

Class of 2025 Graduation

****Exciting News for Homeschool Seniors!****

Arundel Homeschoolers will no longer be hosting the annual Graduation Ceremony. We are pleased to announce that Cornerstone Tutorial has graciously agreed to take over hosting this event, ensuring that homeschool seniors still have the opportunity to celebrate their accomplishments with a beautiful ceremony. This graduation event is open to all homeschool seniors in Anne Arundel and surrounding counties, not just Cornerstone students.

While we will not require participants to sign a statement of faith, we do ask that you acknowledge and agree to be respectful of the presence of faith-based elements and guidelines that will be included in the ceremony.

****For Those Familiar with Arundel Homeschoolers Graduation:****

If you have previously experienced a graduation ceremony hosted by Arundel Homeschoolers, rest assured that Cornerstone will maintain a similar format and spirit for the event.

****For Those New to the Graduation Ceremony:****

To help ensure a successful and memorable ceremony, we will be holding a series of planning meetings that both a parent and the senior will be required to attend monthly. These meetings will serve as a platform for parents and seniors to get acquainted, make collective decisions regarding the ceremony, and provide updates on progress since the last meeting. Additionally, all parents will have roles and responsibilities to contribute to the organization of the graduation.
