentially severe or life-threatening) among children and individuals with compromised immune systems or other underlying medical conditions. To date, no serious adverse events associated with the affected product have been reported.

The recalled products were distributed nationwide in the United States and in Puerto Rico.

Camerican International, Inc. Issues Allergy Alert on Undeclared Milk in Aldi Brand Casa Mamita Churro Bites Filled with Chocolate Hazelnut Cream

Camerican International of Paramus, NJ is recalling 7.05 oz boxes of Aldi Brand Casa Mamita Churro Bites Filled with Chocolate Hazelnut Cream because they may contain undeclared milk. People who have an allergy or severe sensitivity to milk run the risk of serious or life-threatening allergic reaction if they consume these products.

The recalled Casa Mamita Churro Bites Filled with Chocolate Hazelnut Cream were distributed in select Aldi retail stores in the states of AL, AR, FL, GA, IA, IL, KY, LA, MO, MS, NC, SC, and TN.

The product is packaged in a 7.05 oz cardboard box marked with a BEST IF USED BY DATE of JUL/14/2025 and Lot Number 01425

Springville Meat & Cold Storage Co., Inc., Recalls Beef Jerky/ Beef Snack Stick Products and Voluntarily Inspected Elk, Venison and Buffalo Jerky Products Due to Misbranding and Undeclared Allergens

WASHINGTON, June 3, 2025 – Springville Meat & Cold Storage Co., Inc., Springville, Utah establishment, is recalling approximately 15,388 pounds of heat-treated shelf-stable ready-to-eat (RTE) beef jerky/beef snack stick products and voluntarily inspected elk, venison and buffalo jerky products due to misbranding and undeclared allergens, the U.S. Department of Agriculture's Food Safety and Inspection Service (FSIS) announced today. The product contains fish (anchovies), a known allergen, which is not declared on the product label.

The beef jerky and beef stick items were produced on various dates from May 30, 2023 to May 30, 2025. The multiple product labels and lot codes associated are subject to recall:

Label Part 1

Label Part 2

Label Part 3

Label Part 4

Label Part 5

Lot Numbers

The products subject to recall bear establishment number "EST. 20528" inside the USDA mark of inspection. These items were shipped to retail locations nationwide.

FSIS Issues Public Health Alert for Ground Beef Products Due to Possible E. Coli O157:H7 Contamination

WASHINGTON, June 3, 2025 – The U.S. Department of Agriculture's Food Safety and Inspection Service (FSIS) is issuing a public health alert for ground beef products that may be contaminated with E. coli O157:H7. FSIS is issuing this public health alert to ensure that consumers are aware that these products should not be consumed. A recall was not requested because the products are no longer available for purchase.

The raw ground beef item was produced on May 22, 2025, and May 23, 2025. The following product is subject to the public health alert [view labels]:

1-lb. vacuum-packed packages of "ORGANIC RANCHER ORGANIC GROUND BEEF 85% LEAN 15% FAT" with "Use or Freeze By 06-19-25" and "Use or Freeze By 06-20-25" as represented on the packaging.

The product bears establishment number "EST. 4027" inside the USDA mark of inspection. This item was shipped to distributor locations in Connecticut, Georgia, Illinois and Maryland and was further distributed to Whole Foods Market retail locations nationwide.

Sulu Organics LLC Recalls Pork Lard & Beef Tallow Products Produced Without Benefit of Inspection

WASHINGTON, June 3, 2025 – Sulu Organics LLC, a Bartlett, Ill. establishment, is recalling approximately 6,166 pounds of pork lard and beef tallow products that were produced without the benefit of federal inspection, the U.S. Department of Agriculture's Food Safety and Inspection Service (FSIS) announced today.

The pork lard and beef tallow items were produced on various dates from December 2024 to March 2025. The following products are subject to recall [view labels]:

50-lb. boxes of "Sulu NUTRITION 100% PURE BEEF TALLOW FULLY RENDERED-PASTEURIZED ALL PURPOSE" with "LOT: 07192023-4502 EXP: 07/2023-12-2023," "LOT: 010224-0944 EXP: 12/2025" and "LOT: 080124-7895 EXP: 08/2024-10/2024" represented on the container label.

7-lb. plastic buckets of "Sulu TREAT YOUR SOUL BEEF TALLOW RENDERED 100% PURE GRASS FEED GRASS FINISHED" with "LOT: 042225-0128 EXP: 09/2026," "LOT: 042423-4502 EXP: 12/2025," "LOT: 010224-0944 EXP: 12/2025" and "LOT: 080124-7895 EXP: 01/2025" represented on the container label.

4-lb. plastic buckets of "Sulu TREAT YOUR SOUL TALLOW RENDERED 100% PURE GRASS FEED GRASS FINISHED" with "LOT: 08012024-7895 EXP: 07/2026," "07192023-4502 EXP: 12/2024" and "LOT: 080124-7895 EXP 01/2026" represented on the container label.

1.5-lb. glass jars of "Sulu TREAT YOUR SOUL BEEF TALLOW RENDERED 100% PURE GRASS FEED GRASS FINISHED" with "LOT: 021925-0044 EXP:09/2026," "LOT: 012224-0960 EXP: 01/2026" represented on the container label.

4-lb. plastic buckets of "Sulu TREAT YOUR SOUL LARD 100% PURE NATURAL US PRODUCT RICH IN MONOSATURATED, SATURATED AND POLYSATURATED FATS" with "LOT: 062824-0072 EXP:01/2026" represented on the container label.

7-lb. plastic buckets of "Sulu TREAT YOUR SOUL LARD 100% PURE NATURAL US PRODUCT RICH IN MONOSATURATED, SATURATED AND POLYSATURATED FATS" with "LOT: 011825-0072 EXP: 08/2026" represented on the container label.

These items were shipped to retail locations nationwide and do not bear the USDA mark of inspection.

Hormel Foods Corporation Recalls Canned Beef Stew Product Due to Possible Foreign Matter Contamination

WASHINGTON, May 28, 2025 – Hormel Foods Corporation, a Tucker, Ga. establishment, is recalling approximately 256,185 pounds of canned beef stew product that may be contaminated with foreign material, specifically wood, the U.S. Department of Agriculture's Food Safety and Inspection Service (FSIS) announced today.

The canned beef stew item was produced on February 4, 2025. The following product is subject to recall [view labels]:

20-oz. metal cans containing “Dinty Moore BEEF STEW” with “BEST BY FEB 2028” and lot code “T02045” printed on the can. The lot code may have an additional number at the end.

The product subject to recall bears establishment number “EST 199G” printed on the can. These items were shipped to retail locations nationwide.

R&M Trading LLC Issues Allergy Alert on Undeclared Milk in R&M Refresher Instant Milk Tea Powder

R&M Trading LLC of Lakewood, WA is recalling approximately 408 packages (1lb. pack per package) and 1624 packages (3/1lb. packs per package) of Instant Milk Tea powder products because they may contain undeclared milk . People who have an allergy or severe sensitivity to milk run the risk of serious or life-threatening allergic reaction if they consume this product.

The R&M Refresher brand Instant Milk Tea products are recalled because the ingredients statement declares Whey and Caseinate in Non-Dairy Creamer ingredients, but it does not specify milk.

The following Instant Milk Tea products are sold in 1lb. plastic pouch on Amazon website between 11/18/2024 and 05/07/2025.

South Asian Food Inc. Issues Allergy Alert on Undeclared Peanuts in "Bengal King Family Pack Vegetable Singara"

South Asian Food Inc. of Maspeth, NY, is recalling its 1875g packages of Bengal King Family Pack Vegetable Singara because they may contain undeclared peanuts. People who have an allergy or severe sensitivity to peanuts run the risk of serious or life-threatening allergic reaction if they consume these products.

The recalled Bengal King Family Pack Vegetable Singara was distributed nationwide in retail stores and through mail orders.

NatureMills US Inc., based in Prosper, Texas, is recalling select products that were sold between December 1, 2023, and May 10, 2025, due to undeclared allergens: Wheat, Milk, and Sesame. People who have an allergy or severe sensitivity to these allergens run the risk of serious or life-threatening allergic reactions if they consume these products.

The affected products were distributed nationwide in the United States via the NatureMills website(www.naturemills.com)

Knockro Issues Allergy Alert on Undeclared Almonds in Bonya Yogurt Parfaits

Knockro Inc., PA, is recalling its Bonya-branded yogurt parfait products due to an undeclared almond. Specifically, the granola component in some of these products contains almonds, which were not listed on the label. People who have an allergy or severe sensitivity to almonds risk serious or life-threatening allergic reactions if they consume these products.

East Trading Inc., Issues Alert on Undeclared Sulfites in “Licorice Plum”

East CK Trading, Inc. of Long Island City, NY, is recalling its 8-ounce packages of “Licorice Plum” food treats because they contained undeclared sulfites and unallowed color, Amaranth (E123). Consumers who have severe sensitivity to sulfites run the risk of serious or life-threatening allergic reactions if they consume this product

The recalled “Licorice Plum” were distributed nationwide in retail stores and through mail orders. The product comes in an 8-ounce, clear plastic bottle. The product UPC code is 0077-20729

No illnesses or allergic reactions involving this product have been reported to date.

Vietti Food Group Issues Allergy Alert on Undeclared Soy in 15-oz Yellowstone Brown Sugar Molasses Baked Beans

Vietti Food Group of Nashville, TN is recalling 4,515 cases of its Yellowstone Brown Sugar Molasses Baked Beans (15 oz.) due to the presence of undeclared soy. Individuals with an allergy or severe sensitivity to soy risk serious or life-threatening allergic reactions if they consume this product.

The recalled product was distributed through retailers in the following states:

Arizona, Colorado, Delaware, Florida, Georgia, Illinois, Iowa, Kansas, Kentucky, Louisiana, Michigan, Mississippi, Missouri, New Hampshire, New York, North Carolina, Ohio, Oregon, Pennsylvania, Tennessee, Texas, Utah, and Virginia.

FSIS Issues Public Health Alert for Ineligible Pork Cracklings Products Imported From the Republic of Colombia

WASHINGTON, May 1, 2025 – The U.S. Department of Agriculture’s Food Safety and Inspection Service (FSIS) is issuing a public health alert for potato chip products containing chicharrón (pork cracklings) that were imported from the Republic of Colombia. Colombia is ineligible to export

meat products to the United States. FSIS is issuing this public health alert to ensure that consumers are aware that these products should not be consumed. A recall was not requested because the products are no longer available for purchase.

The mixed bags of potato chips containing chicharrón were imported between August 2024 and March 2025. The following products are subject to the public health alert, regardless of the product date [view labels]:

270-g. plastic bag containing six 45-g. foil bags of “De Todito NATURAL” mixed chips with “CHICHARRÓN AMERICANO JACKS,” “Margarita,” and “NATU CHIPS.”

165-g. foil bags containing “De Todito NATURAL” mixed chips with “CHICHARRÓN AMERICANO JACKS,” “Margarita,” and “NATU CHIPS.”

270-g. plastic bag containing six 45-g. foil bags of “De Todito BBQ” mixed chips with “CHICHARRÓN AMERICANO JACKS,” “Margarita,” and “NatuChips.”

165-g. foil bags containing “De Todito BBQ” mixed chips with “CHICHARRÓN AMERICANO JACKS,” “Margarita,” and “NatuChips.”

165-g. foil bags containing “De Todito LIMÓN” mixed chips with “CHICHARRÓN AMERICANO JACKS,” “Margarita,” “TOSTITOS,” and “NATU CHIPS.”

270-g. plastic bag containing six 45-g. foil bags of “De Todito LIMÓN” mixed chips with “CHICHARRÓN AMERICANO JACKS,” “Margarita,” “TOSTITOS,” and “NATU CHIPS.”

140-g. foil bags containing “GOLPE CON TODO SABOR LIMÓN” mixed chips with “RIZADAS,” “PLÁTANOS,” and “Chicharrón Fred.”

The products subject to the public health alert do not bear any import marks on the labels. These items were shipped to distributors in Florida and New York and to retail locations nationwide.

The problem was discovered when FSIS was performing routine surveillance activities at two retailers and found meat products from Colombia that are not eligible to be exported to the U.S.

There have been no confirmed reports of adverse reactions due to consumption of these products. Anyone concerned about an illness should contact a healthcare provider.

FSIS is concerned that some products may be in consumers’ pantries. Consumers who have purchased these products are urged not to consume them. These products should be thrown away or returned to the place of purchase.

Consumers and members of the media with questions about the public health alert can contact Jack Wilson, Owner, LatinFood US at 631-681-5276 or jwilson@latinfoodus.com.

Consumers with food safety questions can call the toll-free USDA Meat and Poultry Hotline at 888-MPHotline (888-674-6854) or send a question via email to MPHotline@usda.gov. For

consumers that need to report a problem with a meat, poultry, or egg product, the online Electronic Consumer Complaint Monitoring System can be accessed 24 hours a day at <https://foodcomplaint.fsis.usda.gov/eCCF/>.

Trader Joe's Sesame Miso Salad with Salmon Voluntarily Recalled **Due to Undeclared Milk Allergen**

FOR IMMEDIATE RELEASE – April 28, 2025 – A limited quantity of Trader Joe's Sesame Miso Salad with Salmon is voluntarily being recalled because the topping packet may potentially contain an undeclared milk allergen. The product may contain milk that is not declared on the label. 500 units of the salad were mistakenly packaged with a sealed packet of parmesan cheese crumbles (instead of a packet of crispy onions).

People who have sensitivity or allergy to milk may be at risk of an adverse reaction if they consume this product. To date, there have been no reported adverse reactions to this product.

The product subject to the recall was distributed to the following stores:

STORE	ITEM DESCRIPTION	USE BY DATE	UPC	DISTRIBUTION
Trader Joe's	Trader Joe's Sesame Miso Salad with Salmon 10.25oz	April 28, 2025 April 29, 2025	00773164	AL, IA, IL, IN, KS, KY, MI, MN, MO, NC, NE, NJ, NY, OH, PA, SC, TN, WI

FSIS Issues Public Health Alert for Pork Carnitas Products Due to Possible Extraneous Material Contamination

WASHINGTON, April 19, 2025 – The U.S. Department of Agriculture's Food Safety and Inspection Service (FSIS) is issuing a public health alert for pork carnitas products that may be contaminated with foreign material, specifically pieces of metal. FSIS did not request a recall because this product is no longer available for sale in commerce.

The fully cooked pork carnitas products were produced from April 1-2, 2025. The following products are subject to the public health alert [view labels]:

16-oz. sleeved tray packages containing "Pork Carnitas SEASONED & SEARED PORK WITH JUICES SLOW COOKED WITH CITRUS" with "USE BY" dates "06/30/2025" or "07/01/2025" printed on the side of the packaging.

The products subject to the public health alert bear establishment number "Est. 46049" inside the USDA mark of inspection. These items were shipped to Aldi supermarkets nationwide.

Cargill Kitchen Solutions Recalls Liquid Egg Products Due to an Unapproved Substance

Dessert Holdings Issues Allergy Alert on Undeclared Tree Nut Allergen in Favorite Day™ Gourmet New York Style Cheesecake 6oz/2ct

KENNESAW, GA – MARCH 19, 2025 – Dessert Holdings LLC is recalling Target brand Favorite Day™ Gourmet New York Style Cheesecake 6oz/2ct, Lot code 25028A1 000039133 UPC 0 85239 09690 1 due to product mislabeling resulting in undeclared pecans. People who have an allergy or severe sensitivity to pecans run the risk of serious or life-threatening allergic reactions if they consume these products.

Nestlé USA Announces Voluntary Recall of a Limited Quantity of Lean Cuisine® and STOUFFER'S® Frozen Meals Due to Potential Presence of Foreign Material

ARLINGTON, VA., March 17, 2025 — Nestlé USA is initiating a voluntary recall of a limited quantity of Lean Cuisine® and STOUFFER'S® frozen meals due to the potential presence of wood-like material.

This recall is isolated to a limited quantity of batches of the following items: Lean Cuisine® Butternut Squash Ravioli, Lean Cuisine® Spinach Artichoke Ravioli, Lean Cuisine® Lemon Garlic Shrimp Stir Fry, and STOUFFER'S® Party Size Chicken Lasagna that were produced between August 2024–March 2025. These products were distributed at major retailers in the U.S. between

September 2024–March 2025. This recall does not involve any other Lean Cuisine® or STOUFFER’S® products.

COMPANY ANNOUNCEMENT C.H. Guenther & Son LLC Issues Allergy Alert on Undeclared Egg in “365 Whole Foods Market Small Bites Macaroni & Cheese

Tri-Union Seafoods Issues Recall of Select Genova®, Van Camp’s®, H-E-B and Trader Joe’s® Tuna Cans Due to Clostridium Botulinum Risk

EL SEGUNDO, CA, February 7, 2025 – Tri-Union Seafoods has made the decision to voluntarily recall select lots of canned tuna products sold under the Genova®, Van Camp’s®, H-E-B and Trader Joe’s brand names. This voluntary recall is out of an abundance of caution following the notification from our supplier that the “easy open” pull tab can lid on limited products encountered a manufacturing defect that may compromise the integrity of the product seal (especially over time), causing it to leak, or worse, be contaminated with *clostridium botulinum*, a

potentially fatal form of food poisoning. Consumers are warned not to use the product even if it does not look or smell spoiled. Consumers feeling unwell should seek immediate medical attention. No illnesses associated with the recalled products have been reported and the recall is being conducted to ensure consumer safety.

Jack and the Green Sprouts Recalls Expired Alfalfa Sprouts Because of Possible Health Risk

Jack and the Green Sprouts, Inc. of River Falls, WI is recalling 5oz packages of Alfalfa sprouts that expired on 1/29/25 because they have the potential to be contaminated with *Listeria monocytogenes*, an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Although healthy individuals may suffer only short-term symptoms such as high fever, severe headache, stiffness, nausea, abdominal pain and diarrhea, *Listeria* infection can cause miscarriages and stillbirths among pregnant women.

FSIS Issues Public Health Alert For Chicken Empanada Products Due To Misbranding And Undeclared Allergen

WASHINGTON, Jan. 8, 2025 – The U.S. Department of Agriculture's Food Safety and Inspection Service (FSIS) is issuing a public health alert for frozen product labeled as Chicken Curry Empanadas due to misbranding and an undeclared allergen. The product labeled as Chicken Curry Empanadas may actually contain Apple Cinnamon Empanadas, which contain milk, a known allergen, that is not declared on the product label. FSIS is issuing this public health alert to ensure that consumers with allergies to milk are aware that this product should not be consumed. A recall was not requested because the affected product is no longer available for purchase.

Nail Factory Recalls Ineligible Frozen Siluriformes Fish Products Imported From Vietnam

WASHINGTON, Dec. 19, 2024 – NAIL Factory, the importer of record, located in Huntington Beach, Calif., is recalling approximately 1,635 pounds of ineligible frozen Siluriformes fish products that were produced by an establishment in Vietnam that is not eligible to export Siluriformes fish to the United States, the U.S. Department of Agriculture's Food Safety and Inspection Service (FSIS) announced today. Additionally, the products were not presented for import reinspection into the U.S.

New Age International Recalls 'Enoki Mushrooms' Due to Potential Health Risk

New Age International Inc of Brooklyn, NY 11206 is recalling its 200g packaged of Daily Veggies Enoki Mushroom, Product to Korea because they maybe contaminated with *Listeria Monocytogenes*, an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people and others with weakened immune systems. Although healthy persons may suffer only short-term symptoms such as high fever, severe headache, stiffness, nausea, abdominal pain, and diarrhea, *L. Monocytogenes* infection can cause miscarriages and stillbirths among pregnant women.

The recalled Enoki Mushrooms were distributed nationwide in retail stores. The product comes in a 200g, clear plastic package marked with UPC code 8809159458890 on the back label.

No illnesses have been reported to date in connection with this problem.

The contamination was discovered after samples were collected from a store in Baltimore, Maryland and subsequent analysis by State of Maryland Department of Health Laboratories Administration revealed the presence of *Listeria Monocytogenes* in some 200g packages of Daily Veggies Enoki Mushroom from Korea. Remaining products in the warehouse had been destroyed. Consumers who have purchased 200g packages of Daily Veggies Enoki Mushroom from October to November of 2024 are urged to destroy the products immediately or return them to the place of purchase for a full refund. Consumers with questions may contact the company at 718-808-1018.

Riverside Natural Foods Inc. Issues Voluntary Recall of Select MadeGood Granola Bar Products Over Potential Presence of a Piece of Metal

Chicago, Illinois, December 9, 2024 – Riverside Natural Foods Inc. is voluntarily recalling certain batches of MadeGood granola bars due to the potential presence of a piece of metal in the product, which, if consumed, may result in a safety hazard. The health and safety of our consumers is our highest priority. This recall is being initiated as a precautionary measure; no injuries have been reported.

Specific products impacted by this recall include the following MadeGood products: Chocolate Chip Granola Bars, Mixed Berry Granola Bars, Strawberry Granola Bars, Cookies & Crème Granola Bars, Chocolate Banana Granola Bars, Chocolate Drizzled Birthday Cake Granola Bars, Chocolate Drizzled Cookie Crumble Granola Bars, and Chocolate Drizzled Vanilla Granola Bars. Recalled products were produced between January and November 2024 and distributed throughout Canada, the United States and other international markets. Product UPCs and best by dates included in the recall can be found on the website [madegoodfoods.com](https://www.madegoodfoods.com).

Riverside has conducted an extensive investigation where the recalled products were manufactured and has identified the source of the issue in the manufacturing process. The company has remediated the issue and tested the new processes to ensure that any future risk is fully mitigated.

The company is conducting the voluntary recall with the knowledge of regulatory authorities and working closely with retailers for the removal of recalled products from store shelves.

Consumers who have purchased these products are asked to check them against the list and return the recalled product to the store where they bought it for a full refund.

The health and safety of our consumers is our highest priority. If you have questions regarding the recall, please contact the MadeGood Consumer Hotline at 855-215-5695 between 8am and 5pm EST. For more information, visit the MadeGood website.

Impacted product list can be found below:

December 9, 2024 – Voluntary Recalled Products:

*Items with a Z after the Best By Date are excluded from this recall [e.g., 10/14/2025 Z]
