- Trent and Deborah for allowing us to use their awesome facility
- Al, Mario, Donte, and anybody else that has helped with tech work at the barn over the years
- Carlos for doing lots of game testing and managing the vast majority of the game setups for all the tournaments I have run
- All of the people who have helped TD, especially earlier events when I was still learning what I was doing
- And a big thank you to everyone who helps volunteer! These events would never be possible without you guys!!
