7.	Principal Report	○ The Christmas concerts were amazing and a huge success. We are grateful for Mrs. B who put so much effort and time into them. They were wonderful. ○ We started our year off with a Liturgy where we came together as a school to pray for the 2025 calendar year and the rest of the school year. ○ Superintendent Germain came around and did the Epiphany blessing of the school. ○ This year is the Jubilee Year of Hope. We will as a school bring the Pope's message to ENDE. We are working on how we will do this exactly. ○ Dragon Fly presentation this month on Digital Safety ○ Christian Unity Week of Prayer Jan. 20-24th

School Council

- All grades are participating in both literacy and numeracy screeners. We have hired substitute teachers to assist with the implementation of the assessments and uploading of results.
- As a school we will look at literacy and numeracy intervention at a school level. Using a push-in model and hopefully additional pull-out intervention with the administration assisting.
- We are using a new data collection software called Dossier...it is quite user friendly and will assist in ensuring the data collected is used to guide instruction.
- LICA presentations are taking place.
- A new grant for Early Learning - inclusive equipment is being worked on by Central Office. Hopefully we will receive some new funding to our Preschool and Daycare.
- Division Assurance Surveys to begin today. They are all anonymous and digital. No more phone calls. We are no longer surveying grade 3 students. As a division we will start at gr. 4.
- School Ed. Planning Day is now on March 14th, wherein the PD day in June will be a school PD day. The school Educational Assurance Plan will be due in May, as opposed to September in years past.
