Republicans are high priority because they hold the majority and are the most likely swing votes.

Democrats are lower priority as they are generally expected to vote no, but it's still good to contact them.

 Phone Call Script – SB 1632 & SB 1634

Hi, my name is [Your Name], and I'm a registered voter in Florida.

I'm calling to respectfully urge Senator [Last Name] to vote NO on SB 1632 and SB 1634 in committee.

These bills give a small number of government officials the power to designate organizations as terrorists while allowing evidence to be concealed. This concentration of authority is risky and could easily be politicized or abused.

I support keeping Florida safe, but these bills give too much unchecked power to a few officials. I ask the Senator to oppose these bills in committee to ensure any such powers are carefully reviewed and safeguarded.

Thank you for your time.

Optional tip for follow-up if staff asks for more:

Say:

"I'm concerned this legislation gives too much power to a small group of officials without sufficient transparency or oversight."

Keep it one sentence. Staffers are trained to take concise messages.

Dear Senator [Last Name],

I am a registered voter in Florida, and I am writing to respectfully urge you to vote NO on SB 1632 and SB 1634 in the Appropriations Committee on Criminal and Civil Justice.

While I support keeping Florida safe, these bills give too much unchecked power to a few officials. I ask that you oppose them in committee to ensure any such powers are carefully reviewed and safeguarded.

Thank you for your time and for your service to Florida.
