? Who You Are Now vs Who You Want to Be ?

- Now:
 - Either too confident, or too insecure
 - Takes excuses from himself..."cope"
 - o Is uuncomfortable im the unknown. He enjoys dojmg whats familiar
- Who You Want to Be:
 - A perfect mix of humble confidence
 - Extremely dissatisfied and mocing forward at full speed
 - But extremely confident in his capabilities: He knows he'll reach his goals
 - Someone who always finds a way to achieve his objective
 - He will force it into the universe with his bare hands if he has to
 - o somsome who liles the unknown, and thrives in it. Its his comfort zone

🔥 Your Reason Why 🔥

- For My Mom
 - Before she died, I watched her bust her ass day-in and day-out to give me an honestly spoiled life
 - Now, it's up to me to honor her legacy, and make people go, "Who raised him?"
 - One day, I'll reunite with her in heaven. She'll wear a big smile on her face, wrap her arms around me, and tell me how proud she is of the empire I built
 - If I never get copywriting to work, then I'll never be able to create a charity in her name
- For my girlfriend
 - o Because no girlfriend of mine should have to slave away at a job
 - No girlfriend of mine should have to work in a gas station with meth heads, perverts, and transgender weirdos

 Any girlfriend of mine should be able to have any pet, clothes, or vacation she wants

Proving Everyone Wrong

- Because my family laughed and mocked when I said I wanted to be a copywriter.... I need to prove them wrong
- I need to make enough money to buy 4 sports cars, take a picture of me in each
 of them, then send each picture (1 sports car per family member) with a text
 saying, "Not too bad for someone 'not cut out for sales'."

Legacy

- Because I want my kids, their kids, their kids, and so on to say, "Yep, he was a certified badass." And aim to be more successful than me
- I don't know much about my grandpas, or their dads. I refuse for that to be said about me. Everyone with the last name Kristiniak will know who Josh Kristiniak is

Fuck the matrix

- Because I REFUSE to destroy my body for a bunch of matrix-minded idiots sitting in a corporate office
- If I can go from jerking off daily, playing hours of videogames & watching YouTube everyday, to being a mega successful copywriter. Then, I will be an inspiration to young, aspirational men all over the world. I will do my part to break the matrix

Security

- With the world getting more and more dangerous, I need to keep my woman/women, kids, and other family members away from the slum that the general propulace will become
- I will not live in a pod and eat fucking bugs

- Collected yesterday's OR feedback
 - o Asked ChatGPT if there was a way it could do it for me... it said no
 - o Checked if MailSuite could speed up the process, doesn't look like it
- Scheduled about 50 FO messages (groups charlie and delta)
- Attempted to warm up my 2nd business email with snov.io...ran ino tech troubles there
- Began making the slideshow for my discovery call

Problems/mistakes encountered?

End day review:

Wins/Progress Made Towards Earning a Testimonial

- Scheduled a new discovery call for next Tuesday
- Spoke to my home furniture lead
 - He said he's too busy
 - Working on Aikidoing that objection
- Spoke To my fencing client
 - Post did not perform well, which from what it seems was a mix of his carelessness, and the algo screwing us
 - o Sucks this is being delayed, but it doesn't look like the relationship is over
- My focus was on-point today (despite my low-sleep this week)
- Got a not interested email response

Losses & How I Will Prevent Them From Happening Again

- Lead didnt show today
 - Not sure why. We built petty good rapport yesterday. Rhe only thing I can think is that he genuinely forgot/got busy
- The Sun's been waking me up much earlier than I like, lately
 - Tried black-out curtains, but that didn't work
 - So, next I'll be trying a face mask

Insights And How I Will Apply Them to Win More

•

What Worked Well and Will Be Repeated

• Using the kast 30-minutes at work, when there's nothing going on and everyone is winding down to start packing up, then reflect on ny day + plan my next

How I Can Improve My System to be More Productive

• I'm going to make a list of easy topics to talk about to build rapport with prospects, for situations like today where I had no idea what to say when I spoke to my window tinting lead

•
