SPONSOR(S)	

TITLE	Amending Chapter 8 Stipends and Regulations
--------------	---

BACKGROUND

The purpose of this bill is to create necessary, exceptional changes to the Executive Vice President's bylaw, pertaining to making stipend amounts equal amongst all positions within the Executive Cabinet. During this

academic year, the Executive Vice President has added three new additional positions under the Office of the Executive Vice President that include the Senate Internship ‘ Director, Marketing Director, and Events Director. The Executive Vice President has not seen a stipend increase in more than four years and in recent years as well as this year, the Executive Vice President has added additional responsibilities that will continue to expand the duties of the EVP office as well as work to better support Senators, Senate Interns, EVP staff, as well as ASUCR as a whole. The new additional responsibilities of the Executive Vice President justifies a stipend for the Executive Vice President that is equal to the amount of the other Executive Cabinet positions.

The below bill will also equalize the pay gap between the Executive Vice President and the other four members of the Executive Cabinet. The origins of this stipend discrepancy stem from a time where the Executive Vice President was known as the Senate Chair. The EVP stipend has not been updated accordingly alongside the responsibility increases over the course of the past years.

Section 6.

Stipend Levels

(a) The "maximum stipend levels", as established by the Senate, shall be the base value upon which all stipends will be determined;

(b) The actual dollar amount paid to each stipend position shall be determined by the appropriate maximum stipend level as provided for in subsection (c) and (d) hereof, with the stipend being the percentage of the maximum level.

(c) The following shall be the stipend levels for the Officers of the Associated Students, based on the nine thousand nine hundred dollar (\$9,900) maximum level;
